Reds Continue Hit-And-Run Attacks

"HO-HUM, warm weather like this can sure make a fella drowsy," seems to be the feeling of this occupant at the Cleveland Zoo. Sibera, a polar bear, found the temperature near the 20-mark Tuesday after a record low of minus 8 on Monday. (UPI Telephoto)

SAIGON (AP) — Communist troops kept up slashing, hit-and-run attacks today to maintain the initiative they have displayed since the New Year's truce ended eight days ago.

In one major attack, North Vietnamese raiders blasted a number of U.S. Army helicopters with satchel charges at Kontum airfield, 260 miles northeast of Saigon. But in another assault, the Communists took a bloody beating.

Enemy assault troops covering the demolition squad fired wildly into the tents of soldiers defending the airstrip, killing seven Americans and wounded 25. The GIs charged out as the first rounds went off, and later counted the bodies of 14 uniformed North Vietnamese within the compound.

The U.S. Command would not say how many helicopters were destroyed or damaged but said damage was "moderate." This indicated a sizable number were destroyed or damaged heavily.

The 57th Army Aviation Company is stationed at Kontum in the central highlands, but it was not known if all its 25 helicopters—"Huey" troop carriers and gunships—were on the flight line when the attack began at 3 a. m.

An officer who flew into Kontum later said the enemy also got into the aviation company's motor pool "and destroyed a number of vehicles."

North Vietnamese regulars or Viet Cong guerrillas also hit allied positions north and west of Saigon and in the Mekong Delta, inflicting almost as many casualties on civilians as on the military defenders.

One attack was disastrous for some 350 North Vietnamese and Viet Cong who tried to wipe out a battalion of the U.S. 25th Infantry Division bivouacked 31 miles northwest of Saigon but 105mm howitzers firing "killer juniors" cut down the attackers in waves.

Associated Press Correspondent George Esper reported from Cu Chi that at least two of the six howitzers in the overnight perimeter were charged with the delayed action "killer juniors" and fired so the shells would burst 20 feet above the incoming enemy.

The U.S. Command said 70 of the Communists—a fifth of the force—were killed before the Reds broke off the attack after five hours of fighting. American casualties were five killed and 28 wounded.

Elsewhere in the war:

Poor weather continued over North Vietnam Tuesday, but U.S. pilots used radar to attack the Kep airfield 38 miles northeast of Hanoi and an army barracks complex 20 miles north west of the North Vietnamese capital.

The South Vietnamese Command reported that allied forces killed 2,868 enemy troops in the South last week—a record. The previous high was 2,774 for the week ending last March 25.

Gen. Leonard F. Chapman Jr., the new commandant of the Marine Corps, visited the big Marine base at Da Nang.

In Saigon, President Nguyen Van Thieu said his government has no plans to extend the 48-hour truce it has scheduled for Tet, the Vietnamese New Year at the end of January.

2 Houses Rocked By Explosion In Reading Tragedy

BULLETIN

READING, Pa. (AP) — An explosion shattered two houses on Tuesday night, killing nine persons.

Firemen, working all night, pulled the bodies from the tangled, blackened wreckage. Some were burned beyond recognition.

READING, Pa. (AP) — Five persons were known dead and five others missing in an apparent gas explosion that rocked two houses Tuesday night, police reported.

Police confirmed five bodies were pulled from the debris early today, but were not immediately identified.

A Reading hospital spokesman tentatively identified one as Robert Stanislaw, a child of Mr. and Mrs. Frank Stanislaw, residents of one of the dwellings.

The blast at 11:30 p.m. destroyed the attached brick homes of Stanislaw and Robert Geiser. Neighbors said the Geiser home had six occupants including Geiser, his wife, three children and his mother or mother - in - law. Stanislaw's wife and daughter still were believed trapped in the rubble.

Police said Stanislaw, 48, was treated for shock at Community General Hospital and released in the care of relatives.

Smith Urges Increase In Income Tax

CHARLESTON (AP) — Gov. Hulett C. Smith asked the 1968 West Virginia Legislature today to increase the state's personal income, cigarette and gasoline taxes and to exempt the first 35 cents of a purchase from the retail sales tax.

These were the chief items of tax legislation requested by the governor in his "State of the State" message, delivered before a Senate-House joint meeting on opening day of the 30-day regular session.

Smith estimated the proposals would amount to a net increase of $19 million in yearly revenue. He ticketed $11 million of the amount for financing higher teacher pay and $8 million for highways.

He also asked the lawmakers to approve for submission to the state's voters in the November election three proposed bond issue amendments to the State Constitution. They total $500 million.

Zero, Snow And Ice

Winter Hits U.S. With New Blows

By The Associated Press

Winter heaped new weather miseries on the country today, scattering snow with zero cold in the Northeast, glazing highways in the south and stinging the plains with still another arctic chill.

The bitter siege of snow, ice and record cold claimed 74 lives since Saturday in a variety of weather-related circumstances ranging from traffic accidents to exposure.

Shortages of natural gas used to heat homes developed Tuesday in part of New England in the wake of some of the coldest weather in 40 years. Residents of South Portland, Maine, were without heat Tuesday and gas shortages also were reported in Manchester and Concord, N.H.

The Southern Connecticut Gas Co. cut back gas to four industries to fill increased demands by homes in Bridgeport.

Although the intense cold which gripped the region Tuesday eased somewhat today, a new batch of subzero temperatures rolled eastward across the northern states toward the Northeast.

Snow fell through much of the Northeast during the night. Accumulations ranged up to 3 inches in parts of New York and New England. The snow was scattered westward into the Great Lakes region as well.

Temperatures again fell below freezing across the Southeast, and rain turned to a treacherous mixture of freezing drizzle and sleet from northern Georgia to Virginia. Icing conditions extended across all of North Carolina to within a few miles of the coast.

Some western North Carolina communities were reported "locked in" by icy roads. State police requested that travel be limited to emergency traffic only in the northern inland section of the state.

The storm of ice which began in the Southwest Tuesday glazed Georgia from Atlanta northward. Numerous power failures were reported throughout the Atlanta metropolitan area as ice-coated tree limbs crashed down, dragging utility lines with them.

Far to the West the same storm system met a wave of cold weather in the southern plains and glazed portions of Texas and Oklahoma. Much of Texas still had not recovered from a sleet and ice storm which hit the state last weekend.

The southeastern Oklahoma town of Kiowa became a temporary boomtown Tuesday night when more than 150 motorists became stalled by the ice on U.S. 69. Police estimated early today some 100 trucks alone in a three-mile line of stalled or blocked vehicles along the hilly road.

New Officers Are Named By Wellsville's Chamber

Charles R. Donaldson was named president of the Wellsville Chamber of Commerce during the annual dinner meeting Tuesday at American Legion Post 70.

Donaldson, of 429 Main St., operator of the Modern Shoppe, a women's wear store, has been active in Chamber and community affairs for a number of years.

Others elected were: Lloyd Rhodes, first vice president; David Brookman, second vice president; L. H. Keay, treasurer; Joe M. Hall, executive secretary, and William L. Bush, Brookman, Robert Mellinger and Dwight Russell, directors.

Climaxing the evening was a hard-hitting speech by Jerry Knight, executive secretary of the Citizens Planning Council of Youngstown.

Knight, former city hall reporter for the Youngstown Vindicator, attacked half - measures and impersonal actions toward municipal redevelopment and struck out against what he called short - sighted businessmen and prejudiced suburbanites who refuse to help solve the problems of increasing traffic

39,000-Man Draft Hints Higher Calls

40,000 Or More Seen Likely For April, May, June

WASHINGTON (AP) — Pentagon sources say the 39,000-man draft call announced for March is a sign of things to come this spring and summer—with monthly manpower requests of about 40,000 or more likely in April, May and June.

Last year's draft summons in the same four-month period averaged only about 15,300 per month.

As one manpower planner put it in describing the upswing: "We're dealing entirely with mechanics here."

The mechanics are that the Army is now in the midst of what the Pentagon calls a major replacement cycle involving the rotation out of service of thousands of men drafted when the Southeast Asia buildup was launched.

By August replacement needs will really be soaring. The reason: In August 1966, when U.S. manpower for the war was escalated, 36,600 men were ordered to duty, followed by 37,300 in September, 49,200 in October and 37,600 in November.

Those men will be ending their two-year tours this fall, and the Pentagon has to allow about five months for the induction process and training in lining up ready replacements. Thus, March inductees actually will be August replacements.

Pentagon planners say it would be somewhat misleading to try to project 1967's April, May and June manpower needs simply by looking at the draft calls of September, October and November 1966. This is because enlistments and re-enlistments—over which the Pentagon has no control—help determine replacement needs and because the overall planned level of the armed forces must be considered.

The Army strength stood at 1.47 million at the last accounting Nov. 30. A new force level may be set for the fiscal year beginning July 1.

Probe By Grand Jury Termed 'On Schedule'

LISBON — The Columbiana County Grand Jury was on schedule when it assembled at 9 a. m. today to continue its investigation of criminal matters.

Prosecuting Atty. J. Warren Bettis said the panel of eight women and seven men heard 26 witnesses in 15 cases yesterday after being sworn in by Judge Raymond S. Buzzard in Common Pleas Court.

The prosecutor said more than 50 cases are to be considered. The jury will not report until next week.

World's 5th Transplant Patient Dies

Ex-Fireman, 57, Claimed Following Brooklyn Surgery

NEW YORK (AP) — Louis Block, the world's fifth heart transplant recipient, died today just 10 hours after a surgical team had implanted a much smaller woman's heart into the 170-pound man.

Maimonides Medical Center in Brooklyn said the death occurred at 4:35 a.m. and attributed it to the "pumping capacity of the transplanted heart and the poor condition of the lungs due to the patient's long standing heart disease."

A hospital statement said, "It is with a deep sense of regret that we must report the loss of our heart transplant patient. He was a brave and courageous man whose only real opportunity for life was through this procedure."

Block, a 57-year-old retired fireman, was put on the hospital's critical list at 12:40 a.m. when the hospital noted doctors were having "difficulty in maintaining his blood pressure." He was reported in "reasonably satisfactory condition" shortly after the surgery.

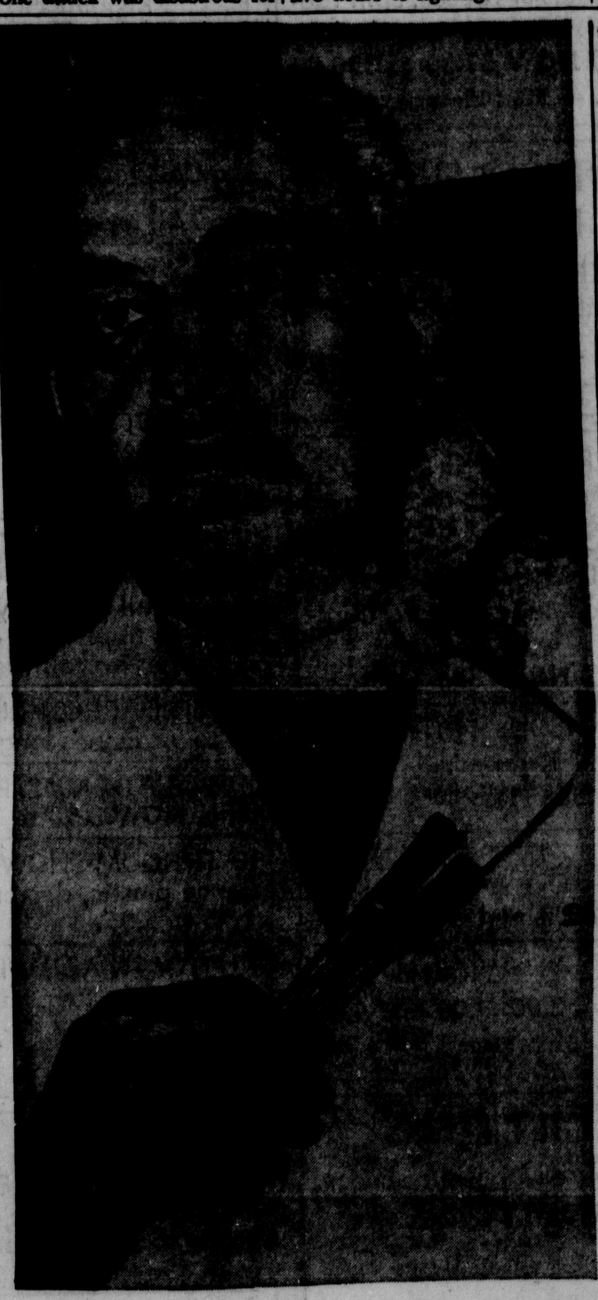

The hospital released word of the death at about 6:30 a.m. Its statement said, "It was an invaluable effort by the medical team" headed by Dr. Adrian Kantrowitz—the second transplant the team has performed.

It was the fifth such operation in 37 days. "Much has been learned from this experience and we still hold out great hope for this procedure in patients with severe heart disease," said the statement.

Kantrowitz, speaking to newsmen after the 8-hour-and-20-minute operation, indicated that the relative size of the two hearts—donor's and recipient's—could cause difficulty. "We have had some problems," he said.

Young Enters Sheriff's Bid On May Ballot

Forrest Young of Salineville RD 2, a veteran rural law enforcement officer in southeastern Columbiana County, filed Tuesday afternoon with the County Election Board to seek the Democratic nomination for sheriff in the May 7 primaries.

Young has served 13 years as Franklin Township constable and is in his third year as a Wayne Township constable. He also has been marshall of Summitville village for 11 years.

President of the Franklin Township volunteer fire department, Young is employed as a salesman for the Englehart Farm Supply Co. of Atwater. A native of Tennessee, he has been a resident of Columbiana County since 1950. He is married and the father of two daughters.

Sheriff Russell J. VanFossan, the Republican incumbent, filed Monday to bid for a fourth term.

10 True Bills Returned By Hancock Grand Jury

A Weirton resident charged with three breaking and enterings, one while he was lodged in the Hancock County jail at New Cumberland, is among 10 against whom true bills were returned by the January term of the Hancock grand jury Tuesday.

Cleveland C. Deans, 20, of 1935 Ridge Ave. was charged on three counts — entering the Dunbar Elementary School at Weirton Jan. 1, 1967, and stealing equipment valued at $435; entering the Hancock Health Department in New Cumberland Nov. 26 and stealing $4,108 worth of equipment and supplies, and taking assorted items from a storage room at the jail while he was lodged there.

The jail entry was revealed only after the indictment was returned by the jury Tuesday afternoon. The equipment, valued at $143.16, consisted of two sheets, 10 towels, seven pillowcases, a chemical mace, one deputy hat, two hat badges, two shirts and one pair of trousers.

Chief Deputy Arnie Durham said Deans removed the items from a room within the confines of a locker - shower room used by the male inmates. Deans, as a trusty, was permitted to use the room.

Durham reported Deans apparently hid the goods and then turned them over to visitors.

Originally Deans was scheduled to appear before the September term of the grand jury on the school entry, but the jury was handed the case yesterday morning by Prosecutor Floyd R. Tarr.

Districting Bill Given Fast Action

Being Drafted For Swift Introduction In Ohio Assembly

COLUMBUS, Ohio (AP) — A bill to clear one hurdle in Ohio's current congressional districting dilemma is being drafted for speedy introduction when the legislature convenes next week.

House Government Operations Committee Chairman Charles Fry R-9 Clark told a joint redistricting subcommittee Tuesday the treasure would fix a flexible filing deadline for 1968 congressional and national convention delegates.

Fry said the measure would be presented to the subcommittee at its next meeting on Friday for a possible vote. The legislature, facing a Jan. 26 federal court deadline to pass a redistricting plan, convenes Monday night.

Under the measure, the filing deadline for congressional and convention candidates would be extended from Feb. 7 to 20 days from the date a new plan is approved by a federal court. The Feb. 7 deadline would be retained for all other candidates and the May 7 primary election date would remain intact.

A three-judge federal court in Cleveland can approve, alter, or reject any plan submitted by the legislature. It retained jurisdiction when it ruled each district must be virtually equal in population. A recent U. S. Supreme Court decision held there is too much variation in present districts.

Fry and Sen. Robin T. Turner R-14 Marion, chairman of the Senate Elections, Commerce, and Labor Committee, presided over the joint subcommittee's first meeting which resulted in agreement on a set of guidelines.

The guidelines would permit variation in district populations of 2.5 per cent, and up to 4 or 5 per cent to preserve county lines. A plan submitted to the legislature earlier by Gov. James A. Rhodes and Atty. Gen. William Saxbe would allow no more than one-half of one per cent.

But most lawmakers rejected the Rhodes-Saxbe plan because it cut across county and township lines and made most of the present districts virtually unrecognizable.

Some townships would never know or see their congressman if this plan were approved," Fry said.

Other guidelines agreed on by the subcommittee call for

Districting Bill Given Fast Action

Being Drafted For Swift Introduction In Ohio Assembly

COLUMBUS, Ohio (AP) — A bill to clear one hurdle in Ohio's current congressional districting dilemma is being drafted for speedy introduction when the legislature convenes next week.

House Government Operations Committee Chairman Charles Fry R-9 Clark told a joint redistricting subcommittee Tuesday the treasure would fix a flexible filing deadline for 1968 congressional and national convention delegates.

Fry said the measure would be presented to the subcommittee at its next meeting on Friday for a possible vote. The legislature, facing a Jan. 26 federal court deadline to pass a redistricting plan, convenes Monday night.

Under the measure, the filing deadline for congressional and convention candidates would be extended from Feb. 7 to 20 days from the date a new plan is approved by a federal court. The Feb. 7 deadline would be retained for all other candidates and the May 7 primary election date would remain intact.

A three-judge federal court in Cleveland can approve, alter, or reject any plan submitted by the legislature. It retained jurisdiction when it ruled each district must be virtually equal in population. A recent U. S. Supreme Court decision held there is too much variation in present districts.

Fry and Sen. Robin T. Turner R-14 Marion, chairman of the Senate Elections, Commerce, and Labor Committee, presided over the joint subcommittee's first meeting which resulted in agreement on a set of guidelines.

The guidelines would permit variation in district populations of 2.5 per cent, and up to 4 or 5 per cent to preserve county lines. A plan submitted to the legislature earlier by Gov. James A. Rhodes and Atty. Gen. William Saxbe would allow no more than one-half of one per cent.

But most lawmakers rejected the Rhodes-Saxbe plan because it cut across county and township lines and made most of the present districts virtually unrecognizable.

Some townships would never know or see their congressman if this plan were approved," Fry said.

Other guidelines agreed on by the subcommittee call for

'Wild Scene' Televised By Surveyor 7

PASADENA, Calif. (AP) — Narrowly missing a dangerous rock with what a space official called "divine guidance" Surveyor 7 settled down gently on the moon Tuesday night and televised the wildest scene yet found by U.S. lunar probes.

The three-legged craft, last of a $500-million series which has already certfied four equatorial sites as safe for astronaut landing, was on a purely scientfic mission to the 15,000-foot crater Tycho near the south-central edge of the lunar disc.

Given at best a 43 per cent chance of success, the unmanned Surveyor 7 surprised scientists by making an almost flat landing on a crater-pocked, boulder-strewn plateau not far from a ragged ridge 18 miles north of Tycho's rim.

Between the craft and the rim was a desolate scene, reminiscent of the crater Copernicus photographed earlier by lunar orbiters.

Pictures televised shortly after touchdown showed a landscape littered with rocks ejected from miles deep when the 50-mile wide Tycho was formed by a meteor impact ages ago.

John G. Starkey Given New Office At Potters Bank

John G. Starkey was elevated from assistant cashier to assistant vice president during Tuesday's annual meeting of the board of directors at the Potters Bank and Trust Co.

It was the only change in the board.

The other officers are M. W. Thompson, chairman; Gordon E. Starkey, president; C. M. Chambers, cashier and secretary; H. W. Johnston, vice president; Donald R. McGillivray, vice president; Lester B. Jones, assistant cashier; Clarence L. Weaver Jr., assistant cashier, and L. H. Keay, assistant cashier and manager of the organization's Wellsville branch.

The Corlorado River is sometimes called the "Nile of America."

EAST FAIRFIELD — Sunday at 6:30 p. m. will mark the beginning of a three - week study course sponsored by the WSCS and conducted by Mrs. Katherine Sells. It will be held every Sunday night.

A general meeting of the WSCS will be held Tuesday at 10 a. m., with dresses to be made for children in Burundi, Africa. The dresses will be sent to Miss Meryl Esenwein, a missionary there under the World Gospel Mission.

A soup luncheon will be furnished under the direction of Mrs. Lois Peppel, Mrs. Winifred Gorby and Mrs. Evelyn Morris. Mrs. Mary Whitten will lead devotions.

Friendly Circle of the WSCS met, with Mrs. Pauline Chamberlain and Mrs. Pearl Baker co-hostesses.

Group 3 was in charge of the coverdish dinner. Mrs. Anna Albright led devotions. Mrs. Bertha Esenwein screened slides of Africa, sent by her daughter, Miss Meryl Esenwein, a missionary there.

A white elephant gift exchange was held among the 22 present.

Thomas Crook and Miss Jessie Bailey of Canton were weekend guests of his parents, Mr. and Mrs. Charles Crook.

Chop suey did not originate in China — but, according to available records, was first concocted in New York City in 1894 by a chef in a Chinese restaurant there.

Penalty Given To 3 Drivers

Three motorists were fined today in Municipal Court on traffic charges filed by the Ohio Highway Patrol and local police and another forfeited an appearance bond.

Larry F. Long, 19, of 221 W. 8th St. was fined $10 and costs by Judge Samuel M. Chertoff after he pleaded guilty to a charge of illegal auto registration. Long said he was driving a car owned by his father with tags issued for another auto his father previously owned.

Long was ordered to pay court costs on a second charge of operating an auto without tail lights. He was cited this morning at 12:28 on Dresden Ave. by Patrolmen James Buckley and James Woods.

John E. Porter, 19, of 2119 Chester Ave., Wellsville, was fined $25 and costs on a charge of operating an auto with tags issued for another car. He was cited by the patrol Sunday on Route 7.

Eva Mae McCuen of 305 Harrison St., Newell, was fined $10 and costs on a charge of crashing a stop sign at the junction of County Rd. 428 and State Route 170 at Calcutta. She was cited by the patrol Tuesday at 10:28 p. m.

Harold F. Grinder, 40, of Barberton forfeited a $32.50 bond on a patrol charge of speeding 85 miles an hour in a 70-mile zone on the Freeway. He was cited Dec. 30 at 12:45 p. m.

A hearing is due Monday for Margaret Louise Doughty, 34, of 1049 Avondale St., cited by the patrol last Monday at 7:50 p. m. on a charge of speeding 50 miles an hour in a 35-mile zone on St. Clair Ave. Ext.

WORLD ALMANAC FACTS

The amount (principal and interest) still owed to the United States from loans made to 17 friendly nations during World War I was over $21 billion as of June 1967. The amount of the original debt was $12 billion. In 1953, the United States agreed that no further payments need be made until final settlement of German World War I reparations, a settlement precluded as long as Germany is divided.

Wargo's Office Lists December Activities

LISBON — John P. Wargo, Columbiana County recorder, reports his office last month recorded 339 deeds with a consideration of $1,358,090, 194 mortgages ($1,989,395), and 188 mortgage cancellations ($1,455,116).

Other instruments recorded in December were:

Leases, 51; service discharges, 39; federal tax liens, 14; federal tax releases, 10; surety bond releases, 9; plats, 6; unemployment compensation lien, 4; power of attorney, 3, and mechanic's lien and personal tax release, 1 each.

Court Rejects Ferry Claims

BEAVER — Beaver County Judge Ralph Scalera has dismissed a petition from the Shippingport Ferry Co. for appointment of viewers to assess damages claimed by the firm as a result of construction of the Shippingport Bridge.

The ferry company said its business was destoryed by the bridge which was opened to traffic in 1964.

In reviewing similar cases, Judge Scalera said the provisions of the state's eminent domain act do not allow for damages in this case.

He said in his opinion the state in providing an alternate route across the Ohio River had no duties to guaranteee continued patronage for the ferry.

Dodge, the United States Defense Department spacecraft, was the most sophisticated of the 250 American satellites in orbit as of November 1967. Dodge carries spare parts and can repair itself electronically.

Waste No Pity On Poor Britain

Many of us have been murmuring about "poor Britain" as we read about harsh measures to cut spending to fit the cloth of a shrinking empire.

We should waste no pity on "poor Britain."

We should save our sorrow for poor America, now doing what the world-girdling British did when they still boasted that the sun never set on their empire.

We are seeing the United States spread thin in every continent and every nation, including opportunities to redress the international balance of power wherever we think it is getting out of kilter.

We are watching our government and our economy become underwriters for investments in ever continent and ever nation, including some that hardly can wait for an excuse to seize the result.

U. S. militarism has penetrated every part of the globe, from the poles to the jungles. Paced by big spenders who long ago learned to talk in billions and now are trilling the sound of trillions, the American people have been encouraged to think there is no limit to public spending — that dollars never will come to an end.

There is a limit. The dollars will come to an end.

The government admits this when it talks about an unfavorable balance of international trade and runs a multi-billion-dollar operating deficit in its own operation.

The government admits this when it wishes its citizens would stay home for awhile and hope more foreigners might come to visit the United States.

The United States is over-extended.

Its people have been hoisted into a blue-sky euphoria by air-borne leadership that has lost touch with reality.

The United States has been all accelerator and no brakes so long it doesn't even sound outlandish when its leaders tells taxpayers they must pull their belts tighter so it can live in the high style to which its free spenders have grown accustomed.

Everybody is out of step but Washington.

Waste no pity on the belt-tightening British. They saw the end of this buggy ride coming on.

With a little luck, Americans might be able to do something, too. The theory of representative democracy still is that no money can be spent without congressional action and the lower house of Congress is elected every two years to keep it responsive to the public will.

Let's pity poor America and do something before national bankruptcy signifies it's too late.

Let's make the big spenders quit biting off more than they can chew and force them to spit out some of the unchewable propositions they're choking on.

Looking Ahead

The Ohio Board of Regents has placed the fate of a future new building for Kent State University's academic center here in the hands of Gov. Rhodes who will decide if a $25 million higher education package will be tacked onto the Governor's $265 capital improvements proposal.

If the Governor agrees, whether the building will be erected will be up to the voters.

The Board of Regents still has some $1.5 million of the original $2.5 million allotted for higher education in Columbiana County. The controversy and delay over a proposed community college resulted in substantial inroads upon those funds for higher education programs elsewhere.

With an additional $1 million if the bond issue is approved by the voters, the Kent State Centers at Salem and East Liverpool would be assured of new facilities.

Transfer of the Kent classes and offices to the present East Liverpool High School building in the fall, after the new high school is placed in use, will give Kent a vastly improved and centralized operation.

But it is imperative to look to the future when the high school building will not be meeting Kent requirements any more than it has been meeting high school student needs for the past several years.

The Dog And The Lab

Use of dogs for medical research has been invaluable in the development of new treatments, medicines and surgical techniques, and should be continued if properly humane procedures are employed.

However, the proposed sale of dogs taken into custody by the Columbiana County dog warden to a Pittsburgh laboratory posed some problems, and the county commissioners correctly reversed their decision to permit the practice.

The plan was contrary to Ohio law which requires direct sale to state certified non-profit institutions, so as to avoid any dealer handling of dogs which would be without supervision of humane society authorities.

Pet owners became concerned over this latest incentive to take "stray" dogs in tow, fearing their own animals might be sent away without sufficient opportunity to retrieve them. Sportsmen also wondered about the hazard for valuable hunting dogs who have lost their collars in the brush and perhaps wander for some time in the field.

The Salem Humane Society, in its discussions with the commissioners about the dog situation, referred to the unusually high number of dogs destroyed at Wellsville — 70 to 80 a month.

The total of dogs reported killed in Wellsville has declined sharply since new records keeping was instituted late in the fall, and only 41 were destroyed in the November-December period. The animals are to be put to death in the same manner as the county's system — with carbon monoxide fumes — but this might be investigated by city officials.

Dogs must be controlled, and dogs without owners should be destroyed if owners cannot be found for them .But the county taxpayers are not willing to risk their pets, their hunting dogs and even "strays" for the possible mistreatment with a dog dealer.

Man's best friend should still help out in the lab, but under a system which insures him against suffering and his owner against unwarranted grief.

Junk The Junkets

Thanks to the Johnson administration policies, the Amercan dollar is in trouble. This is most difficult for the public to understand as we have been frequently told that this could not happen.

The President is attempting to be all things to all people, both at home and abroad. It is about time for a change in our international attitude. Let's become realistic and at the same time nationalistic. Let's worry about the United States instead of the obscure and ill-conceived "nations" of Africa and Asia.

To prevent, limit, or even tax foreign travel while continuing the foreign give-away programs, the Peace Corps, the overstaffed embassies, is pure rot.

If the President is serious about travel restrictions he should issue an edict restricting all foreign travel of senators and congressmen. Savings therefrom wouldn't be sufficient to materially affect the adverse balance of payments, but it would at least indicate that our legislators are serious about solving the problem.

We all know these junkets are purely for fun and not for so-called "investigation."

TRUMAN TWILL

Purely Personal Observations

It has been four years since the advisory committee to the U.S. Surgeon General made its spooky report on the bad effects of cigarette smoking. In 1967, Americans smoked an average of 20 cigarettes each for every person 18 years old or older. One can only wonder if the Great Good Government knows why.

I personally will yelp long and loud if an attempt to curb foreign travel with a tax is made. A tax would mean nothing to the rich, everything to the rest of us. A limit on taking dollars out of the country would be fair, on the other hand, and it should start with the Defense Department.

Or, as the woman said when told the Post Office had run out of one-cent stamps after knowing for months the one-centers would be needed when postage was boosted, "If we ran private enterprise like this, we'd be put out of business by an angry public."

For U.S. Rep. Adam Clayton Powell is touring the country to meet with "soul brothers." It would be a refreshing twist if he were told by some members of his race that it takes more to be a "soul brother" than a skin of the same color.

If education for living were the universal rule, every kid in school would learn the seriousness of breaking and entering an occupied residence after dark and what happens to a person convicted of a felony, such as never being able to hold an important public office or vote in an election.

High-level preoccupation with getting to the moon on time and killing Communists on the other side of the world is in the same category of escapism as an old lady in our family tree who reacted to every crisis by sitting down in a quiet corner and starting to crochet a washcloth.

Frederico Allesandrini, editor of O'Osservatore della Domenica, which reflects the views of the Vatican, has made it clear the Roman Catholic Church and the Johnson administration are irreconcilably split on our government's "holy war" in Vietnam. The Vatican, which should know, does not see it that way.

Whether reports of Ho Chi Minh's death are true is a matter of conjecture, but I find it more interesting to do my conjecturing from the other direction. Do people like Ho Chi Minh, Benito Mussolini, Chiang Kai-shek, Joseph Stalin, Adolf Hitler and so on ever live, or are they fabrications of political manipulators?

A reader I never have seen writes frequently on stationery that always is a different color and size, and I am wondering how this can be done. The last box of stationery I owned lasted for years and I tired of its sameness long before it was used up.

Nothing gives me the willies (and nothing should give all of us the willies) like beer cans, wine jugs and whisky bottles scattered along highway berms, ghastly evidence of drivers who slow down their reflexes then go hunting for traffic victims at high speed.

'I Think I Hear Those Gentle Voices Calling!'

VICTOR RIESEL

The High Cost Of Striking

of that urbane wit, Labor Secretary Williard of that urbsne wit, Labor Secretary Willard Wirtz, (stolen from this columnist) is the the tale of the egotistical lion who goes roaring through the underbrush, asking in a loud voice, "Who is the king of the jungle? The monkey says, "You are, sir" So does the impala. But the huge elephant, irritated, hurls the inquiring beast against a rock.

Victor Riesel

Unsteadily, the lion turns towards the mastodon and says plaintively, "Just be cause I ask a question, you don't have to get mad."

Well, Mr. Wirtz has not yet asked a single question and the leaders of labor are already ruffled. Wirtz and Secretary of Commerce Alexander Trowbridge, the Cabinet's two most suave figures, have been "instructed" by President Johnson to head off all those "crippling work stoppages," scheduled for 1968.

They can't fulfill the assignment. But they'll try. And they'll have to try alone. The President has virtually phased out the old Labor-Management Advisory Committee. He's using a stronger offense by throwing his Cabinet members into the game.

No one can head off the horrendously costly strikes this year wthout invoking court injunctions.

OF THE FOUR million workers whose contracts expire this year, there are some 500,000 communication employes led by a determined Joe Beirne, several hundred thousand rail workers and at least 185,000 coal miners who are headed by an angry Tony Boyle.

Add this to the fermenting aerospace, waterfront and steel industries, throw in the copper strike now in its sixth month, and you have a pack of political and economic dynamite.

The President wants it defused. That's his word to Wirtz and Trowbridge.

What troubles the President is the awesome direct cost of labor-management jousting — not just the deluge of imports when one of our industries is missing, but the actual direct cost.

Few realize that Reuther's union spent $42 million on the Ford strike and a few smaller stoppages during September, October and November. And he still has some $43 million with which to back up "local" General Motors stoppages.

Not a minor matter is the loss of some $223.6 million in wages by Ford employes. The Ford company reckons that the nation was hit for $2 billion as a result of that 60-day walkout.

The tax income on such amounts would have made the Treasury Dept.'s days much brighter.

And then there is the "smaller" copper (nonferrous) strike. It's already cost the 26-union combine some $25 million in strike relief and other expenses. Wage losses are close to $160 million, it is estimated.

TOTAL LOSS to the struck states, industries and workers is well over $380 million. And it has hit communities ranging from Bisbee, Ariz., and Tacoma, Wash., to Perth Amboy, N. J. The wage loss in the latter city at two refineries alone is estimated at $2 million monthly.

And these are small stakes, costly as they are, compared to what will be on the table if the waterfront and the steel industry are shut down next September or October.

Just how the new team of Wirtz and Trowbridge will mastermind and quarterback the assignment and block those strikes is difficult to predict.

They face Siemiller who shut down the airlines and railroads in the past two years; Reuther who was all set to paralyze General Motors; the longshoremen's Teddy Gleason who, politely enough, rejected a flat request from the late Jack Kennedy to unfreeze the Atlantic and Gulf ports back in 1962; and the quiet man, "Ambassador" I. W. Abel, head of the steel union.

The latter, despite all the public talk of his inclination towards arbitration, has told his colleagues he's "sick of the White House's refusal to permit them to strike."

So Wirtz and Trowbridge will do their smoothest best. But they will fail unless the unions are granted record new wage and fringe packages running into many billions.

So sooner or later the President will have to be his own business agent.

I twon't be easy, what with being a presidential candidate at the same time.

Money, the President will find, as Harry Truman once told this correspondent in the hours before he seized the steel mills, is the root of all upheavalo n the industrial front.

Odd Facts

John Galsworthy's most important work was his series of novels about the Forsyte family. The main character, Soames Forsyte, became so widely known that when he died (in a book) the London Times announced his death in its headlines.

More than 100,000 different kinds of plants depend upon the bee for their pollination. Without the bee, we should have no pit fruits, berries, pod vegetables, apples, pears, peaches, plums, cherries, apricots, raspberries, blackberries, currants, squash, melons, peas, alfalfa,

The fragrance of flowers is due to special essences or oils which the plants produce. These oils are complicated compounds of only two elements — carbon and hydrogen — and are known as volatile oils, since they escape readily into the air.

DAVID LAWRENCE

Actual Enemies

Evidence is mounting that the key to temporary cessation of fighting and later an end to the war in Vietnam doesn't rest with the Hanoi government alone but with Peking and Moscow as well.

Behind the scenes, both Communist governments are exerting pressure and telling the North Vietnamese what they can and cannot do.

Significant UPI dispatches have come recently from British sources. These confirm the role being played by the two principal Communist governments. Here is the sequence:

"London, Nov. 2 — North Vietnam's Communist allies have lost virtually all influence over the hardening regime in Hanoi, high diplomatic sources said today. Hardliners in the government of President Ho Chi Minh have intrenched themselves solidly, keeping even their closest allies in a state of uncertainty over military moves and political intentions.

"ANY APPROACH for compromise or peace negotiations has been all but banned in Hanoi. The Hanoi regime apparently feels it can play safe, keeping its allies at arms' length because the Soviet Union cannot afford to half support for her North Vietnamese friends. Any Soviet peace initiative in Hanoi now would be useless, sources say, because nobody apparently wants to listen."

But more than two months later the story, as it leaks out in Hong Kong — a British colony with access to Red China's government — is different. Red China's position now is given in a UPI dispatch as follows:

"Hong Kong, Jan. 6 — Communist China was reported today to have turned major diplomatic heat on North Vietnam to block any talks with the U.S. Diplomatic sources with contacts in Peking said the Chinese leadership cautioned the Hanoi regime not to make any hasty peace moves and has dispatched special emissaries to the North Vietnamese capital to reinforce the warning."

Because Red China is supplying war materal to North Vietnam, the Hanoi government cannot afford to alienate its Communist ally. Analysts of Chinese affairs are saying privately in Hong Kong that the Peking regime opposes any peace moves because of a belief that continued fighting will produce an even bigger drain on the American economy and that inevitably the Johnson administration will have to give way.

This is an erroneous impression, of course, but it seems to have been accepted by the Communists as logical. So, neither Moscow nor Peking sees any advantage in talking peace now.

The Hanoi government nevertheless seems to believe that eventually a cessation of hostilities would lead to an early withdrawal of American forces by stages.

IN THE END, the North Vietnamese think they would be able by infiltration to take over South Vietnam.

Thus, the difference of opinion between Hanoi, on the one hand, and Peking and Moscow, on the other, is doubtless based on what tactcs or tricky negotiations should be used to achieve the desired result.

Once the fighting stops, however, the North Vietnamese will discover that the United States will not get out of Vietnam any more than it abandoned the South Korea Republic in 1953. American military forces are still there, guarding the armistice line.

Most puzzling aspect of the whole problem is the apparent tendency of the U.S. government to ignore the part Peking and Moscow are playing in prolongation of the Vietnam War.

If the case were argued in the open, either through a debate in the United Nations or in the press of the world, the responsibility of both the Peking and Moscow governments would be exposed to view. A direct confrontation might at least show the hypocrisy of the Communist governments and the unwisdom of America's recent efforts to improve trade relations between Communist Countries and the United States by making "concessions."

The war can be ended by Moscow and Peking, but this is likely only when economic pressure is exerted by the American government and the whole world finally learns who are the real adversaries of the United States in Vietnam.

Waste No Pity On Poor Britain

Many of us have been murmuring about "poor Britain" as we read about harsh measures to cut spending to fit the cloth of a shrinking empire.

We should waste no pity on "poor Britain."

We should save our sorrow for poor America, now doing what the world-girdling British did when they still boasted that the sun never set on their empire.

We are seeing the United States spread thin in every continent and every nation, including opportunities to redress the international balance of power wherever we think it is getting out of kilter.

We are watching our government and our economy become underwriters for investments in ever continent and ever nation, including some that hardly can wait for an excuse to seize the result.

U. S. militarism has penetrated every part of the globe, from the poles to the jungles. Paced by big spenders who long ago learned to talk in billions and now are trilling the sound of trillions, the American people have been encouraged to think there is no limit to public spending — that dollars never will come to an end.

There is a limit. The dollars will come to an end.

The government admits this when it talks about an unfavorable balance of international trade and runs a multi-billion-dollar operating deficit in its own operation.

The government admits this when it wishes its citizens would stay home for awhile and hope more foreigners might come to visit the United States.

The United States is over-extended.

Its people have been hoisted into a blue-sky euphoria by air-borne leadership that has lost touch with reality.

The United States has been all accelerator and no brakes so long it doesn't even sound outlandish when its leaders tells taxpayers they must pull their belts tighter so it can live in the high style to which its free spenders have grown accustomed.

Everybody is out of step but Washington.

Waste no pity on the belt-tightening British. They saw the end of this buggy ride coming on.

With a little luck, Americans might be able to do something, too. The theory of representative democracy still is that no money can be spent without congressional action and the lower house of Congress is elected every two years to keep it responsive to the public will.

Let's pity poor America and do something before national bankruptcy signifies it's too late.

Let's make the big spenders quit biting off more than they can chew and force them to spit out some of the unchewable propositions they're choking on.

Looking Ahead

The Ohio Board of Regents has placed the fate of a future new building for Kent State University's academic center here in the hands of Gov. Rhodes who will decide if a $25 million higher education package will be tacked onto the Governor's $265 capital improvements proposal.

If the Governor agrees, whether the building will be erected will be up to the voters.

The Board of Regents still has some $1.5 million of the original $2.5 million allotted for higher education in Columbiana County. The controversy and delay over a proposed community college resulted in substantial inroads upon those funds for higher education programs elsewhere.

With an additional $1 million if the bond issue is approved by the voters, the Kent State Centers at Salem and East Liverpool would be assured of new facilities.

Transfer of the Kent classes and offices to the present East Liverpool High School building in the fall, after the new high school is placed in use, will give Kent a vastly improved and centralized operation.

But it is imperative to look to the future when the high school building will not be meeting Kent requirements any more than it has been meeting high school student needs for the past several years.

The Dog And The Lab

Use of dogs for medical research has been invaluable in the development of new treatments, medicines and surgical techniques, and should be continued if properly humane procedures are employed.

However, the proposed sale of dogs taken into custody by the Columbiana County dog warden to a Pittsburgh laboratory posed some problems, and the county commissioners correctly reversed their decision to permit the practice.

The plan was contrary to Ohio law which requires direct sale to state certified non-profit institutions, so as to avoid any dealer handling of dogs which would be without supervision of humane society authorities.

Pet owners became concerned over this latest incentive to take "stray" dogs in tow, fearing their own animals might be sent away without sufficient opportunity to retrieve them. Sportsmen also wondered about the hazard for valuable hunting dogs who have lost their collars in the brush and perhaps wander for some time in the field.

The Salem Humane Society, in its discussions with the commissioners about the dog situation, referred to the unusually high number of dogs destroyed at Wellsville — 70 to 80 a month.

The total of dogs reported killed in Wellsville has declined sharply since new records keeping was instituted late in the fall, and only 41 were destroyed in the November-December period. The animals are to be put to death in the same manner as the county's system — with carbon monoxide fumes — but this might be investigated by city officials.

Dogs must be controlled, and dogs without owners should be destroyed if owners cannot be found for them .But the county taxpayers are not willing to risk their pets, their hunting dogs and even "strays" for the possible mistreatment with a dog dealer.

Man's best friend should still help out in the lab, but under a system which insures him against suffering and his owner against unwarranted grief.

Junk The Junkets

Thanks to the Johnson administration policies, the Amercan dollar is in trouble. This is most difficult for the public to understand as we have been frequently told that this could not happen.

The President is attempting to be all things to all people, both at home and abroad. It is about time for a change in our international attitude. Let's become realistic and at the same time nationalistic. Let's worry about the United States instead of the obscure and ill-conceived "nations" of Africa and Asia.

To prevent, limit, or even tax foreign travel while continuing the foreign give-away programs, the Peace Corps, the overstaffed embassies, is pure rot.

If the President is serious about travel restrictions he should issue an edict restricting all foreign travel of senators and congressmen. Savings therefrom wouldn't be sufficient to materially affect the adverse balance of payments, but it would at least indicate that our legislators are serious about solving the problem.

We all know these junkets are purely for fun and not for so-called "investigation."

TRUMAN TWILL

Purely Personal Observations

It has been four years since the advisory committee to the U.S. Surgeon General made its spooky report on the bad effects of cigarette smoking. In 1967, Americans smoked an average of 20 cigarettes each for every person 18 years old or older. One can only wonder if the Great Good Government knows why.

I personally will yelp long and loud if an attempt to curb foreign travel with a tax is made. A tax would mean nothing to the rich, everything to the rest of us. A limit on taking dollars out of the country would be fair, on the other hand, and it should start with the Defense Department.

Or, as the woman said when told the Post Office had run out of one-cent stamps after knowing for months the one-centers would be needed when postage was boosted, "If we ran private enterprise like this, we'd be put out of business by an angry public."

For U.S. Rep. Adam Clayton Powell is touring the country to meet with "soul brothers." It would be a refreshing twist if he were told by some members of his race that it takes more to be a "soul brother" than a skin of the same color.

If education for living were the universal rule, every kid in school would learn the seriousness of breaking and entering an occupied residence after dark and what happens to a person convicted of a felony, such as never being able to hold an important public office or vote in an election.

High-level preoccupation with getting to the moon on time and killing Communists on the other side of the world is in the same category of escapism as an old lady in our family tree who reacted to every crisis by sitting down in a quiet corner and starting to crochet a washcloth.

Frederico Allesandrini, editor of O'Osservatore della Domenica, which reflects the views of the Vatican, has made it clear the Roman Catholic Church and the Johnson administration are irreconcilably split on our government's "holy war" in Vietnam. The Vatican, which should know, does not see it that way.

Whether reports of Ho Chi Minh's death are true is a matter of conjecture, but I find it more interesting to do my conjecturing from the other direction. Do people like Ho Chi Minh, Benito Mussolini, Chiang Kai-shek, Joseph Stalin, Adolf Hitler and so on ever live, or are they fabrications of political manipulators?

A reader I never have seen writes frequently on stationery that always is a different color and size, and I am wondering how this can be done. The last box of stationery I owned lasted for years and I tired of its sameness long before it was used up.

Nothing gives me the willies (and nothing should give all of us the willies) like beer cans, wine jugs and whisky bottles scattered along highway berms, ghastly evidence of drivers who slow down their reflexes then go hunting for traffic victims at high speed.

'I Think I Hear Those Gentle Voices Calling!'

VICTOR RIESEL

The High Cost Of Striking

of that urbane wit, Labor Secretary Williard of that urbsne wit, Labor Secretary Willard Wirtz, (stolen from this columnist) is the the tale of the egotistical lion who goes roaring through the underbrush, asking in a loud voice, "Who is the king of the jungle? The monkey says, "You are, sir" So does the impala. But the huge elephant, irritated, hurls the inquiring beast against a rock.

Victor Riesel

Unsteadily, the lion turns towards the mastodon and says plaintively, "Just be cause I ask a question, you don't have to get mad."

Well, Mr. Wirtz has not yet asked a single question and the leaders of labor are already ruffled. Wirtz and Secretary of Commerce Alexander Trowbridge, the Cabinet's two most suave figures, have been "instructed" by President Johnson to head off all those "crippling work stoppages," scheduled for 1968.

They can't fulfill the assignment. But they'll try. And they'll have to try alone. The President has virtually phased out the old Labor-Management Advisory Committee. He's using a stronger offense by throwing his Cabinet members into the game.

No one can head off the horrendously costly strikes this year wthout invoking court injunctions.

OF THE FOUR million workers whose contracts expire this year, there are some 500,000 communication employes led by a determined Joe Beirne, several hundred thousand rail workers and at least 185,000 coal miners who are headed by an angry Tony Boyle.

Add this to the fermenting aerospace, waterfront and steel industries, throw in the copper strike now in its sixth month, and you have a pack of political and economic dynamite.

The President wants it defused. That's his word to Wirtz and Trowbridge.

What troubles the President is the awesome direct cost of labor-management jousting — not just the deluge of imports when one of our industries is missing, but the actual direct cost.

Few realize that Reuther's union spent $42 million on the Ford strike and a few smaller stoppages during September, October and November. And he still has some $43 million with which to back up "local" General Motors stoppages.

Not a minor matter is the loss of some $223.6 million in wages by Ford employes. The Ford company reckons that the nation was hit for $2 billion as a result of that 60-day walkout.

The tax income on such amounts would have made the Treasury Dept.'s days much brighter.

And then there is the "smaller" copper (nonferrous) strike. It's already cost the 26-union combine some $25 million in strike relief and other expenses. Wage losses are close to $160 million, it is estimated.

TOTAL LOSS to the struck states, industries and workers is well over $300 million. And it has hit communities ranging from Bisbee, Ariz., and Tacoma, Wash., to Perth Amboy, N. J. The wage loss in the latter city at two refineries alone is estimated at $2 million monthly.

And these are small stakes, costly as they are, compared to what will be on the table if the waterfront and the steel industry are shut down next September or October.

Haswell Gets Leader Post At Industry

Donald Haswell of Ohio View was named chairman of the Industry Municipal Authority at the annual election Tuesday night.

Haswell succeeds Don Luster whose term had expired and who asked not to be reappointed to the authority.

Others elected were John Gregor, vice chairman, and William Marx, secretary-treasurer.

Marx succeeds Haswell. A new member, Earl Rankin, replaces Luster as a board member.

Charles Smith was re-elected assistant secretary - treasurer.

A discussion was held on a meeting scheduled tonight between the Ohio Township Water Authority and the Industry Water Authority with officials of Western Beaver High School. The group will discuss providing water for the school. The school has been hauling water for three months because the well is dry.

Haswell reported on a trip to Philadelphia where he and some of the authority members discussed the status of a federal grant for which the authority has applied.

The grant would come from the Housing Urban Development, and would be for expansion of the existing water system to adequately supply outlying areas of Industry Borough, including the area near Western Beaver High School. The group was assured by HUD officials that the application had been received, was in order and is waiting final approval.

Officers Seated By Realtors' Unit

SALEM — Adin Kauffman of Columbiana, past president of the Columbiana County Board of Realtors, installed officers-elect at the board's dinner meeting Tuesday at Timberlanes Steak House.

The officers are Bruce Herron of Salem, president; Warren Brown of Salem, vice president, and Clyde M. Tschantz of Lisbon, secretary.

Herron and Tschantz were authorized to attend the Ohio Association of Real Estate Boards' training conference for presidents and secretaries Jan. 18 at Columbus.

Jame R. Allen of Canfield, a surveyor, talked on the history of surveying from the days of chain and compass to the modern aerial surveys and electronic measuring devices.

The next meeting will be Feb. 13.

Beaver Plans Inspection Of Three Spans

BEAVER—The Beaver County Commissioners have authorized Michael Baker Jr. engineers to conduct a complete inspection of three of the county's largest bridges.

The spans are the Fallston Bridge, the 10th St. Bridge at Beaver Falls and the Aliquippa-Ambridge Bridge.

Commissioners received a first quarter grant of $8,232 for the county's mental health-retardation program, and $6,194 from the Office of the Aging for completion of a special senility study at the County Hospital.

The commissioners also received $3,270 from the Brush Creek Methodist Church for the O'Dell House which was located in South Beaver Township near the County Airport and moved to church property.

Bids for general office supplies were received from four firms, and are to be tabulated.

Parked Car Damaged By Mishap In East End

A parked car was damaged when hit by a tractor - trailer rig Tuesday afternoon on Pennsylvania Ave. near Walters St., police reported.

The 1961 four - door sedan owned by Walter Kernaich of 1620 St. George St. was hit on the left side by a rig driven by Steve Winston King, 20, of Pine Knot, Ky., and owned by Derman King, also of Pine Knot, officers said. There was slight damage to a fender of the tractor.

Police said King did not stop after his rig sideswiped the car, but a radio message was flashed to the Midland police department and he was intercepted there. No charges were filed immediately.

Fall Injures Area Woman

A Stratton woman injured in a fall Tuesday was admitted to City Hospital, where five other area residents were treated.

Mrs. Andrew Prosko of Stratton is in "fair" condition with a possible cerebral concussion suffered in the fall.

Treated were Mrs. Leo Wilson of 214 W. Drury Ln., a contusion of the right hip suffered in a fall down steps at home; Mrs. Harold Farnsworth of Hammondsville, contusions of the fingers in a garage door.

Winston Coburn Jr. of 2609 St. Clair Ave., a puncture wound of the scalp in a fall against a stone wall; Donnie Barrett of the YMCA employed by the Transcon Lines, injury to the left arm while unchaining steel in Michigan; David E. Scott, son of Ernest Scott of 1315 Boyce Ave., Wellsville, a finger injury while sledding.

Heart

(Continued from Page 1)

N.J., was "rather small—about half of the size we would have thought best," he said. She weighed less than 100 pounds, he said.

Because of this, the heart could not maintain the body's circulation by itself, Kantrowitz said, and an auxiliary pump was brought into use. The doctors thus performed two bold procedures in the same operation.

Kantrowitz described it as a balloon pump, a balloon inserted into the main artery which inflates and deflates, pulsed to the beat of the heart, to force blood through the heart and the rest of the body. It is attached to an exterior pump.

"We will use it as long as we have to," Kantrowtz said. The pump, a new device, has been used for as long as five days so far in other heart cases.

Meanwhile, preparations for another heart transplant operation were under way at Baptist Memorial Hospital in Oklahoma City, the Daily Oklahoman reported.

The world's first heart transplant came on Dec. 3 when Dr. Christiaan N. Barnard of Groote Schuur Hospital, Cape Town, South Africa, gave the heart of a young female accident victim to Louis Washkansky, 53, who died of pneumonia after 2 days.

Three days after that operation, Dr. Adrian Kantrowitz made the second transplant, this time with infant boys. The baby who received the heart from a baby with fatal brain damage died 6½ hours after the operation.

In Cape Town, Dr. Barnard's second heart recipient, Dr. Philip Blaiberg, a white dentist, received the heart of a mulatto man, Clive Haupt, on Jan. 2. Blaiberg has been progressing well.

Then in Stanford, Calif., last Saturday, Stanford University surgeon Dr. Norman Shumway took the heart of a 43-year-old woman who died of a stroke and gave it to Mike Kasperak, a 54-year-old steel worker.

Kasperak was in critical condition today.

Despite the problems raised by the difference in heart size, Kantrowitz said, a decision to go ahead with the operation was made because the blood types of the two individuals matched "so perfectly" that the chances of natural rejection were lessened.

Kantrowitz said Block had had several heart attacks and suffered from severe heart failure. The donor, Miss Krouch had a "rapidly expanding brain tumor," he said.

Miss Krouch went into unconsciousness Monday at Barnert Memorial Hospital in East Paterson and was brought to Maimonides early Tuesday. She died about noon, and the operation began.

In East Paterson, the donor's father said his daughter commented, while watching a television program on transplants last Sunday, "If I knew I was going to die, I'd like my heart to be used to save somebody's life."

Kasperak Improving, But Remains Critical

STANFORD, Calif. (AP) — The world's fourth heart transplant patient, Mike Kasperak, was able to sit up and dangle his legs over the edge of his bed at Stanford Medical Center today, doctors said.

They advised the exercise to maintain circulation.

Kasperak's condition was listed as critical "but improving" on the fourth day after his operation, following complications and a setback. The fifth such operation was performed Tuesday at Maimonides Hospital in Brooklyn, N.Y.

The 59-year-old steelworker's condition has been considered satisfactory until Monday, when internal bleeding developed. Physicians said six pints of blood were transfused.

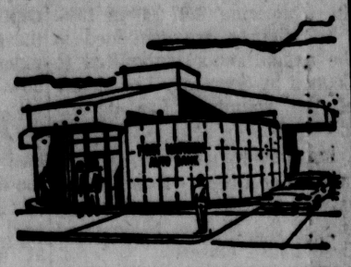

"Gastro-intestinal bleeding has stopped, and liver and kidney functions have slightly improved," the bulletin said.

Meanwhile the body of Mrs. Virginia White, 43, donor of the heart transplanted to Kasperak, was buried in Palo Alto.

"This was a humble yet famous thing, a history-making event," said the Rev. Watten R. Cheatham of the Church of Christ to 250 persons in a funeral home chapel.

Haswell Gets Leader Post At Industry

Donald Haswell of Ohio View was named chairman of the Industry Municipal Authority at the annual election Tuesday night.

Haswell succeeds Don Luster whose term had expired and who asked not to be reappointed to the authority.

Others elected were John Gregor, vice chairman, and William Marx, secretary-treasurer.

Marx succeeds Haswell. A new member, Earl Rankin, replaces Luster as a board member.

Charles Smith was re-elected assistant secretary - treasurer.

A discussion was held on a meeting scheduled tonight between the Ohio Township Water Authority and the Industry Water Authority with officials of Western Beaver High School. The group will discuss providing water for the school. The school has been hauling water for three months because the well is dry.

Haswell reported on a trip to Philadelphia where he and some of the authority members discussed the status of a federal grant for which the authority has applied.

The grant would come from the Housing Urban Development, and would be for expansion of the existing water system to adequately supply outlying areas of Industry Borough, including the area near Western Beaver High School. The group was assured by HUD officials that the application had been received, was in order and is waiting final approval.

Officers Seated By Realtors' Unit

SALEM — Adin Kauffman of Columbiana, past president of the Columbiana County Board of Realtors, installed officers-elect at the board's dinner meeting Tuesday at Timberlanes Steak House.

The officers are Bruce Herron of Salem, president; Warren Brown of Salem, vice president, and Clyde M. Tschantz of Lisbon, secretary.

Herron and Tschantz were authorized to attend the Ohio Association of Real Estate Boards' training conference for presidents and secretaries Jan. 18 at Columbus.

Jame R. Allen of Canfield, a surveyor, talked on the history of surveying from the days of chain and compass to the modern aerial surveys and electronic measuring devices.

The next meeting will be Feb. 13.

districts to be compact and contiguous and for recognition where possible of "natural and geographic" boundaries. Others call for the preservation of city boundaries and consideration of ethnic and cultural factors in the shaping of new districts.

Members said after approving the guidelines that each should begin considering the problem individually with the hope general agreement might be reached before the return of the full legislature.

Beaver Plans Inspection Of Three Spans

BEAVER—The Beaver County Commissioners have authorized Michael Baker Jr. engineers to conduct a complete inspection of three of the county's largest bridges.

The spans are the Fallston Bridge, the 10th St. Bridge at Beaver Falls and the Aliquippa-Ambridge Bridge.

Commissioners received a first quarter grant of $8,232 for the county's mental health-retardation program, and $6,194 from the Office of the Aging for completion of a special senility study at the County Hospital.

The commissioners also received $3,270 from the Brush Creek Methodist Church for the O'Dell House which was located in South Beaver Township near the County Airport and moved to church property.

Bids for general office supplies were received from four firms, and are to be tabulated.

Parked Car Damaged By Mishap In East End

A parked car was damaged when hit by a tractor - trailer rig Tuesday afternoon on Pennsylvania Ave. near Walters St., police reported.

The 1961 four - door sedan owned by Walter Kernaich of 1620 St. George St. was hit on the left side by a rig driven by Steve Winston King, 20, of Pine Knot, Ky., and owned by Derman King, also of Pine Knot, officers said. There was slight damage to a fender of the tractor.

Police said King did not stop after his rig sideswiped the car, but a radio message was flashed to the Midland police department and he was intercepted there. No charges were filed immediately.

Long's Peak, in the Colorado Rockies, was scaled for the first time in August, 1960.

Fall Injures Area Woman

A Stratton woman injured in a fall Tuesday was admitted to City Hospital, where five other area residents were treated.

Mrs. Andrew Prosko of Stratton is in "fair" condition with a possible cerebral concussion suffered in the fall.

Treated were Mrs. Leo Wilson of 214 W. Drury Ln., a contusion of the right hip suffered in a fall down steps at home; Mrs. Harold Farnsworth of Hammondsville, contusions of the fingers in a garage door.

Winston Coburn Jr. of 2609 St. Clair Ave., a puncture wound of the scalp in a fall against a stone wall; Donnie Barrett of the YMCA employed by the Transcon Lines, injury to the left arm while unchaining steel in Michigan; David E. Scott, son of Ernest Scott of 1315 Boyce Ave., Wellsville, a finger injury while sledding.

Heart

(Continued from Page 1)

N.J., was "rather small—about half of the size we would have thought best," he said. She weighed less than 100 pounds, he said.

Because of this, the heart could not maintain the body's circulation by itself, Kantrowitz said, and an auxiliary pump was brought into use. The doctors thus performed two bold procedures in the same operation.

Kantrowitz described it as a balloon pump, a balloon inserted into the main artery which inflates and deflates, pulsed to the beat of the heart, to force blood through the heart and the rest of the body. It is attached to an exterior pump.

"We will use it as long as we have to," Kantrowtz said. The pump, a new device, has been used for as long as five days so far in other heart cases.

Meanwhile, preparations for another heart transplant operation were under way at Baptist Memorial Hospital in Oklahoma City, the Daily Oklahoman reported.

The world's first heart transplant came on Dec. 3 when Dr. Christiaan N. Barnard of Groote Schuur Hospital, Cape Town, South Africa, gave the heart of a young female accident victim to Louis Washkansky, 53, who died of pneumonia after 2 days.

Three days after that operation, Dr. Adrian Kantrowitz made the second transplant, this time with infant boys. The baby who received the heart from a baby with fatal brain damage died 6½ hours after the operation.

In Cape Town, Dr. Barnard's second heart recipient, Dr. Philip Blaiberg, a white dentist, received the heart of a mulatto man, Clive Haupt, on Jan. 2. Blaiberg has been progressing well.

Then in Stanford, Calif., last Saturday, Stanford University surgeon Dr. Norman Shumway took the heart of a 43-year-old woman who died of a stroke and gave it to Mike Kasperak, a 54-year-old steel worker.

Kasperak was in critical condition today.

Despite the problems raised by the difference in heart size, Kantrowitz said, a decision to go ahead with the operation was made because the blood types of the two individuals matched "so perfectly" that the chances of natural rejection were lessened.

Kantrowitz said Block had had several heart attacks and suffered from severe heart failure. The donor, Miss Krouch had a "rapidly expanding brain tumor," he said.

Miss Krouch went into unconsciousness Monday at Barnert Memorial Hospital in East Paterson and was brought to Maimonides early Tuesday. She died about noon, and the operation began.

In East Paterson, the donor's father said his daughter commented, while watching a television program on transplants last Sunday, "If I knew I was going to die, I'd like my heart to be used to save somebody's life."

After Staggering Figures In 1966

Chester Fire Loss Drops To $11,395 During '67

Chester's fire loss totaled only $11,395 during 1967, far below the staggering $207,000 in 1966. The figures are contained in the annual report submitted to Council by Secretary Lee Haney of the volunteer fire depart-

The 1966 figure resulted from two major fires — those at the West Central School building and at the Nickles bakery and [illegible] house blazes.

—:—

The 54 alarms answered during 1967 included 12 auto fires and 11 residential calls. Two [illegible] and two residential blazes [illegible] outside the city.

Grass or brush and trash [illegible] brought 10 alarms, half of which were outside the city. [illegible] more alarms were sounded during drills.

Three rescue calls were answered, one outside the city limits. There were three false alarms, two outside the city. Public utilities outside the city limits sent off one alarm, while [illegible] commercial calls were answered, three in the city. There was one industrial call. Two alarms were termed miscellaneous.

Of the 54 alarms, 30 were [illegible] calls, 8 were "still alarms" and 14 were outside the city.

In observing its mutual aid pacts with area departments, the volunteers answered three calls for assistance, raising the number of out-of-city calls to 17.

Haney said 34 men responded to the alarms and man-hours totaled 714.

—:—

THE TWO major fires during 1967 occurred on March 16, when a furniture truck burned on Carolina Ave. with a loss of $9,000, and on April 15, when the home of William Roush on Alba Ave. burned with a loss of $3,250. Total damage for all others calls was $145.

The department's inspection committee conducted 81 investigations, while officers made 14 inspections. Nine major violations were reported and checked and one repair order was issued by Chief Alton Johnson. Seven investigations are continuing.

Turning to membership, Haney said one man retired, three resigned, one was suspended, five completed probation and three more were placed on probation. Total membership now stands at 23.

During the year the department spent more than $2,000 of its funds for new equipment and general department improvements.

—:—

PURCHASES included four M.S.A. air packs and spare air tanks, six new bunker suits, a two - way radio for the squad car, hose bed covers for both trucks and, in cooperation with Council, a new floor was installed in the garage.

The department made a major acquisition with the purchase of a 1967 station wagon for use as a squad car. The major contribution listed by the department from the city was the purchase of a "Jet-X" high expansion foam generator. It now is in service.

Four more members, Haney reported, completed the state's basic training program, making the department eligible for state certification. Members also took part in the regional fire school at Wheeling, the tri - county school in Ohio, the West Virginia state fire school at Morgantown and several schools sponsored by the United Hancock County Firefighters Association.

The department reported the annual fair a success and called the parade held the week following the fair "the finest ever held in Chester." The community Christmas tree was erected again and decorated by the department. The members assisted "Santa Claus" in treating children of the community.

Haney said one arson investigation was undertaken by the officers, resulting in the conviction of two juveniles.

Officers during the year were: Johnson, chief; George A. Allison, assistant chief; Donald W. Reed, captain, and Haney, secretary.

Council praised Haney for the "most complete report yet" from the department.

Commissioners Get Annexation Plan From Salem

LISBON — The Salem Board of Education and Virgil and Dorothy Whinnery seek the annexation of 20.85 acres to the city of Salem.

Columbiana County commissioners received the petition Monday and set Feb. 29 for viewing the property and March 14 for a public hearing in their office at the Courthouse.

The land lies southeast of the city limits. It is in the southern half of Section 5 of Perry Township and abuts the proposed easterly extension of Merle Rd.

A new elementary school is under construction on the school board's 14.95 acres north of Merle Rd. (to be extended), while Mr. and Mrs. Whinnery own the remaining 5.9 acres south of Merle Rd.

No reasons for the requested annexation are given.

Commissioners set a hearing for Jan. 25 at 2 p. m. for the proposed widening and improvement of County Rd. 401 (Homeworth - Alliance Rd.) and Township Rd. 804 (Bowman Rd.).

They will hear claims for damages sustained on account of said improvements at 2 p.m. Feb. 15 in their office. Claims must be filed in writing with the commissioners on or before the hearing.

Killed In Vietnam

WASHINGTON (AP)— Army Cpl. Gene A. Polito of Cleveland has been killed in action in Vietnam, the Defense Department said Tuesday. He previously was listed as missing.

Camp Fire Girl News

Plans were advanced for the annual father - daughter dinner when the Bluebird committee of Kinoka Council met at the Camp Fire offices.

Mrs. Charles Keuper, chairman, said reservations must be in by Feb. 6 for the Feb. 13 event at St. Aloysius Parochial School. She will be assisted by Mrs. Robert Apel, Mrs. Thomas Piatt, Mrs. Lyle Foster and Mrs. Joseph Coons.

Mrs. W. G. Billingsley, chairman, announced the program committee of Kinoka Council will meet Thursday at 9:30 a.m. in the council offices. Plans will be made for future programs.

The committee includes Mrs. Charles Keuper, Mrs. Jack Talbott, Mrs. E. H. Harris and Mrs. Bessie Wathey.

The smallest of the woodwind musical instruments and the highest in pitch is the piccolo. Its most important use is in military and concert bands.

During Luncheon Meeting

Quota Club Makes Plans To Present Lecture Here

The annual financial report was presented by Mrs. Evelyn Exley, treasurer, during the luncheon meeting of the Quota Club Tuesday afternoon at the Travelers Hotel.

Mrs. Lois McHenry, ways and means chairman, announced tentative arrangements have been made to sponsor Earl Neff, a lecturer on unidentified flying objects, in March at Westgate School.

Members were reminded to turn in proceeds from the calendar project and Mrs. Marie Hays asked for money outstanding from the sale of fruit cakes and pecans.

In a report on the Speech and Hearing Clinic, which the group sponsors at Westgate School, Miss Phyllis Crook said a ninth therapist has been added. Dr. William Weidner is assisted by Mrs. Patricia Dukes.

A letter was read from Miss Jane Snow, recipient of the Citizens Scholarship Foundation grant, informing the club she is an editor of the Kent State University Review.

The club granted a leave of absence to Mrs. Mildred McKim, who is leaving for three months in Florida.

Mrs. Margaret Locke, program chairman, announced plans have been completed for the annual inspection by Mrs. Ruth Sivey of Alliance, governor of District 6. The 6:30 p.m. dinner will be held Feb. 27 at the hotel.

Miss Selma Ladzinske, vice president, presided.

The next session will be Jan. 23 at Mary Patterson Memorial, with Mrs. Ethel Webb hostess. Mrs. Mary McCullough will present a program on "Tombstone Rubbing."

The largest waterway in Italy is the Po River, which is about 420 miles long. Almost every other river in northern Italy is a branch of the Po.

After Staggering Figures In 1966

Chester Fire Loss Drops To $11,395 During '67

Chester's fire loss totaled only $11,395 during 1967, far below the staggering $207,000 in 1966.

The figures are contained in the annual report submitted to Council by Secretary Lee Haney of the volunteer fire department.

The 1966 figure resulted from two major fires — those at the vacant Central School building and at the Nickles bakery and three house blazes.

—:—

THE 54 alarms answered during 1967 included 12 auto fires and 11 residential calls. Two auto and two residential blazes were outside the city.

Grass or brush and trash blazes brought 10 alarms, half of which were outside the city. Five more alarms were sounded during drills.

Three rescue calls were answered, one outside the city limits. There were three false alarms, two outside the city. Public utilities outside the city touched off one alarm, while four commercial calls were answered, three in the city. There was one industrial call. Two alarms were termed miscellaneous.

Of the 54 alarms, 30 were regular calls, 8 were "still alarms" and 14 were outside the city.

Observing its mutual aid pacts with area departments, the volunteers answered three calls for assistance, raising the number of out-of-city calls to 17.

Haney said 34 men responded to the alarms and man-hours totaled 714.

—:—

THE TWO major fires during 1967 occurred on March 16, when a furniture truck burned on Carolina Ave. with a loss of $9,000, and on April 15, when the home of William Roush on Alba Ave. burned with a loss of $2,250. Total damage for all others calls was $145.

The department's inspection committee conducted 81 investigations, while officers made 14 inspections. Nine major violations were reported and checked and one repair order was issued by Chief Alton Johnson. Seven investigations are continuing.

Turning to membership, Haney said one man retired, three resigned, one was suspended, five completed probation and three more were placed on probation. Total membership now stands at 23.

During the year the department spent more than $2,000 of its funds for new equipment and general department improvements.

—:—

PURCHASES included four M.S.A. air packs and spare air tanks, six new bunker suits, a two - way radio for the squad car, hose bed covers for both trucks and, in cooperation with Council, a new floor was installed in the garage.

The department made a major acquisition with the purchase of a 1967 station wagon for use as a squad car. The major contribution listed by the department from the city was the purchase of a "Jet-X" high expansion foam generator. It now is in service.

Four more members, Haney reported, completed the state's basic training program, making the department eligible for state certification. Members also took part in the regional fire school at Wheeling, the tri - county school in Ohio, the West Virginia state fire school at Morgantown and several schools sponsored by the United Hancock County Firefighters Association.

The department reported the annual fair a success and called the parade held the week following the fair "the finest ever held in Chester." The community Christmas tree was erected again and decorated by the department. The members assisted "Santa Claus" in treating children of the community.

Haney said one arson investigation was undertaken by the officers, resulting in the conviction of two juveniles.

Officers during the year were: Johnson, chief; George A. Allison, assistant chief; Donald W. Reed, captain, and Haney, secretary.

Council praised Haney for the "most complete report yet" from the department.

Commissioners Get Annexation Plan From Salem

LISBON — The Salem Board of Education and Virgil and Dorothy Whinnery seek the annexation of 20.85 acres to the city of Salem.

Columbiana County commissioners received the petition Monday and set Feb. 29 for viewing the property and March 14 for a public hearing in their office at the Courthouse.

The land lies southeast of the city limits. It is in the southern half of Section 5 of Perry Township and abuts the proposed easterly extension of Merle Rd.

A new elementary school is under construction on the school board's 14.95 acres north of Merle Rd. (to be extended), while Mr. and Mrs. Whinnery own the remaining 5.9 acres south of Merle Rd.

No reasons for the requested annexation are given.

Commissioners set a hearing for Jan. 25 at 2 p. m. for the proposed widening and improvement of County Rd. 401 (Homeworth - Alliance Rd.) and Township Rd. 804 (Bowman Rd.).

They will hear claims for damages sustained on account of said improvements at 2 p.m. Feb. 15 in their office. Claims must be filed in writing with the commissioners on or before the hearing.

Killed In Vietnam

WASHINGTON (AP)— Army Cpl. Gene A. Polito of Cleveland has been killed in action in Vietnam, the Defense Department said Tuesday. He previously was listed as missing.

Camp Fire Girl News

Plans were advanced for the annual father - daughter dinner when the Bluebird committee of Kinoka Council met at the Camp Fire offices.

Mrs. Charles Keuper, chairman, said reservations must be in by Feb. 6 for the Feb. 13 event at St. Aloysius Parochial School. She will be assisted by Mrs. Robert Apel, Mrs. Thomas Piatt, Mrs. Lyle Foster and Mrs. Joseph Coons.

Mrs. W. G. Billingsley, chairman, announced the program committee of Kinoka Council will meet Thursday at 9:30 a.m. in the council offices. Plans will be made for future programs.

The committee includes Mrs. Charles Keuper, Mrs. Jack Talbott, Mrs. E. H. Harris and Mrs. Bessie Wathey.

The smallest of the woodwind musical instruments and the highest in pitch is the piccolo. Its most important use is in military and concert bands.

During Luncheon Meeting

Quota Club Makes Plans To Present Lecture Here

The annual financial report was presented by Mrs. Evelyn Exley, treasurer, during the luncheon meeting of the Quota Club Tuesday afternoon at the Travelers Hotel.

Mrs. Lois McHenry, ways and means chairman, announced tentative arrangements have been made to sponsor Earl Neff, a lecturer on unidentified flying objects, in March at Westgate School.

Members were reminded to turn in proceeds from the calendar project and Mrs. Marie Hays asked for money outstanding from the sale of fruit cakes and pecans.

In a report on the Speech and Hearing Clinic, which the group sponsors at Westgate School, Miss Phyllis Crook said a ninth therapist has been added. Dr. William Weidner is assisted by Mrs. Patricia Dukes.

A letter was read from Miss Jane Snow, recipient of the Citizens Scholarship Foundation grant, informing the club she is an editor of the Kent State University Review.

The club granted a leave of absence to Mrs. Mildred McKim, who is leaving for three months in Florida.

Mrs. Margaret Locke, program chairman, announced plans have been completed for the annual inspection by Mrs. Ruth Sivey of Alliance, governor of District 6. The 6:30 p.m. dinner will be held Feb. 27 at the hotel.

Miss Selma Ladzinske, vice president, presided.

The next session will be Jan. 23 at Mary Patterson Memorial, with Mrs. Ethel Webb hostess. Mrs. Mary McCullough will present a program on "Tombstone Rubbing."

Expected To Receive Contract

Steubenville Firm Low On Hancock Jail Razing

A Steubenville firm, the apparent low bidder, is expected to be awarded the contract for demolition of the present Hancock County Jail at New Cumberland.

Five bids were studied by the Hancock commissioners at their meeting Tuesday night.

Milan Vukelic General contracting of Steubenville, agreeing to complete the work in less than 30 days, submitted a bid of $4,200 for work on the structure, which is to be razed so construction can begin at the same site for a new jail which will cost at least $350,000.

—:—

THE FIVE bids received were one less than in December when two commissioners voted to reject the proposals. At that meeting the low bid was $5,840 from the Demolition and General Contracting Co. of Follansbee.

Another Follansbee firm was among the bidders last night in the Courthouse.

Carl Kafton bid $6,000 for the work, agreeing to complete it in 60 days.

Other bidders were: Casey Building Wreckers of Pittsburgh, $8,727, the highest bid; Billy Pryor of Weirton, $6,900, completion in 30 days, and United Excavating of Youngstown, $4,321, with completion 20 days after the award of a contract.

—:—

EXPLAINING his action during the December meeting, Court President Jack Evans said he disqualified himself since his employer, Matthew Phillips of New Cumberland, was bidding on the work.

"I disqualified myself because there was a conflict of interest," Evans explained. He pointed out there is no conflict in this instance and noted Kafton's partner, Paul W. Jones, was the low bidder in December, and added, "I'm not trying to disrupt the proceedings."

"But you came out smelling like a rose," he told Commissioner William C. Graham of Grant District.

During the December meeting it was Graham who twice refused to give a second to Commissioner Edward M. Nogay's motion to accept Jones' bid as the lowest.

Last night however, the lowest bid was $1,600 below the lowest in December, and prompted Evans' remark.

During last month's meeting Nogay seconded Graham's motion to reject the bids—"only to resolve the stalemate." All the action came after the three commissioners conferred privately in the hallway of the Courthouse after opening the bids.

—:—

LAST NIGHT Graham offered no reason for his motion last month to reject the bids. The commissioners said then all the bidders appeared qualified to perform the work.

"I just want it to be known I moved to accept the lowest bid last time and I moved to accept the lowest bid again tonight," Nogay declared.

Graham said he is "well-satisfied" with the outcome of the second round of bids and noted he saved the county $1,600.

No date has been set for razing the structure. Arrangements are being made with Brooke and Ohio counties to lodge prisoners in their jails during the period when the old structure is torn down and the new facility constructed.

Commissioners will accept bids for the new jail construction Jan. 19.

The court is looking into the possibility of investing some county funds in local banks, since all monies available are not always needed and could be producing interest for the county. commissioners reported last night.

—:—

MEETING with seven representatives of the Bank of Weirton, Peoples Bank, Citizens Bank and First National Bank, all at Weirton, Prosecutor Floyd R. Tarr explained the West Virginia code relative to the matter.

Tarr pointed out the law allows county funds to be deposited in two types of accounts —demand and time — and added it must be made with the county's depositories.

The bankers suggested the county might do well to invest in government bills, but Tarr said the code, as he sees it, provides funds must be handled in the county's depositories.

Nogay told the bankers the commissioners are looking for an expression "as to when the county could deposit funds and the time over which interest may be paid."

The bankers, Andrew McLaughlin, Alex Bellas, D. N. Thomas, Fred Hippert, Sam Kusic, Bob Mentzer and George Molnar, told commissioners six months would be the shortest period of time available, and if some of the funds were drawn before that time, all interest on the investment would be lost.

Nogay explained seven months ago the commissioners "put away" some of the money for the new jail, but feel it could be drawing interest.

"Many feel when we're handling $700,000 to $1,000,000, and some of it could be invested," Nogay added.

—:—

THE COURT noted about 70 per cent of the taxes are paid in September and October and the remaining 30 per cent in January and Febrary, but there always is a certain amount available which won't be needed until the end of the year.

Nogay suggested the banks form a committee to study the problem and make recommendations to the court.

Tarr reported shortly they would ask that the Peoples Bank and Bank of Weirton increase their bond by an additional $400,000. He added, the amount deposited in the time accounts of banks still could not exceed the total for which the bank is bonded.

Evans said the county probably would be safe in investing $200,000 at least six months.

"But we have no idea how to divide the deposits," he added, "and we are seeking advice."

If the funds were deposited in the time accounts, the bankers said 30 days notification would be required before a withdrawal could be made. The men also suggested the commissioners might want to consider borrowing from the local banks if the funds were deposited, so that withdrawals would not be required and interest could be maintained.

To deposit some funds, Tarr noted, the consent of the various departments to which they were allotted would be needed.

The banks will report to the commissioners during the next meeting.

In other action, commissioners approved the appointment of registrars for voting. Seventy - two attended classes in the Courthouse Tuesday.

Vito Catenaro was named commissioner of accounts until March 1.

Police Seek Motorist Involved In Accident

Icy roads at dusk were blamed for an accident on Route 168 in Ohioville Borough Tuesday at 6:35 p. m.

Police are searching for a pickup truck with Ohio license plates, the third vehicle in the mishap. The woman operator left the scene.

Mary Rolya of 49 Grandview Ave., Midlandview, operating a 1965 sedan, skidded into guardrails when she attempted to halt behind a school bus.

John Granito, 22, of 345 Midland Ave., Midland, driving a 1965 sedan, then slid into her car and hit the guardrails, police said. The truck then hit the Granito car after striking a mailbox and the guardrails.

James Dunlap and Leo LeFebvre investigated. They say they have part of the license number of the truck. The school bus was not hit.

tempted to rob Anthony Guidara.

David Hugh Thompson is charged with the theft of a car belonging to Betty Ghenne Nov. 21.

Larry J. Osburne was named in an indictment for the robbery of the home of Jessie Janet Beaver in which a guitar, amplifier, .22-caliber rifle and portable radio, with a total value of $398, were taken.

Keith Backus is charged with the breaking and entering of the home of Lois Rice and allegedly taking records, a watch, shaver, girdle, diary and box camera, having a total value of $91.

Samuel Lee Rose was indicted for the unarmed robbery of Luigi Contumelio Dec. 11. He is charged with taking the man's auto and $349 in cash.

—:—

THREE indictments for misdemeanors were returned.

Ruth Redden Burton, 47, of Lexington, Ky., will face a trial on a charge of attempting to obtain narcotics illegally. She is alleged to have forged a prescrption in an effort to obtain a quantity of numorphan tablets.

Betty Brown, 43, of New Cumberland, already awaiting trial on charges of receiving stolen goods, was indicted for keeping a house of prostitution and Carol Shirley, 22, also of New Cumberland, was indicted for another misdemeanor, engaging in prostitution. The two women were arrested and charged early Monday morning by New Cumberland police. The indictments canceled hearings scheduled before Justice of the Peace John D. Herron Wednesday morning.

One misdemeanor case scheduled to be heard, was dropped, Tarr reported.

He said the case of James E. Howell, 20, of Newell, who was bound over after being charged in November with contributing to the delinquency of a minor, was not pursued by either the complaining witness or the investigator.

The defendants will be arraigned Thursday before Circuit Judge James G. McClure.

That day also has been set for hearing appeals from the justice of the peace and criminal dockets.

—:—

THREE OF the grand jurors were Chester residents and one is from Newell, a total of four from Grant District. There are two from Clay and 10 from Butler districts.

The jurors were: Grant—Calvin Beck, 847 Phoenix Ave., Chester; Darrell F. Angle, Chester RD 1; Clarence A. Beckman, Chester, and Joseph W. Jester, 206 Jefferson St., Newell.

Clay — Theodore M. Cline, Chester St., New Cumberland, and Charles W. Mechling, 1103 2nd Ave., New Cumberland.

Butler — David Yates, 337 Mineral Ave.; Charles T. Leveridge, 215 Baker St.; Clarence Powell, 135 Patterson Rd.; John L. Applegate, 3536 Lindbergh Way; Matthew Malonas, 177 Columbus Way; Joseph J. Perazzoli, 126 Denese Way; Helen Rees, 111 Forest Rd.; Donald Resher, 210 Mahan Rd., Joseph Order, 2901 Claremont St., and Mansell Myers, 3524 Elm St., all of Weirton.

The piccolo is the smallest of the woodwind instruments, and also the highest in pitch.

3 More File In Hancock

Two incumbents and a sheriff's deputy have filed for ballot places in the May 14 primary in Hancock County.

Thomas Bellanco of 208 Donnell St., Weirton, Democratic incumbent justice of the peace, will seek nomination to one of the two four - year terms at stake in Butler District. The other incumbent, Lee Ralich, also of Weirton, filed Monday.

Harold Davis of 230 Carolina Ave., Chester, a Republican, one of two incumbent Grant District constables, filed for reelection with the Circuit Court clerk's office in New Cumberland. The other incumbent J. Carl Durham, has not filed as yet.

John D. Roefaro of 111 S. Chester St., New Cumberland, seeks the Democratic nomination for constable in Clay district. The incumbents are William Webster, New Cumberland police chief, and Donald P. Dunlevy. Both have filed.

The latest candidates bring to 38 the number who have filed in Hancock, with the deadline Feb. 3.

Civic Club To Meet

congestion and growing slums within their cities.

"There must be a local, personal incentive for a community to progress" he emphasized, and complained that too often all a community does to solve its problems is to form a committee.

Knight praised the Chamber of Commerce as one of the leading elements in community progress.

The best solution for various problems, he suggested, is to balance personal gain and community betterment.

J. F. Russell, toastmaster and Chamber president for 1967, outlined major acomplishments in Wellsville during the past year.

Foremost among these, he said, was getting the planned four-lane highway section north of the flood wall rerouted so that Lisbon Rd. could remain open. He pointed out this was accomplished through the combined efforts of City Council and the Chamber.

One visible accomplishment, he said, was the street and tree decorations during the Christmas season.

He termed an "outstanding success" the sidewalk sale held by the city merchants in September.

Entertainment was provided by a women's "barbershop" quartet from Wellsville.

Guests included the following Wellsville city officials: Mayor William W. Daugherty; Fred Baldasare, safety - service director; Bush, solicitor; John Hephner, police chief; Robert Lewis, fire chief; J. B. Phillips, Fourth Ward councilman, and Mrs. Helen Welch, chairman of the Hammond Park Commission.

Attending from neighboring communities were James Boyd and Charles Gause, Columbiana County commissioners; George A. Shaw, president, and E. R. Chandler, executive manager, of the East Liverpool Chamber of Commerce, and Emerson Wood, president of the Steubenville Chamber of Commerce.

Dinner was served by the Auxiliary of the Legion post.

Dividend Boosted By Bank's Board At East Palestine

EAST PALESTINE — An extra 50-cent-a-share dividend was declared by directors of the First National Bank during the annual meeting Tuesday night.

The 100 per cent extra dividend was approved by the directors, amounting to 50 cents a share, in addition to the regular dividend of 50 cents.

There are 18,000 shares of stock.

Re-elect for his fourth term as president was Lester E. Hart. Dr. W. S. Elliott was named vice president and Atty. Jack H. Cohen chairman of the board.

All nine directors were returned along with a new director, Kenneth P. Rukenbrod.

The bank growth during 1967 amounted to $1,315,000, making the total assets $9.3 million, Hart announced in his report.

Expected To Receive Contract

Steubenville Firm Low On Hancock Jail Razing

A Steubenville firm, the apparent low bidder, is expected to be awarded the contract for demolition of the present Hancock County Jail at New Cumberland.

Five bids were studied by the Hancock commissioners at their meeting Tuesday night.

Milan Vukelic General contracting of Steubenville, agreeing to complete the work in less than 30 days, submitted a bid of $4,200 for work on the structure, which is to be razed so construction can begin at the same site for a new jail which will cost at least $350,000.

—:—

THE FIVE bids received were one less than in December when two commissioners voted to reject the proposals. At that meeting the low bid was $5,840 from the Demolition and General Contracting Co. of Follansbee.

Another Follansbee firm was among the bidders last night in the Courthouse.

Carl Kafton bid $6,000 for the work, agreeing to complete it in 60 days.

Other bidders were: Casey Building Wreckers of Pittsburgh, $8,727, the highest bid; Billy Pryor of Weirton, $6,900, completion in 30 days, and United Excavating of Youngstown, $4,321, with completion 20 days after the award of a contract.

—:—

EXPLAINING his action during the December meeting, Court President Jack Evans said he disqualified himself since his employer, Matthew Phillips of New Cumberland, was bidding on the work.

"I disqualified myself because there was a conflict of interest," Evans explained. He pointed out there is no conflict in this instance and noted Kafton's partner, Paul W. Jones, was the low bidder in December, and added, "I'm not trying to disrupt the proceedings."

"But you came out smelling like a rose," he told Commissioner William C. Graham of Grant District.

During the December meeting it was Graham who twice refused to give a second to Commissioner Edward M. Nogay's motion to accept Jones' bid as the lowest.

Last night however, the lowest bid was $1,600 below the lowest in December, and prompted Evans' remark.

During last month's meeting Nogay seconded Graham's motion to reject the bids—"only to resolve the stalemate." All the action came after the three commissioners conferred privately in the hallway of the Courthouse after opening the bids.

—:—

LAST NIGHT Graham offered no reason for his motion last month to reject the bids. The commissioners said then all the bidders appeared qualified to perform the work.

"I just want it to be known I moved to accept the lowest bid last time and I moved to accept the lowest bid again tonight," Nogay declared.

Graham said he is "well-satisfied" with the outcome of the second round of bids and noted he saved the county $1,600.

No date has been set for razing the structure. Arrangements are being made with Brooke and Ohio counties to lodge prisoners in their jails during the period when the old structure is torn down and the new facility constructed.

Commissioners will accept bids for the new jail construction Jan. 19.

The court is looking into the possibility of investing some county funds in local banks, since all monies available are not always needed and could be producing interest for the county, commissioners reported last night.

—:—

MEETING with seven representatives of the Bank of Weirton, Peoples Bank, Citizens Bank and First National Bank, all at Weirton, Prosecutor Floyd R. Tarr explained the West Virginia code relative to the matter.

Tarr pointed out the law allows county funds to be deposited in two types of accounts —demand and time — and added it must be made with the county's depositories.

The bankers suggested the county might do well to invest in government bills, but Tarr said the code, as he sees it, provides funds must be handled in the county's depositories.

Nogay told the bankers the commissioners are looking for an expression "as to when the county could deposit funds and the time over which interest may be paid."

The bankers, Andrew McLaughlin, Alex Bellas, D. N. Thomas, Fred Hippert, Sam Kusic, Bob Mentzer and George Molnar, told commissioners six months would be the shortest period of time available, and if some of the funds were drawn before that time, all interest on the investment would be lost.

Nogay explained seven months ago the commissioners "put away" some of the money for the new jail, but feel it could be drawing interest.

"Many feel when we're handling $700,000 to $1,000,000, and some of it could be invested," Nogay added.

—:—

THE COURT noted about 70 per cent of the taxes are paid in September and October and the remaining 30 per cent in January and Febrary, but there always is a certain amount available which won't be needed until the end of the year.

Nogay suggested the banks form a committee to study the problem and make recommendations to the court.

Tarr reported shortly they would ask that the Peoples Bank and Bank of Weirton increase their bond by an additional $400,000. He added, the amount deposited in the time accounts of banks still could not exceed the total for which the bank is bonded.

Evans said the county probably would be safe in investing $200,000 at least six months.

"But we have no idea how to divide the deposits," he added, "and we are seeking advice."

If the funds were deposited in the time accounts, the bankers said 30 days notification would be required before a withdrawal could be made. The men also suggested the commissioners might want to consider borrowing from the local banks if the funds were deposited, so that withdrawals would not be required and interest could be maintained.

To deposit some funds, Tarr noted, the consent of the various departments to which they were allotted would be needed.

The banks will report to the commissioners during the next meeting.

In other action, commissioners approved the appointment of registrars for voting. Seventy - two attended classes in the Courthouse Tuesday.

Vito Catenaro was named commissioner of accounts until March 1.

Police Seek Motorist Involved In Accident

Icy roads at dusk were blamed for an accident on Route 168 in Ohioville Borough Tuesday at 6:35 p. m.

Police are searching for a pickup truck with Ohio license plates, the third vehicle in the mishap. The woman operator left the scene.

Mary Rolya of 49 Grandview Ave., Midlandview, operating a 1965 sedan, skidded into guardrails when she attempted to halt behind a school bus.

John Granito, 22, of 345 Midland Ave., Midland, driving a 1965 sedan, then slid into her car and hit the guardrails, police said. The truck then hit the Granito car after striking a mailbox and the guardrails.

James Dunlap and Leo LeFebvre investigated. They say they have part of the license number of the truck. The school bus was not hit.

Grand Jury

tempted to rob Anthony Guidara.

David Hugh Thompson is charged with the theft of a car belonging to Betty Ghenne Nov. 21.

Larry J. Osburne was named in an indictment for the robbery of the home of Jessie Janet Beaver in which a guitar, amplifier, .22-caliber rifle and portable radio, with a total value of $398, were taken.

Keith Backus is charged with the breaking and entering of the home of Lois Rice and allegedly taking records, a watch, shaver, girdle, diary and box camera, having a total value of $91.

Samuel Lee Rose was indicted for the unarmed robbery of Luigi Contumelio Dec. 11. He is charged with taking the man's auto and $349 in cash.

—:—

THREE indictments for misdemeanors were returned.

Ruth Redden Burton, 47, of Lexington, Ky., will face a trial on a charge of attempting to obtain narcotics illegally. She is alleged to have forged a prescrption in an effort to obtain a quantity of numorphan tablets.

Betty Brown, 43, of New Cumberland, already awaiting trial on charges of receiving stolen goods, was indicted for keeping a house of prostitution and Carol Shirley, 22, also of New Cumberland, was indicted for another misdemeanor, engaging in prostitution. The two women were arrested and charged early Monday morning by New Cumberland police. The indictments canceled hearings scheduled before Justice of the Peace John D. Herron Wednesday morning.

One misdemeanor case scheduled to be heard, was dropped, Tarr reported.

He said the case of James E. Howell, 20, of Newell, who was bound over after being charged in November with contributing to the delinquency of a minor, was not pursued by either the complaining witness or the investigator.

The defendants will be arraigned Thursday before Circuit Judge James G. McClure.

That day also has been set for hearing appeals from the justice of the peace and criminal dockets.

—:—

THREE OF the grand jurors were Chester residents and one is from Newell, a total of four from Grant District. There are two from Clay and 10 from Butler districts.

The jurors were: Grant—Calvin Beck, 847 Phoenix Ave., Chester; Darrell F. Angle, Chester RD 1; Clarence A. Beckman, Chester, and Joseph W. Jester, 206 Jefferson St., Newell.

Clay — Theodore M. Cline, Chester St., New Cumberland, and Charles W. Mechling, 1103 2nd Ave., New Cumberland.

Butler — David Yates, 337 Mineral Ave.; Charles T. Leveridge, 215 Baker St.; Clarence Powell, 135 Patterson Rd.; John L. Applegate, 3536 Lindbergh Way; Matthew Malonas, 177 Columbus Way; Joseph J. Perazzoli, 126 Denese Way; Helen Rees, 111 Forest Rd.; Donald Resher, 210 Mahan Rd., Joseph Order, 2901 Claremont St., and Mansell Myers, 3524 Elm St., all of Weirton.

The piccolo is the smallest of the woodwind instruments, and also the highest in pitch.

3 More File In Hancock

Two incumbents and a sheriff's deputy have filed for ballot places in the May 14 primary in Hancock County.

Thomas Bellanco of 208 Donnell St., Weirton, Democratic incumbent justice of the peace, will seek nomination to one of the two four - year terms at stake in Butler District. The other incumbent, Lee Ralich, also of Weirton, filed Monday.

Harold Davis of 230 Carolina Ave., Chester, a Republican, one of two incumbent Grant District constables, filed for reelection with the Circuit Court clerk's office in New Cumberland. The other incumbent J. Carl Durham, has not filed as yet.

John D. Roefaro of 111 S. Chester St., New Cumberland, seeks the Democratic nomination for constable in Clay district. The incumbents are William Webster, New Cumberland police chief, and Donald P. Dunlevy. Both have filed.

The latest candidates bring to 38 the number who have filed in Hancock, with the deadline Feb. 3.

Civic Club To Meet

SUMMITVILLE — A meeting of the Women's Civic Club will meet Thursday at 8:30 p.m. with Earl Rogers. Mrs. Carola McCollough, beauty shop operator, will be in charge of the program.

The profile of George Washington appears on the U.S. Purple Heart Awards.

congestion and growing slums within their cities.

"There must be a local, personal incentive for a community to progress" he emphasized, and complained that too often all a community does to solve its problems is to form a committee.

Knight praised the Chamber of Commerce as one of the leading elements in community progress.

The best solution for various problems, he suggested, is to balance personal gain and community betterment.

J. F. Russell, toastmaster and Chamber president for 1967, outlined major acomplishments in Wellsville during the past year.

Foremost among these, he said, was getting the planned four-lane highway section north of the flood wall rerouted so that Lisbon Rd. could remain open. He pointed out this was accomplished through the combined efforts of City Council and the Chamber.

One visible accomplishment, he said, was the street and tree decorations during the Christmas season.

He termed an "outstanding success" the sidewalk sale held by the city merchants in September.

Entertainment was provided by a women's "barbershop" quartet from Wellsville.

Guests included the following Wellsville city officials: Mayor William W. Daugherty; Fred Baldasare, safety - service director; Bush, solicitor; John Hephner, police chief; Robert Lewis, fire chief; J. B. Phillips, Fourth Ward councilman, and Mrs. Helen Welch, chairman of the Hammond Park Commission.

Attending from neighboring communities were James Boyd and Charles Gause, Columbiana County commissioners; George A. Shaw, president, and E. R. Chandler, executive manager, of the East Liverpool Chamber of Commerce, and Emerson Wood, president of the Steubenville Chamber of Commerce.

Dinner was served by the Auxiliary of the Legion post.

Dividend Boosted By Bank's Board At East Palestine

EAST PALESTINE — An extra 50-cent-a-share dividend was declared by directors of the First National Bank during the annual meeting Tuesday night.

The 100 per cent extra dividend was approved by the directors, amounting to 50 cents a share, in addition to the regular dividend of 50 cents.

There are 18,000 shares of stock.

Re-elect for his fourth term as president was Lester E. Hart. Dr. W. S. Elliott was named vice president and Atty. Jack H. Cohen chairman of the board.

All nine directors were returned along with a new director, Kenneth P. Rukenbrod.

The bank growth during 1967 amounted to $1,315,000, making the total assets $9.3 million, Hart announced in his report.

Couple Residing In South After Rites At Lakewood

Wearing a floor - length gown of ivory peau de soie which she designed, Miss Eileen Burke, daughter of Mr. and Mrs. John C. Burke of Lakewood, became the bride of Lance Cpl. John W. Stephens II, son of Mrs. Beulah S. Stephens of 1904 Allison St., Dec. 27 at 10 a. m. in St. Clement's Church at Lakewood.

Msgr. Edward J. Seward officiated for the single-ring ceremony at a high nuptial Mass. The altar was banked with poinsettia, palms and ferns. Satin bows marked the family pews.

—:—

THE BRIDE was escorted to the altar and given in marriage by her father. Her gown was fashioned with an Empire bodice featuring a scoop neckline and long, bell-shaped sleeves of Chantilly lace.

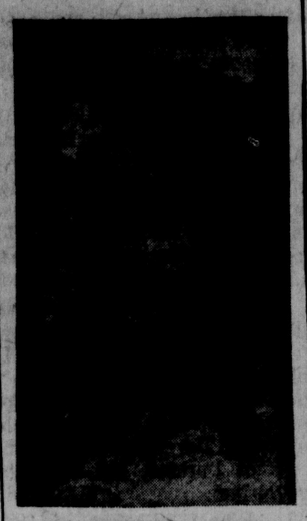

Her elbow-length veil of silk illusion was held in place by an open crown, lace pillbox. She carried a cascade arrangement of white carnations and pink roses tied with satin streamers. In observing the traditions, she carried in her shoe a sixpence borrowed from the bridegroom's mother.

Miss Martha McGorray was maid of honor. Miss Kathleen Burke, asister of the bride, and Miss Kathleen Perme were bridesmaids. They appeared in floor-length gowns of forest green velvet and antique lace designed with Empire bodices and long, bell-shaped sleeves. The gowns were made by the bride.

All the attendants wore matching velvet Dior bows as headpieces and carried bouquets of two shades of pink carnations tied with beige satin streamers. They received gold and rhinestone bracelets from the bride.

Ralph William Sheets served as best man. Ushers were Robert Kelly of Cleveland and Paul Bauer of Parma. They received tie tacs from the bridegroom.

The mother of the bride chose an aqua blue lace dress and the bridegroom's mother a green knit dress. Corsages of shaded pink carnations and black accessories complemented their attire.

MRS. JOHN W. STEPHENS
Honeymoons In Montreal.

—:—

A BUFFET breakfast and reception followed in the Knights of Columbus hall, where decorations featured a Christmas theme. The bridal table was centered with a three-tier cake topped with a miniature bridal couple.

For her honeymoon to Niagara Falls and Montreal, Canada, the bride wore a red wool dress and black and white tweed coat with her bridal corsage.

The bride, a 1965 graduate of St. Joseph's Academy in Cleveland, was a third-year student at the Notre Dame College for Women at South Euclid. Her husband was graduated in 1965 from East Liverpool High School and attended Union College at Barbourville, Ky., where he was affiliated with Sigma Pi Alpha fraternity.

The newlyweds will reside near the Marine base at New River, N. C. They received congratulations from President and Mrs. Lyndon Johnson.

$2 Million Investment

Ohio Bell Maps 5-Year Program For City, Area

The Ohio Bell Telephone Co. plans to spend $2 million in new construction and telephone development in the East Liverpool area within the next five years.

This was revealed today by President Frederick R. Eckley, who said the utility will need to raise and invest an all - time high of $680 million in new capital in the next half decade to fill orders for three - quarters of a million more phones and meet new communications problems.

He estimated as much as $2 million of the unprecedented capital requirement will be earmarked for construction and other projects in East Liverpool and the surrounding area.

"Our regular five - year view indicates this level of demand in the immediate future is a virtual certainty," Eckley reported. "Ohio is at the midpoint of a decade of record growth, and the need for more and better communications here closely parallels that growth.

—:—

"IN THE first half of this decade — beginning in 1963— $545 million already has been invested in Ohio Bell modernization and expansion, and the second half will inevitably call for a sharp upward trend in such investment."

The Ohio Bell president, citing the company's obligation to provide needed service, promised: "We are confident that we can muster the vigorous effort to embark on the extensive financing program that the next five years will require of us. We will spare no effort in maintaining the service and earnings levels that will warrant the confidence of customers and investors alike."

During 1968, the company will allocate a record single year sum of $130,200,000 to statewide growth, including an all-time high of $400,000 in East Liverpool, where the company added about 400 telephones last year alone.

—:—

A MAJOR 1968 allocation here, according to Commercial Manager Robert Sauer, is $100,000 to increase the calling and phone number capacity of call switching facilities, which serve the city and neighboring communities.

Other significant investments here include the purchase of equipment, such as PBX switchboards and telephones used by customers, and the development of underground and aerial cable call - carrying networks throughout the southern Columbiana County and northern Jefferson County area. Included, Sauer said, are rerouting of some cable paths due to highway relocation projects, and extending others to serve growing areas.

Continuing growth and introductions of new services over the last five years have created a net gain of 4,000 telephone jobs, Eckley noted. At year's end, the number of Ohio Bell employes topped 23,000 for the first time.

—:—

THE COMPANY president also pointed out that telephone usage had increased significantly during 1967. On the average business day, Ohio Bell customers placed 675,000 long-distance calls — two - thirds of them by direct dialing — through the nationwide switching network. This was about 25,000 per day above the 1966 figure. Local calls through Ohio Bell equipment averaged 17,500,000 daily, up 350,000 over the previous year.

In East Liverpool, business amounted to 7,100, some 650 more calls a day than in 1966, while local calls totaled about 120,000, compared with 116,000 the year before.

Safety Program Set At Midland On Friday

The Rev. E. C. Traylor officiated when officers were installed by the East Liverpool Floral and Dahlia Society Monday night at the Potters Savings and Loan Co. annex.

Rev. Traylor, a flower lover and garden enthusiast, installed William Haugh, president, and his staff and presented each of the officers symbols relative to their positions.

Clark McCoy, show chairman, and J. T. Eccleston, chairman of judges, said the dates for the 43rd annual show will be Sept. 21 and 22.

During the discussion, Haugh pointed out the importance of feeding birds in cold weather and urged both members and the general public to make food available.

Lunch was served by Fred Leughmyer and his committee.

The Board of Directors will meet Jan. 20 at 8 p. m. with Mr. and Mrs. Frank Richmond of 526 Louisiana Ave., Chester.

The next regular meeting will be Feb. 12 at 8 p. m. in the annex.

Midland Area CAC Reviews Day Care Center Operation

The executive committee of the Midland Area Community Action Committee and several other interested residents met Monday afternoon at the center in the Midcrest Community Building to discuss the possibility of beginning a "Head Start" program or a day care center in Midland.

Attending the meeting and answering questions relating to the subject were Mrs. Francena Colamarino of the Beaver County CAC office and the Rev. James White, president of the county group.

Rev. White said that the first necessary step is to structure a proposed program detailing the number of families who could qualify to allow their children to be enrolled in such a program, the instructors and other personnel required to man such a group at one instructor per each 15 pupils, the amount of space required for the classes needed, an adequate lunch program, and numerous other details.

He advised the group that no new programs are being funded by the federal government under "Head Start" at the present time.

Mrs. Hattie Jones said a survey showed a distressed area extending from 5th Street to Midcrest, with 53 children eligible for a pre-school, pre-kindergarten program necessary to head off a bad start in elementary education due to numerous factors.

Mrs. Colamarino said the program might be carried out by Elementary Secondary Education Act Title I funds available to the Midland Public School District. The Day Care Committee presented its request by letter for ESEA funds to the school board Monday night. The district's ESEA fund application could include an allotment to cover funding a summer "Head Start" or day care program, either of which would prepare children aged 3-5 or 6 for entering kindergarten.

Mrs. Colamarino said that in the event the school district denied the request, it would be necessary for the CAC to locate an agency to back the program. This could be a church or other non-profit organization. Ray Raak of the planning committee volunteered to contact Midland area ministers relative to the possibility.

The purpose of the program is to free mothers in low-income families so they might obtain employment to assist the family budget, along with giving valuable instruction to pre-schoolers in needy family situations.

City Driver Charged In Hancock Collision

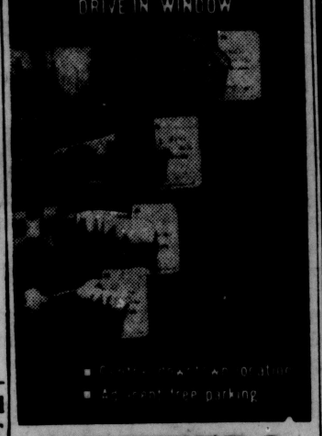

No injuries were reported in a traffic mishap Tuesday afternoon on Route 66 near Waterford Park race track.

Hancock County sheriff's deputies said Oscar Six, 36, of 421 College St., East Liverpool, was arrested for pulling into a lane of oncoming traffic and will appear before Justice of the Peace Eugene Allison at Chester, Jan. 28. There was about $100 damage to Six's 1956 station wagon.

His car was involved in a crash with an auto driven by Carolyn Rice, 28, of 3501 Elm St., Weirton. Her 1966 compact received $300 damage.

She told officers her car was headed south on Route 66 when Six's auto pulled out into her lane of traffic. The mishap occurred at 4:22 p. m.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: May I say a few words to the millions of American housewives who can't seem to find or keep domestic help?

As a woman who has worked as a housekeeper for 22 year, I'd like to ask these chronic cryers to take a good look at themselves and perhaps they will discover why they are having problems.

Too many women expect household help to work from dawn till dusk with no regard for hours, overtime, holidays or anything else. They also forget that wages ought to go up to keep pace with the cost of living.

How many women are paying household help the same wages they were getting six and eight years ago? And, by the way, second-hand clothes, left-over food and discarded furniture do not take the place of money.

How many women treat a housekeeper like a human being? If she lives on the place, is her room cheerful and attractive? Is she made to feel guilty if she uses the phone or sits down to have a good lunch or a cup of coffee at 3 p.m.? Does she get a vacation with pay, like women who work in business or industry?

If you cannot answer "yes" to these questions, please be honest and admit that perhaps you are largely responsible for the scarcity of domestic help. — BIRD'S-EYE VIEW.

Dear Bird: Thank you for an intelligent answer to a question which I have been handling in the mail daily for the last 12 years. I concur completely.

Don't Land Here

Dear Ann: Please rush word to your teen-age readers that you do NOT endorse "Cool Cat's" suggestion that young lovers go to airports to "discuss life."

The zoo, okay. Theater lobbies and public libraries, okay. Art museums, galleries and parks, fine. But not airports. Ann, please.

We in Madison, Wis. don't know where to put our paying customers. Our airline passenger traffic has increased 334 per cent over last year. Except for that, I love your column. — R.B.S., AIRPORT SUPERINTENDENT.

Dear R.B.S.: Consider 'em told. And, incidentally, I love your airport.

Dear Ann: My husband was married to another woman several years ago. They had no children. The marriage was a mistake and it lasted less than 18 months. We would both like to forget it.

We have two children, 4 and 5 years of age. Eventually we will tell them that their daddy was married to another woman, but we feel we should wait until they are old enough to understand.

My husband's sister has a family album fairly bursting with pictures of the ex-wife in the midst of family gatherings. She drags out the album whenever we come over and reminisces about how "George and Fran" did this and that.

I feel the pictures should have been removed from the album and that my sister-in-law should not be bringing up the past in the presence of our children. It is not her place to tell them, is it?—SECOND WIFE.

-:-

Dear Wife: Of course not: So why are you stalling around and letting her do it? Is it because you've been putting off an unpleasant job with the excuse that the children are too young to understand?

A child of 4 knows what a wife is, so get busy and tell the chidren that Daddy had another wife before he married mommy. This will defant your sister-in-law and you will then be able to relax in her presence.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

Auto's Crash Hurts Woman

LISBON—A local woman was injured early today in a traffic accident still under investigation by the Ohio Highway Parol and Lisbon police.

Mrs. Virginia Todd of Lisbon RD 1 was released from Salem City Hospital after treatment for nose and back injuries. Hospital personnel said the report cited a traffic accident on Route 164 as the cause of the injuries.

Chief of Police Leon T. Zahrndt said he does not know how Mrs. Todd got to the hospital or whether she was driving a car or was a passenger.

He said the patrol learned of the woman being injured, probably through the hospital, but had no report of any accident.

Patrolmen checked with Police Sgt. Kenneth McKenzie of Lisbon and learned that a parked car owned by Jackson F. Smith was damaged in a hit-skip accident about 4 a. m. on S. Lincoln Ave.

Police say they do not know whether there is any connection between the accident and Mrs. Todd's injury. They collected pieces of automobile at the crash scene for use in their investigation.

Jackson, a county appraiser, is rooming at S. Lincoln and Washington Sts. Police estimated about $300 damage to his car.

2 Major Objectives In Vietnam

By PETER ARNETT

SAIGON (AP) — Vietnam's Communist high command has committed its military forces to a burgeoning, nationwide offensive in the first days of 1968. It has two major objectives, the most experienced observers believe.

One is to undermine rural people's confidence in the Saigon government, particularly in regions where pacification has been a priority.

The second objective is the severe punishment of allied forces, testing their morale and writing headlines in the world's press. Three times more Americans were killed in the first week of 1968 than in the first week of 1967.

The objective of punishing allied forces was sought and partly gained by the Communists in the vicious border fighting at Dak To, Loc Ninh and at the demilitarized zone in the closing months of 1967.

This strategy has been continued into 1968 with a series of violent Communist actions against allied troops along the central coast where three North Vietnamese divisions are conducting forays into the rich coastal valleys. An omen came with the savage attack on two South Vietnamese marine battalions by the Viet Cong just 10 minutes after the new year began.

Allied commanders expected the regimental-size assaults along the Cambodian border in November and December. They had plenty of intelligence on the enemy intentions.

Allied field commanders did not expect the resurgence of North Vietnamese divisions thought to have been destroyed earlier in the year along the central coast, and the sudden appearance of locally recruited hard-core Viet Cong battalions that had been lying low through 1967 and appeared to have disintegrated.

Two of these local battalions occupied the provincial capital of Hau Nghia, west of Saigon, Monday morning and raised the red and gold Communist flag on a building. Another battalion overran the district town of Tuy Phuoc, near Qui Nhon, reputedly the most pacified district in the country. The Communists dragged the district chief from his house and killed him.

Other battalions long thought dead bounced back to life in the central highlands and the Mekong Delta.

Senior U.S. officers have described the past week as one of the most intense of the war.

Communist forces have taken heavy losses, particularly in the border battles. American forces generally dish out much more than they get, and while some U.S. units have been severely punished, morale remains high.

The Communists have had more success in undermining the confidence of the population in the central government. This was particularly obvious in the villages around Tan Uyen, the district town occupied north of Bien Hoa, and at Hau Nghia, the provincial capital similarly occupied.

People in both these areas were sullen and worried. Shop owners started sleeping nights in Saigon. Chiefs of hamlets stayed away from their villages.

The effect of a large enemy force entering a pacified region was nowhere more pronounced than in Tuy Phuoc, the cradle of pacification in Vietnam, a region which serves as a pilot project for the revolutionary development programs all over Vietnam.

This district, just north of Qui Nhon on the central coast, had 100 of its 114 villages not only under government control but actively defending themselves with locally recruited home guardsmen.

Then a North Vietnamese battalion moved in in late October. Soon came a local Viet Cong battalion that had hidden on the outskirts of the district for three years.

Various Actions Get Approval Of Commissioners

LISBON — Columbiana County commissioners Monday hired Robert Kersmarki as custodian of Northwest Court in Salem at $1.50 an hour to succeed James Pasco.

In other business, they adopted a resolution authorizing County Engineer John Ursu to prepare plans, specifications and estimates for the improvement of one-half mile of County Rd. 400 (Valley Salem Rd.) in Sections 9 and 10, Butler Township;

Ordered the reinvestment of $250,000 in treasury bonds for an additional 90 days in the Citizens Banking Co. at Salineville, and $250,000 in treasury bonds for another 90 days in the First National Bank at East Palestine, and

Chester School Repairs Due After Bricks Fall From Wall

Work began late this morning on repair of the Chester Junior High School, where about 50 bricks fell from a wall Monday night.

School officials said water apparently seeped behind the bricks, and the freezing weather caused them to "pop out." But Hancock County Supt. Robert Hall pointed out there is no danger involved, since officials have determined it is not a load-bearing wall, but is supported by steel beams.

Thayer Allison, principal of the intermediate school, said the sidewalk along 6th St. from one corner of the building to the other at Indiana Ave. has been roped off in case any more bricks should fall.

He said the 50 bricks fell while only a custodian was in the building. They came from the second floor over a window and fell into a window well below, breaking a window in the girl's dressing room. No one was injured.

Allison said there was no hole in the building since the bricks fell from a beam over the window in a room. Bricks are missing for a space of nearly 10 feet.

Harry Trushel of Weirton, a contractor, began erecting scaffolding this morning, preparing to replace the fallen bricks.

One of Trushel's men inspected the area Tuesday and pronounced it safe. Four classes of about 80 seventh, eighth and ninth grade students were moved to another part of the building until the inspection was completed and it was learned there is no damage.

Hall estimated the cost of repairs would be nearly $1,500. He said in the repair the bricks will be "tied in" to insure against another incident.

Junior High School Principal Paul Jackson said he was assured the building was safe before he returned the students to their classrooms in the gymnasium wing which was built in 1937. The main portion of the structure was erected in 1925.

Jackson added it is the first time such an incident happened at the building. He said no inspection was performed on the other parts of the school.

The students returned to their room Tuesday afternoon.

Chester Checks Entry Of Church

Chester police are investigating a breaking and entering at a church.

Patrolman Rex Cowey said someone broke into the Westminster United Presbyterian Church at 5th St. and Indiana Ave. before 7:15 Tuesday night, but got little for his trouble.

The thief, according to Cowey, overlooked one door which was unlocked and finally entered through the south side of the building where another door was ajar.

Personal papers and mail was rummaged and the Rev. Donald L. Bell's desk was ransacked. The intruder apparently tried to enter another office, Cowey said, but it was locked and the thief could not gain entrance.

From the minister's study the thief went to the front of the church and opened a change box. But church officials were not certain if any money was taken.

The thief also opened the front door, but made his getaway through a back door, which had been locked.

Antipoverty Agency Hit By Shriver

WASHINGTON (AP) — Director Sargent Shriver of the Office of Economic Opportunity says the antipoverty agency has failed to make white, middle-class Americans believe they benefit directly from helping the poor.

"We've got to come up with a plan or a way to demonstrate to the middle class that everyone benefits when a person out of work gets a job," Shriver said in an interview Tuesday. "There must be some way."

Shriver said the task of winning support from the $8,000 to $20,000 income group rates concentrated effort by the antipoverty agency this year—but he is not sure what approach will be taken.

"The elimination of poverty is a goal that will benefit white people as well as black people," Shriver added.

"We've gotten through pretty well to the leadership groups—the doctors, the lawyers, the social workers, the politicians—and to the lower levels," he said. "But we haven't gotten through or penetrated to the mass in the middle.

"There is a gross misunderstanding about what we're doing. They look upon this program as a Robin Hood program—that we rob from the rich and give to the poor.

"It's true we're using taxes paid by the rich—not to give to the poor but to help the poor get out of poverty so they can become independent of the government, get off welfare, begin to earn their living and become consumers and participants in the free private enterprise system."

Shriver said the task of winning support from the $8,000 to $20,000 income group rates concentrated effort by the antipoverty agency this year—but he is not sure what approach will be taken.

"The elimination of poverty is a goal that will benefit white people as well as black people," Shriver added.

"We've gotten through pretty well to the leadership groups—the doctors, the lawyers, the social workers, the politicians—and to the lower levels," he said. "But we haven't gotten through or penetrated to the mass in the middle.

"There is a gross misunderstanding about what we're doing. They look upon this program as a Robin Hood program—that we rob from the rich and give to the poor.

"It's true we're using taxes paid by the rich—not to give to the poor but to help the poor get out of poverty so they can become independent of the government, get off welfare, begin to earn their living and become consumers and participants in the free private enterprise system."

Officer Cites Man In Crash

An East Liverpool driver was arrested Tuesday night by Chester police after an accident at 1st St. and Carolina Ave.

Patrolman Rex Cowey cited Robert H. Eagle, 37, of 410 E. 3rd St. after his auto smashed into another driven by Lela Suzanne Davis, 19, of 217 Carolina Ave., Chester. Damage totaled about $600. No one was injured.

Eagle, charged with failure to have his vehicle under control, was held in jail for a time and then released after posting $17.50 appearance bond. A hearing is set Tuesday at 7 p. m. before Chester Mayor Burton G. Ward.

Cowey reported Eagle said he was headed north on Route 66 and came to the intersection with the green light when the Davis auto pulled into the intersection from 1st St. Miss Davis said she had the green light.

Cowey said skid marks left by the Eagle vehicle measured 96 feet.

Police Chief Audley T. Campbell investigated a mishap at 3:05 p. m. at Neptune Ave. and 11th St.

Campbell said an auto driven by Georgian L. Fitch, 53, of Dixonville could not get stopped for a car at the intersection operated by Martha I. Rice, 48, of 545 Louisiana Ave., Chester.

Fitch told the officer he was coming from the pottery parking lot and slid into the side of the Rice vehicle. There were no arrests or injuries.

County Receives $2,638 Monthly On Investments

LISBON — Columbiana County is receiving $2,638 a month on its investment of active funds in short term U. S. Treasury bills, according to Commissioner Charles J. Gause.

He pointed out that the $750,000 currently invested is from active funds which formerly remained in various county banks for long periods without drawing interest.

Commissioners last August set up a county investment board to meet monthly and advise them on what amounts can be used to earn interest.

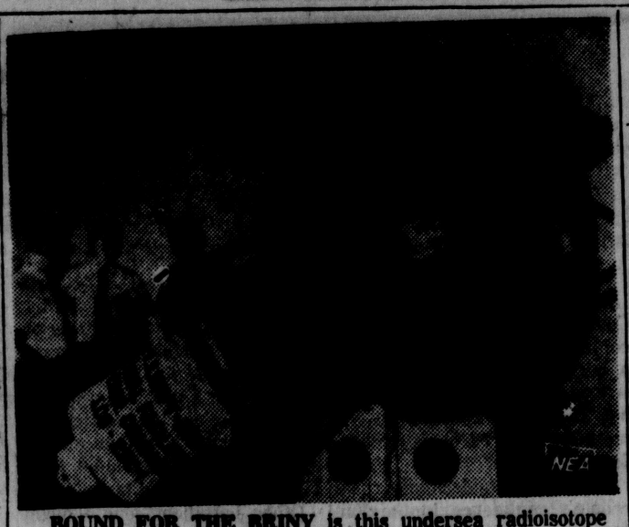

The board consists of the president of the commissioners, County Auditor and the Prosecuting Attorney.

The Lisbon board of education heard clerk Richard Bowling report last night that its 90-day investment of $50,000 of active funds earned $478 interest from U. S. Treasury bills.

Odd Facts

The ancient Egyptians and Romans used pencils that were really made of lead. Today, however, there is no real lead in a lead pencil, graphite being used because it is softer and makes a much darker mark than lead. Graphite is a form of natural carbon, but it can be manufactured.

The earliest Bible printed in English, so far as is known, was one edited by Miles Coverdale and printed at Marberg in Hesse, Germany, in 1535.

For Service As President

Chamber Of Commerce Honors A. C. Purinton Jr.

Alwyn C. Purinton Jr., immediate past president of the Chamber of Commerce, was honored during the monthly meeting of the Chamber's Board of Trustees Tuesday afternoon.

Purinton, who served as president in 1965-67, was presented a walnut cigarette box carrying a silver plaque as an "award of appreciation." The engraved plaque reads:

"Award of appreciation to Alwyn C. Purinton Jr. for aggressive leadership and faithful service as president of the East Liverpool Area Chamber of Commerce, 1965-67."

The presentation was made by George A. Shaw, the incumbent president. Purinton is president of the Potters Savings & Loan Co.

Harold Sneddon was elected to the board to serve the 18 months remaining in the unexpired term of Edwin Bayley. Bayley had been serving as a representative of the Sayre Electric Co., but retired to devote his full time to management of the Bayley Envelope Co.

—:—

THE BOARD heard letters from West Virginia and Ohio officials to whom communications were sent several weeks ago on the condition of the East Liverpool-Chester Bridge. The need for inspection of the span was cited to officials of the two states after the collapse of the Point Pleasant bridge in mid-December.

P. E. Masheter, director of the Ohio Highway Department, replied on behalf of Gov. James A. Rhodes that a contract had been signed with engineering firms to make inspections of the local bridge and other state-owned spans on the Ohio. Masheter added that Ohio officials are aware of the need for modern bridges with adequate load capacities.

Paul Crabtree, executive assistant to Gov. Hulett Smith of West Virginia, replied to a similar letter which was sent West Virginia authorities by the North Hancock County Development Organization.

Crabtree said West Virginia authorities recognize that the Chester span "is an important bridge carrying vital traffic" and that the officials will continue to maintain their cooperative contacts with the Ohio authorities in connection with Ohio-owned spans.

—:—

SHAW reported on a meeting of the executive committee last week in which it discussed further the details of the Chamber's total community development program.

Francis H. Lang, chairman of the highway committee, related data on a meeting of Chamber members with Council Dec. 18 in which the municipal government was urged to take the first steps toward construction of the next eastward phase of the Freeway from W. 3rd and Monroe Sts. to a point near Mulberry St. in East End. The discussion centered on updating of an arterial highway survey made more than 10 years ago that spelled out the general line of the Freeway through the city.

Lang also reported on progress on other highway construction projects in the area.

It was announced the tourist promotion committee was to meet today at noon in the Chamber office to discuss a "ceramic festival" proposed for late spring or early summer. H. J. English heads the committee.

James Locke Jr., chairman, reported for the East Liverpool Merchants Association. He said plans for early 1968 will be made at the group's first meeting of the new year next Tuesday at the Chamber office.

The board's next meeting will be Feb. 13.

Petty Officer 3C and Mrs. Paul Hobbs of Hampton, Va., have returned home following a visit with his parents, Mr. and Mrs. Robert Hobbs of Georgetown.

Hobbs, serving with the Navy, is assigned to the USS Thomas Jefferson, a submarine.

Officer Cites Man In Crash

An East Liverpool driver was arrested Tuesday night by Chester police after an accident at 1st St. and Carolina Ave.

Patrolman Rex Cowey cited Robert H. Eagle, 37, of 410 E. 3rd St. after his auto smashed into another driven by Lela Suzanne Davis, 19, of 217 Carolina Ave., Chester. Damage totaled about $600. No one was injured.

Eagle, charged with failure to have his vehicle under control, was held in jail for a time and then released after posting $17.50 appearance bond. A hearing is set Tuesday at 7 p. m. before Chester Mayor Burton G. Ward.

Cowey reported Eagle said he was headed north on Route 66 and came to the intersection with the green light when the Davis auto pulled into the intersection from 1st St. Miss Davis said she had the green light.

Cowey said skid marks left by the Eagle vehicle measured 96 feet.

Police Chief Audley T. Campbell investigated a mishap at 3:05 p. m. at Neptune Ave. and 11th St.

Campbell said an auto driven by Georgian L. Fitch, 53, of Dixonville could not get stopped for a car at the intersection operated by Martha I. Rice, 48, of 545 Louisiana Ave., Chester.

Fitch told the officer he was coming from the pottery parking lot and slid into the side of the Rice vehicle. There were no arrests or injuries.

County Receives $2,638 Monthly On Investments

LISBON — Columbiana County is receiving $2,638 a month on its investment of active funds in short term U. S. Treasury bills, according to Commissioner Charles J. Gause.

He pointed out that the $750,000 currently invested is from active funds which formerly remained in various county banks for long periods without drawing interest.

Commissioners last August set up a county investment board to meet monthly and advise them on what amounts can be used to earn interest.

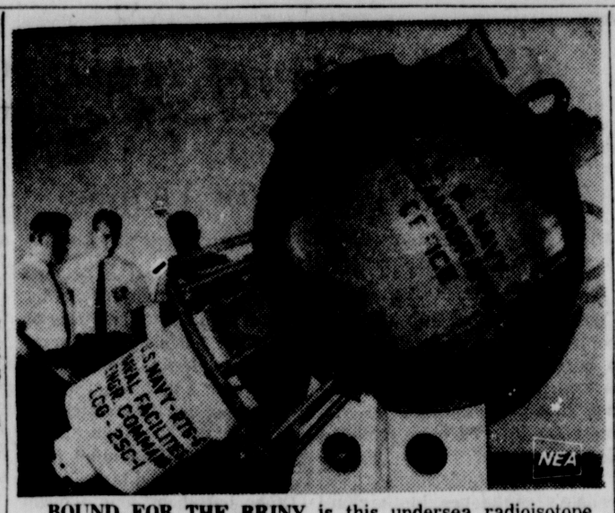

The board consists of the president of the commissioners, County Auditor and the Prosecuting Attorney.

The Lisbon board of education heard clerk Richard Bowling report last night that its 90-day investment of $50,000 of active funds earned $478 interest from U. S. Treasury bills.

Odd Facts

The ancient Egyptians and Romans used pencils that were really made of lead. Today, however, there is no real lead in a lead pencil, graphite being used because it is softer and makes a much darker mark than lead. Graphite is a form of natural carbon, but it can be manufactured.

The earliest Bible printed in English, so far as is known, was one edited by Miles Coverdale and printed at Marberg in Hesse, Germany, in 1535.

BOUND FOR THE BRINY is this undersea radioisotope generator which will power an oceanographic buoy platform used to beam scientific data to ships, planes and satellites. It was delivered to the Navy by Martin Marietta Corp.

THE BOARD heard letters from West Virginia and Ohio officials to whom communications were sent several weeks ago on the condition of the East Liverpool-Chester Bridge. The need for inspection of the span was cited to officials of the two states after the collapse of the Point Pleasant bridge in mid-December.

P. E. Masheter, director of the Ohio Highway Department, replied on behalf of Gov. James A. Rhodes that a contract had been signed with engineering firms to make inspections of the local bridge and other state-owned spans on the Ohio. Masheter added that Ohio officials are aware of the need for modern bridges with adequate load capacities.

Paul Crabtree, executive assistant to Gov. Hulett Smith of West Virginia, replied to a similar letter which was sent West Virginia authorities by the North Hancock County Development Organization.

Crabtree said West Virginia authorities recognize that the Chester span "is an important bridge carrying vital traffic" and that the officials will continue to maintain their cooperative contacts with the Ohio authorities in connection with Ohio-owned spans.

—:—

SHAW reported on a meeting of the executive committee last week in which it discussed further the details of the Chamber's total community development program.

Francis H. Lang, chairman of the highway committee, related data on a meeting of Chamber members with Council Dec. 18 in which the municipal government was urged to take the first steps toward construction of the next eastward phase of the Freeway from W. 3rd and Monroe Sts. to a point near Mulberry St. in East End. The discussion centered on updating of an arterial highway survey made more than 10 years ago that spelled out the general line of the Freeway through the city.

Lang also reported on progress on other highway construction projects in the area.

It was announced the tourist promotion committee was to meet today at noon in the Chamber office to discuss a "ceramic festival" proposed for late spring or early summer. H. J. English heads the committee.

James Locke Jr., chairman, reported for the East Liverpool Merchants Association. He said plans for early 1968 will be made at the group's first meeting of the new year next Tuesday at the Chamber office.

The board's next meeting will be Feb. 13.

State Of The Union

President Concentrating On Message To Congress

SAN ANTONIO, Tex. (AP) — President Johnson concentrated today on the State of the Union message he will deliver to Congress shortly after its return to Washington next week.

Aides said the President was still polishing up some sections.

Congress reconvenes Jan. 15. It has been Johnson's custom to report to a joint session of the legislature on the nation's affairs within a day or two after they assemble. He usually prefers a night appearance, in prime television viewing time.

The date and time for the delivery of the State of the Union message have not yet been announced, however.

Nor has the President said when he will return to Washington. He went into his 16th day at the LBJ Ranch today, with Texas weather rainy, overcast and cold.

Johnson sent a message to a group of industrialists meeting in Washington Tuesday night, renewing his appeal to help stop the U. S. dollar drain and end a deficit in the balance of international payments

Secretary of the Treasury Henry H. Fowler read the President's statement at a dinner meeting of the U.S. Industrial Payroll Savings Committee.

Johnson congratulated the group for its "remarkable achievement" in selling $3.5 billion in U.S. savings bonds in 1967 under payroll deduction plans for 2,606,640 employes.

There was little official action Tuesday from the Texas White House.

But there were these appointments, subject to Senate confirmation:

William W. Sherrill, 41-year-old former Houston, Tex., businessman and city official, reappointed to the Federal Reserve Board. A Democrat, Sherrill was first appointed last April to fill the term of Charles N. Shepardson, who reached retirement age. Sherrill's new term is 14 years.

Elizabeth J. Kuck of Chicago, named to a $28,000-a-year post on the Equal Employment Opportunity Commission. Miss Kuck, 52, native of Readstown, Wis., an independent in politics, is supervisor for personnel policies and procedure for the International Harvester Co. She replaces Aileen Hernandez of California, who resigned a commission term that expires July 1, 1970.

Minerva Driver Hurt In Accident

A Minerva serviceman was injured when his car slammed into a guardrail along Route 644 near Hanoverton, while a Pennsylvania trucker was unhurt when his rig skidded off Route 7 near Brookside, the Ohio Highway Patrol at Lisbon reported.

John James Kean, 21, of Minerva, an Air Force enlisted man, lost control of his 1963 coach on a curve on Route 644 at 12:50 a. m. today and it went off the east side of the road about two miles south of Hanoverton.

The car went back onto the road, off the west side and hit a guardrail, causing moderate damage to the car. Kean was slightly injured, but officers said they did not know if he obtained medical treatment.

Oliver Showrder, 51, of West Middlesex, Pa., escaped injury when his rig slid off Route 7 about a half-mile north of Brookside Tuesday afternoon at 2:10.

He was headed north when the tractor-trailer went off the left side of the slippery road, officers reported.

Lunch was served 12 by Mrs. Marie Pugh and her committee. The next meeting will be Jan. 23 at the hall.

At Mahoning Valley School

Youths Offered Training For Work Opportunities

Area youths 16 through 21 no longer in high school and interested in job training are being offered an opportunity for six-month vocational education programs at the Mahoning Valley Vocational School.

Officials of the Bureau of Employment Services office of Walnut St. said applications are being scheduled to begin in February.

Room and board along with a training allowance will be provided the trainees who are accepted under the manpower training program.

—:—

THE COURSES to be offered next month will include general clerk, computer operator, welder, cook, auto service mechanic and building maintenance men.

About 14 district youths already have registered for the courses, mostly for welding and auto mechanic, but registration still can be made.

Authorities urge anyone interested in being a hotel or restaurant cook, computer operator or clerk to register. The number of applicants who can be accommodated will not be determined until all registrations are in at the school, located at the Air Force base at Vienna, north of Youngstown.

Non-Ohio residents may register, but will be accepted for courses only after Ohio youths are enrolled, it was explained.

—:—

SOME 40 youths from the East Liverpool - Wellsville area have attended the school since it was opened in 1964. Nineteen began training the past summer and 15 of these will be graduated in February.

SHOP TRAINING. Dave Bailey, left, and Patrick Simmons of East Liverpool are shown with Mahoning Valley Vocational School instructor Joseph Reto during a shop session.

The school first was established in order to help young men unprepared to compete for jobs in the present employment market, to train them in skills so they can get permanent jobs and to assist them in developing their own talents, good moral character and social responsibility.

The basic training program includes reading development or a remedial course; job orientation and personal development; mathematics — remedial or basic — to junior high level; special services, such as health and safety instruction, and programmed education, including language, algebra refresher, music theory, basic electricity, letter writing and logic.

The center has a dining hall, four dormitories, guidance office, vocational shops, gym, recreation center and dispensary.

—:—

UNDER the guidance office, trainees are assisted in obtaining the maximum education and, through counseling and other programs, are aided in job placement after graduation or a return to high school.

Charles Boso, manager of the Bureau of Employment Services here, and Ron Kline, job consultant for the office, said some 75 per cent of the youths from the area who have attended have been able to obtain better positions as a result of their training.

Applications are available at the BES office on Walnut St.

State Of The Union

President Concentrating On Message To Congress

SAN ANTONIO, Tex. (AP) — President Johnson concentrated today on the State of the Union message he will deliver to Congress shortly after its return to Washington next week.

Aides said the President was still polishing up some sections.

Congress reconvenes Jan. 15. It has been Johnson's custom to report to a joint session of the legislature on the nation's affairs within a day or two after they assemble. He usually prefers a night appearance, in prime television viewing time.

The date and time for the delivery of the State of the Union message have not yet been announced, however.

Nor has the President said when he will return to Washington. He went into his 16th day at the LBJ Ranch today, with Texas weather rainy, overcast and cold.

Johnson sent a message to a group of industrialists meeting in Washington Tuesday night, renewing his appeal to help stop the U. S. dollar drain and end a deficit in the balance of international payments

Secretary of the Treasury Henry H. Fowler read the President's statement at a dinner meeting of the U.S. Industrial Payroll Savings Committee.

Johnson congratulated the group for its "remarkable achievement" in selling $3.5 billion in U.S. savings bonds in 1967 under payroll deduction plans for 2,606,640 employes.

There was little official action Tuesday from the Texas White House.

But there were these appointments, subject to Senate confirmation:

William W. Sherrill, 41-year-old former Houston, Tex., businessman and city official, reappointed to the Federal Reserve Board. A Democrat, Sherrill was first appointed last April to fill the term of Charles N. Shepardson, who reached retirement age. Sherrill's new term is 14 years.

Elizabeth J. Kuck of Chicago, named to a $28,000-a-year post on the Equal Employment Opportunity Commission. Miss Kuck, 52, native of Readstown, Wis., an independent in politics, is supervisor for personnel policies and procedure for the International Harvester Co. She replaces Aileen Hernandez of California, who resigned a commission term that expires July 1, 1970.

Minerva Driver Hurt In Accident

A Minerva serviceman was injured when his car slammed into a guardrail along Route 644 near Hanoverton, while a Pennsylvania trucker was unhurt when his rig skidded off Route 7 near Brookside, the Ohio Highway Patrol at Lisbon reported.

John James Kean, 21, of Minerva, an Air Force enlisted man, lost control of his 1963 coach on a curve on Route 644 at 12:50 a. m. today and it went off the east side of the road about two miles south of Hanoverton.

The car went back onto the road, off the west side and hit a guardrail, causing moderate damage to the car. Kean was slightly injured, but officers said they did not know if he obtained medical treatment.

Oliver Showrder, 51, of West Middlesex, Pa., escaped injury when his rig slid off Route 7 about a half-mile north of Brookside Tuesday afternoon at 2:10.

He was headed north when the tractor-trailer went off the left side of the slippery road, officers reported.

Review Sports Editor

The Associated Press decision to postpone release of the state high school basketball rankings for a week caught everybody by surprise, especially those of us who wasted a telegram with our choices.

The UPI released its rankings, based on a poll of the coaches, yesterday, and East Liverpool placed 23rd. Columbus East, ranked No. 1 last year, is still No. 1, followed by Middletown, Cleveland East High and Toledo Central Catholic, all unbeaten. No one else in the top 10 is unbeaten.

The only teams remotely in this area ranked ahead of the Potters are Canton McKinley 12th, Canton Lehman 14th and Kent Roosevelt 22nd. Steubenville is tied for 39th. The Potters have 24 points, while the 10th ranked team has 54.

LAVERT FREEMAN of Steubenville was named the Ohio Valley Athletic Conference AAA player of the week. Freeman hit 41 points over the weekend as Big Red beat Martins Ferry and Steubenville Central. East Liverpool travels to Steubenville Friday night.

THAT SCORE of Ashland 61, Thiel 18 in yesterday's paper was no misprint. The high-flying Eagles, leading the country in defense, are now allowing their opponents only 35 points a game. East Liverpool's Joe Massey netted only one point for the Tomcats, coached by Bud Manes, also of East Liverpool. Thiel is 4-3 on the year.

THE LOCAL Kent State center will have a basketball team this year. Charles Leedy, a teacher at Stanton High, will be the coach. The schedule is not yet completed. Games will be played at Memorial Auditorium.

WILLIE MAYS said in a recent TV interview that he can play 7 or 8 more years in the majors. Willie is now 36.

MONACA'S Hal Woodeshick, who had a checkered career in both major leagues, has announced his retirement from baseball. Last year he pitched for the World Champion St. Louis Cardinals. Woodeshick now resides in Charleston, W. Va.

PAUL LEHNER, who played briefly for the Indians in 1951, died recently in Birmingham, Ala. He played in the American League from 1946 to 1952 and held the record for most putouts by a left fielder, 11.

JOSE PAGAN of the Pirates continues to lead the Puerto Rican League with a .355 batting average. Juan Pizarro has a 10-2 mark in the same loop. Pizarro leads the league in strikeouts with 98. Vic Davalillo of the Indians leads the Venezuelan League with a .375 mark and Luis Tiant is 5-5 in that league — with a 1.66 ERA.

KEN VENTURI is passing up the Bing Crosby Open because he can't grasp a club properly when the temperature is under 60 because of a circulatory ailment that affects his hands.

HALFBACK DOUG Heuer of Boardman has indicated that he will attend Wittenberg next year. Heuer averaged 5.3 yards a carry in 1967.

Rams Defeat Crafton, Share Section Lead

The South Side Rams dumped visiting Crafton 69-62 Tuesday night to take a share of the Section 17 lead with Center.

The Trojans invade South Side Friday night for an early-season showdown. Both teams are 2-0 in league play.

Ron Peden fired in 30 points and grabbed 22 rebounds to lead John Nace's team. Tom Doak added 12 markers and Francis Nash 10, and Dan Hartzell nabbed 12 rebounds. For Crafton, Butch Knetz scored 20, Karl Stewart 17 and Ray Marshall 10. South Side had a 46-45 rebounding edge.

The Rams are now 6-3 overall, Crafton 3-4. A late spurt in the third period put the winners ahead for good. Peden had 10 points and Doak three driving lay-ups in the period.

The win may have been costly for the Rams, however, Doak was taken to a hospital with an ankle injury and is doubtful for Friday's game, while Nash also sprained an ankle and Dale Person sprained a thumb.

Leading 30-29 going into the last period, the South Side reserves put together a 13-1 quarter to win 43-30. Jim Searight had 15 and Doug Williamson 10 for the winners and Charles Backus 19 for the losers.

Karas' Late Fouls Decide

By TURK PIERCE
Review Sports Editor

Midland suffered its first Section 6 defeat Tuesday night after two wins, as Hopewell rallied to win 55-51 on the Leopard floor.

The Leopards trailed only 52-51 and had the ball with 45 seconds to go but couldn't get off a shot the rest of the game. Midland led 26-18 at halftime, but the Vikings came back and there was never a difference of more than four points most of the second half.

Dave Vanlier led the Leopards with 22 points and Dave Franitti added 11. Tom Minzak hit 19 for the Vikings and Mike Karas and Tony Frank had 13 each. The 6-5 Karas grabbed 13 rebounds, but was held to only two field goals. He connected on 9 of 14 fouls shots, however, including three crucial ones at the end of the game. All his points came in the second half. Frank added 10 rebounds and Hopewell led in this department 39-35. Vanlier and Bob Needs grabbed 10 each for Midland.

The Leopards shot 40 per cent to 37.5 for the visitors, and had four more field goals. But Hopewell connected on 19 of 27 from the foul line, while Midland had only 10 shots, converting seven. Both teams pressed most of the game, but Midland had only 12 turnovers to 17 for Hopewell.

The win gave Milan Markovich's Vikings a 3-0 mark in league play for a share of the lead and a 8-3 record overall.

The first period was close until two long shots by Frank Johnson gave the Leopards a 17-12 margin. Hopewell was held scoreless the last 2:50 of the second period as Vanlier threw in five points to give the home team its biggest lead of the game at 28-18. The Vikings went 3 fo 18 from the floor this period. Minzak and Karas each got six points to get Hopewell close in the third stanza, while seven points by Vanlier kept the Leopards ahead.

In the fourth quarter the lead shifted back and forth, with Howard Leak hitting two foul shots with 2:24 left to put Midland up for the last time, 47-46. Two buckets by Minzak made it 50-47 with 1:30 left, but Vanlier countered with a long shot 10 seconds later. Minzak made two foul shots with 1:14 left, but again Vanlier came through with a long shot and the Leopards were down only 52-51 with 55 seconds on the clock.

Vanlier then forced a jump ball and controlled the tip. After a time - out, Midland went into a weave pattern, and finally the ball went into Franitti beside the lane. He went to drive for a shot but was tied up by Karas, who controlled the jump with 14 seconds left. Franitti then fouled Karas, with eight seconds to go, and the big Viking made the first, but missed the second, with Needs rebounding.

In his hurry to get the ball upcourt, however, Needs threw the ball into the stands, and Hopewell regained possession. Karas was fouled again and converted two shots with three seconds to go for the final margin.

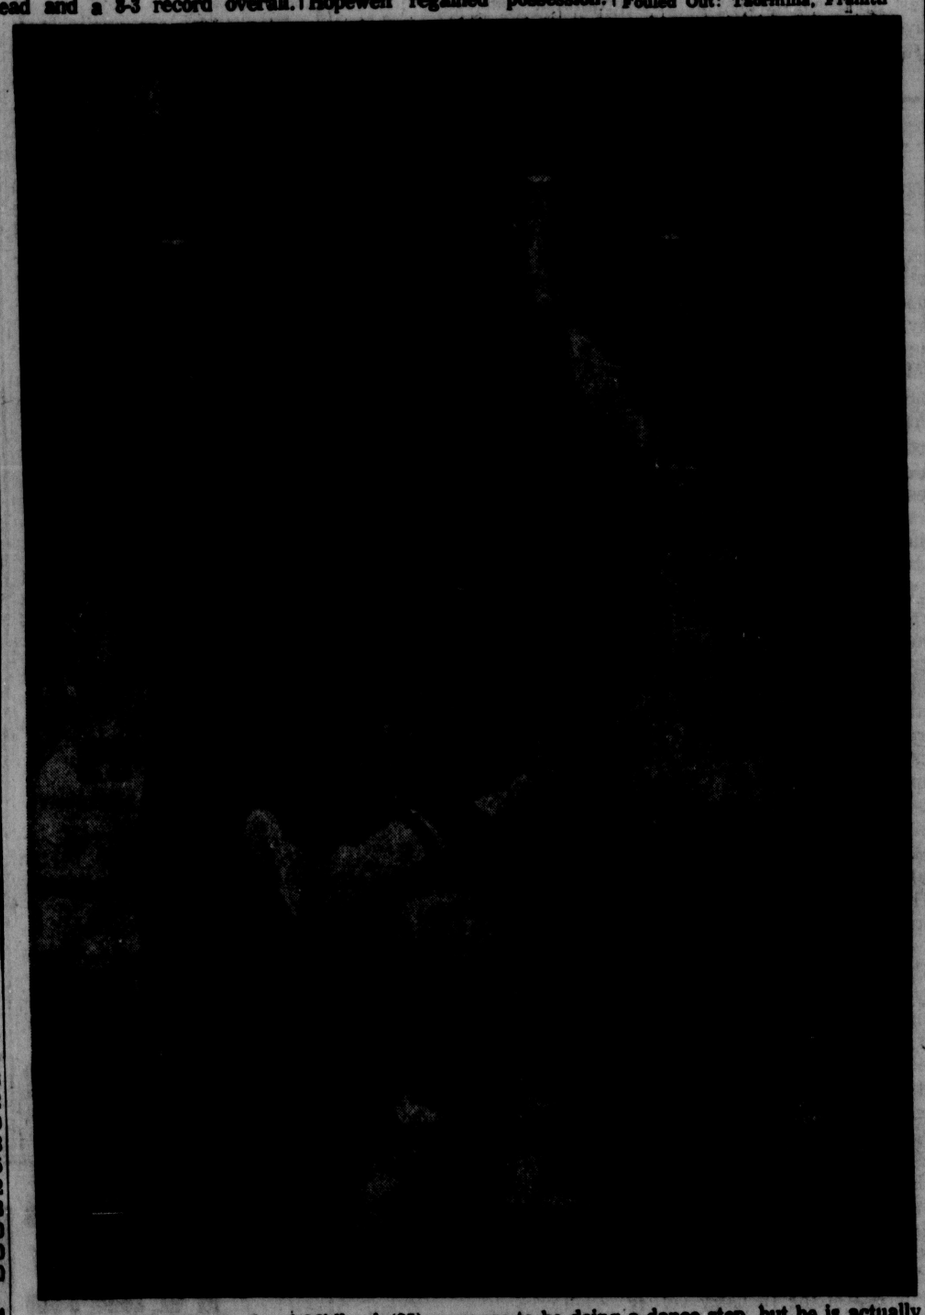

Losing coach Ed Olkowski said after the game "the kids played their hearts out, that's all you can ask." He praised Needs for a fine defensive game, and lamented that the lack of experience on the team was the reason for sophomore Franitti ending up with the ball the last time Midland had possession instead of Vanlier, who was not only the most experienced player but who was holding a hot hand.

In a very sloppy reserve game Midland lost 58-50. The Vikings ran off nine straight for an 11-3 lead, saw it cut to 17-15, but pulled away every time Midland made it close. Tommy Vanlier had 18 for the Leopards and Joe Molinaro netted 16 and Pete Sternart 14 for the winners. Molinaro grabbed 16 rebounds while Roger Singleton pulled down 12 in a losing cause.

Friday Midland travels to New Brighton.

Follansbee Stops Oak Glen

The Oak Glen Golden Bears traveled to Follansbee last night and were handed a 69-58 defeat by the Blue Wave.

Bob Starkey's team suffered its fifth loss in nine tries, while Follansbee is now 5-2. Jim Carnes hit 19, Dan Crago 17 and John Roach 12 for the Golden Bears, while Bill Conley had 20, Artie Baldauf 17 and Jerry James 15 for the home club.

Oak Glen never led after the early going, but the contest was close all the way. The Golden Bears trailed only 44-40 going into the final stanza, but Follansbee gradually pulled away. The Blue Wave had a commanding 60-31 rebounding lead, and got numerous follow - up shots, while generally limiting Oak Glen to one shot at a time.

Follansbee also shot 38 per cent to 32 per cent for the visitors. But the Blue Wave committed 18 turnovers to 10 for Oak Glen, giving the Golden Bears more chances.

In the reserve contest the visitors suffered their first defeat of the season, by a 55-43 margin. Bob Conley had 16 for the winners and Steve Staley nine for the losers.

Earl The Pearl Leads Bullets Over Royals

By The Associated Press

Earl "The Pearl" returned to the place where his brilliance first attracted attention and proved the glow still is there.

"The Pearl" is Earl Monroe of the Baltimore Bullets and he led them to a 121-118 National Basketball Association victory over the Cincinnati Royals Tuesday night in Winston-Salem, N.C., where he starred in college.

In other games, St. Louis came from behind for an easy 121-109 victory over Chicago at Evansville, Ind. The New York Knicks won their fifth straight with a 118-105 victory over host San Diego and Detroit whipped San Francisco 118-102 at Oakland.

Monroe equaled his season high with 37 points and his two free throws with two minutes left pulled the Bullets out of a jam after Cincinnati got within reach at 115-114. Kevin Loughery followed with a basket and Baltimore was safely ahead 119-114.

Oscar Robertson led the Royals with 27 points.

Hopewell Rallies To Hand Midland 1st Section Loss 55-51

Sports Whirled

By TURK PIERCE
Review Sports Editor

The Associated Press decision to postpone release of the state high school basketball rankings for a week caught everybody by surprise, especially those of us who wasted a telegram with our choices.

The UPI released its rankings, based on a poll of the coaches, yesterday, and East Liverpool placed 23rd. Columbus East, ranked No. 1 last year, is still No. 1, followed by Middletown, Cleveland East High and Toledo Central Catholic, all unbeaten. No one else in the top 10 is unbeaten.

The only teams remotely in this area ranked ahead of the Potters are Canton McKinley 12th, Canton Lehman 14th and Kent Roosevelt 22nd. Steubenville is tied for 39th. The Potters have 24 points, while the 10th ranked team has 54.

LAVERT FREEMAN of Steubenville was named the Ohio Valley Athletic Conference AAA player of the week. Freeman hit 41 points over the weekend as Big Red beat Martins Ferry and Steubenville Central. East Liverpool travels to Steubenville Friday night.

THAT SCORE of Ashland 61, Thiel 18 in yesterday's paper was no misprint. The high-flying Eagles, leading the country in defense, are now allowing their opponents only 35 points a game. East Liverpool's Joe Massey netted only one point for the Tomcats, coached by Bud Manes, also of East Liverpool. Thiel is 4-3 on the year.

THE LOCAL Kent State center will have a basketball team this year. Charles Leedy, a teacher at Stanton High, will be the coach. The schedule is not yet completed. Games will be played at Memorial Auditorium.

WILLIE MAYS said in a recent TV interview that he can play 7 or 8 more years in the majors. Willie is now 36.

MONACA'S Hal Woodeshick, who had a checkered career in both major leagues, has announced his retirement from baseball. Last year he pitched for the World Champion St. Louis Cardinals. Woodeshick now resides in Charleston, W. Va.

PAUL LEHNER, who played briefly for the Indians in 1951, died recently in Birmingham, Ala. He played in the American League from 1946 to 1952 and held the record for most putouts by a left fielder, 11.

JOSE PAGAN of the Pirates continues to lead the Puerto Rican League with a .355 batting average. Juan Pizarro has a 10-2 mark in the same loop. Pizarro leads the league in strikeouts with 98. Vic Davalillo of the Indians leads the Venezuelan League with a .375 mark and Luis Tiant is 5-5 in that league — with a 1.66 ERA.

KEN VENTURI is passing up the Bing Crosby Open because he can't grasp a club properly when the temperature is under 60 because of a circulatory ailment that affects his hands.

HALFBACK DOUG Heuer of Boardman has indicated that he will attend Wittenberg next year. Heuer averaged 5.3 yards a carry in 1967.

Midland suffered its first Section 6 defeat Tuesday night after two wins, as Hopewell rallied to win 55-51 on the Leopard floor.

The Leopards trailed only 52-51 and had the ball with 45 seconds to go but couldn't get off a shot the rest of the game. Midland led 26-18 at halftime, but the Vikings came back and there was never a difference of more than four points most of the second half.

Dave Vanlier led the Leopards with 22 points and Dave Franitti added 11. Tom Minzak hit 19 for the Vikings and Mike Karas and Tony Frank had 13 each. The 6-5 Karas grabbed 13 rebounds, but was held to only two field goals. He connected on 9 of 14 fouls shots, however, including three crucial ones at the end of the game. All his points came in the second half. Frank added 10 rebounds and Hopewell led in this department 39-35. Vanlier and Bob Needs grabbed 10 each for Midland.

The Leopards shot 40 per cent to 37.5 for the visitors, and had four more field goals. But Hopewell connected on 19 of 27 from the foul line, while Midland had only 10 shots, converting seven. Both teams pressed most of the game, but Midland had only 12 turnovers to 17 for Hopewell.

The win gave Milan Markovich's Vikings a 3-0 mark in league play for a share of the lead and a 8-3 record overall.

The first period was close until two long shots by Frank Johnson gave the Leopards a 17-12 margin. Follansbee Stops Oak Glen

The Oak Glen Golden Bears traveled to Follansbee last night and were handed a 69-58 defeat by the Blue Wave.

Bob Starkey's team suffered its fifth loss in nine tries, while Follansbee is now 5-2. Jim Carnes hit 19, Dan Crago 17 and John Roach 12 for the Golden Bears, while Bill Conley had 20, Artie Baldauf 17 and Jerry James 15 for the home club.

Oak Glen never led after the early going, but the contest was close all the way. The Golden Bears trailed only 44-40 going into the final stanza, but Follansbee gradually pulled away. The Blue Wave had a commanding 60-31 rebounding lead, and got numerous follow - up shots, while generally limiting Oak Glen to one shot at a time.

Follansbee also shot 38 per cent to 32 per cent for the visitors. But the Blue Wave committed 18 turnovers to 10 for Oak Glen, giving the Golden Bears more chances.

In the reserve contest the visitors suffered their first defeat of the season, by a 55-43 margin. Bob Conley had 16 for the winners and Steve Staley nine for the losers.

Oak Glen hosts Wellsville Friday night.

Earl The Pearl Leads Bullets Over Royals

By The Associated Press

Earl "The Pearl" returned to the place where his brilliance first attracted attention and proved the glow still is there.

"The Pearl" is Earl Monroe of the Baltimore Bullets and he led them to a 121-118 National Basketball Association victory over the Cincinnati Royals Tuesday night in Winston-Salem, N.C., where he starred in college.

In other games, St. Louis came from behind for an easy 121-109 victory over Chicago at Evansville, Ind. The New York Knicks won their fifth straight with a 118-105 victory over host San Diego and Detroit whipped San Francisco 118-102 at Oakland.

Monroe equaled his season high with 37 points and his two free throws with two minutes left pulled the Bullets out of a jam after Cincinnati got within reach at 115-114. Kevin Loughery followed with a basket and Baltimore was safely ahead 119-114.

Oscar Robertson led the Royals with 27 points.

Rick Mount Scores 40 In Victory

By The Associated Press

Rick Mount is getting used to playing without his steel lining, and this still could provide a silver lining to what has been a disappointing basketball season for Purdue.

With the much-publicized sophomore wearing a steel lining in his left shoe because of a broken bone suffered last October, Purdues taggered to a 5-4 record.

Then last Saturday, Mount played without the lining as the Boilermakers opened their Big Ten season against Ohio State. But Mount scored only 19 points and Purdue lost 108-80.

However, in a Big Ten game at Wisconsin Tuesday night, Mount looked as if he's ready to concentrate on providing support instead of depending on it, by hitting on 16 of 32 field goals attempts and eight straight foul shots for a collegiate high of 40 points in Purdue's 99-79 victory.

Purdue's state rival, Indiana, also won. But the defending league champion Hoosiers had a much more difficult time, edging home team Illinois 61-60 in overtime to run their Big Ten record to 2-0 and their over-all mark to 8-3.

Vern Payne's basket with 28 seconds left won it for Indiana. A field goal by Les Bushboom and Jodie Harrison's two fouls shots enabled Illinois to send the game into overtime at 55-55.

Kent State upset Toledo 68-66, ending the Rockets' six-game winning streak as Bruce Burden and Fred Brown sank two free throws each in the last 40 seconds of the Mid-American Conference game at Toledo, Ohio.

In another overtime thriller, Roger Brown's foul shot with 12 seconds left gave Canisius a 66-65 road victory at Syracuse. A jump shot by Canisius' Tom Hardeman at the buzzer sent the game into extra period.

And in a Southern Conference game at Richmond, Va., the hometown Spiders fell victim to some foul play. Virginia Military made 37 of 38 foul shots in beating Richmond 91-85.

In other games, Duke trounced Clemson 101-79, Yale blasted Brown 86-54, Duquesne drubbed Iowa 100-47, Kansas State upended Nebraska 78-62, Oklahoma edged Oklahoma State 61-58.

Wichita State ripped North Texas 81-63, Rice nipped Southern Methodist 73-71, Texas outlasted Texas Christian 66-65, Baylor whipped Arkansas 80-69 and New Mexico State thrashed Santa Fe 105-62. All were home victories.

St. Joseph's Pa., beat Xavier, Ohio, 71-60 and Temple topped Pennsylvania 72-64 in a doubleheader at Philadelphia, and LaSalle scored a road victory, 71-51 over New Orleans Loyola.

Kent State Upsets Toledo

By The Associated Press

Kent State's Golden Flashes put a dent in Toledo's Mid-American Conference basketball record Tuesday night, beating the Rockets 68-66 on the Rockets' court.

Toledo, tabbed the team to beat in the MAC race, saw a six-game winning streak stopped in addition to suffering in four games.

Kent's upset victory was the result of fine defensive play and last second free throw shooting by Bruce Burden and Fred Brown. Bill Bullock, besides leading the Kent scoring with 16 points, held Toledo's high-scoring John Brisker to eight points.

"They outhustled us and outplayed us. We had to play catch-up basketball and we didn't do it very well," said Toledo coach Bob Nichols.

Kent Coach Frank Truitt called it "one of our better games. I'm pleased with the way the boys held their poise. Bullock did an excellent defensive job on Brisker."

Kent, now 4-6 on the season and 1-1 in the conference, trailed at halftime 34-29. But led by Bullock, the Golden Flashes spurted to a 48-40 lead in the second half. Toledo fought back to a 64-64 tie with only 40 seconds left, but Burden and Brown then sank a pair of free throws each to seal the victory.

Brown was fouled after he stole the ball from Brisker.

In the Ohio Conference race, Otterbein shot into a first-place tie with Ohio Wesleyan as the Otters whipped Baldwin-Wallace 62-53. Otterbein, paced by Jim McKee with 19 points and Lorenzo Hunt with 18, led all the way.

In other Ohio Conference action, Denison belted Capital 103-83, ending the Crusaders three-game winning streak; Wooster clipped Hiram 71-61 and Muskingum downed Mount Union 63-58.

Xavier, having a tough time this season, lost a 71-60 decision to St. Joseph's at Philadelphia. The Musketeers, now 3-9, led by as much as seven points late in the first half, but couldn't hold on.

In the only other Ohio games, Defiance (10-1) smashed Cedarville 102-59 in Mid-Ohio Conference play, Kenyon beat Washington, Mo., 91-77 with John Rinks scoring 30 points and John Dunlop 29, and Case defeated Adelbert 89-73.

W. Beaver Plays Defense, Beats West Allegheny

Making good on a prophecy by Coach John Dudo, the Western Beaver Golden Beavers evened their second 17 record at 1-1 and won their second game in 12 starts by beating West Allegheny 42-34 at Western Beaver Tuesday night.

The Golden Beavers had given up at least 103 points in four of their last five games, topped by a 105-90 loss at Crafton Friday, and Dudo decided to teach his club some defense. He stated that West Allegheny would not get more than 35 points, and by slowing down the pace of the game and waiting for the good shot Western not only made his forecast come true but bagged a victory to boot.

The Golden Beavers trailed 13-9 after one period, but took a 22-18 halftime lead and never lost it. John Petchel scored 15 and Sam Liberatore 10 for Western. Jim Quinn netted 12 for the visitors. Liberatore grabbed 15 rebounds and Quinn 11, as the winners led in that department 33-31. Western shot 33 per cent from the floor, West Allegheny 29 per cent.

To make it a completely satisfying night for Golden Beaver fans, the JVs won their first after 11 losses, 56-41. Ron Misorski scored 17 for the winners and Bob Orel 11 for the losers Friday Western continues section play by traveling to Carnegie.

East Wins ABA Star Game

INDIANAPOLIS, Ind. (AP) — Big Mel Daniels, his Minnesota teammate Don Freeman and hometown favorite Louie Dampier generated the East rebounding and scoring punch right on cue.

The result was a 126-120 victory over the West in the first American Basketball Association All-Star game Tuesday night. A crowd of 10,872 watched the game which was televised to the league's other 10 cities and Los Angeles and New York.

Daniels, who scored only eight points the first half, came back with 14 in the second half—including three baskets and two free throws in the last 3½ minutes. He also grabbed 15 rebounds, a category in which he leads the ABA.

Freeman hit four points and Dampier, a Kentucky Colonel, had two in that final charge. Freeman finished with 20 points, and Dampier 18.

Three members of the New Orleans Buccaneers played key roles in leading an unsuccessful rally in the fourth quarter.

Larry Brown, 5-foot-9, and James Jones scored all of the West's last 17 points.

Brown, the league's smallest player who was named to the West team as a substitute for Army-bound Bob Verga, was named the game's Most Valuable Player. He scored 17 points, tying for team top honors with New Orleans' teammate Doug Moe.

W. Beaver Plays Defense, Beats West Allegheny

Making good on a prophecy by Coach John Dudo, the Western Beaver Golden Beavers evened their second 17 record at 1-1 and won their second game in 12 starts by beating West Allegheny 42-34 at Western Beaver Tuesday night.

The Golden Beavers had given up at least 103 points in four of their last five games, topped by a 105-90 loss at Crafton Friday, and Dudo decided to teach his club some defense. He stated that West Allegheny would not get more than 35 points, and by slowing down the pace of the game and waiting for the good shot Western not only made his forecast come true but bagged a victory to boot.

The Golden Beavers trailed 13-9 after one period, but took a 22-18 halftime lead and never lost it. John Petchel scored 15 and Sam Liberatore 10 for Western. Jim Quinn netted 12 for the visitors. Liberatore grabbed 15 rebounds and Quinn 11, as the winners led in that department 33-31. Western shot 33 per cent from the floor, West Allegheny 29 per cent.

To make it a completely satisfying night for Golden Beaver fans, the JVs won their first after 11 losses, 56-41. Ron Misorski scored 17 for the winners and Bob Orel 11 for the losers

Friday Western continues section play by traveling to Carnegie.

East Wins ABA Star Game

INDIANAPOLIS, Ind. (AP) — Big Mel Daniels, his Minnesota teammate Don Freeman and hometown favorite Louie Dampier generated the East rebounding and scoring punch right on cue.

The result was a 126-120 victory over the West in the first American Basketball Association All-Star game Tuesday night. A crowd of 10,872 watched the game which was televised to the league's other 10 cities and Los Angeles and New York.

Daniels, who scored only eight points the first half, came back with 14 in the second half—including three baskets and two free throws in the last 3½ minutes. He also grabbed 15 rebounds, a category in which he leads the ABA.

Freeman hit four points and Dampier, a Kentucky Colonel, had two in that final charge. Freeman finished with 20 points, and Dampier 18.

Three members of the New Orleans Buccaneers played key roles in leading an unsuccessful rally in the fourth quarter.

Larry Brown, 5-foot-9, and James Jones scored all of the West's last 17 points.

Brown, the league's smallest player who was named to the West team as a substitute for Army-bound Bob Verga, was named the game's Most Valuable Player. He scored 17 points, tying for team top honors with New Orleans' teammate Doug Moe.

Bart Starr Respects Oakland's Secondary

MIAMI, Fla. (AP) — Lonely Willie Brown figures to have plenty of company in Oakland's defensive secondary once Green Bay quarterback Bart Starr goes to work in Sunday's Super Bowl game.

But Starr won't throw aimlessly with Brown and Kent McCloughan manning Oakland's cornerback slots.

"Their defensive films indicate great over-all quickness," said Starr Tuesday as the National Football League champion Packers settled down to serious work for Sundays big one against the Raiders, champions in the American Football League.

"They have quick tackles, linebackers and backs," Starr continued. "They seem to work very well as an 11-man unit."

If Starr admires the Raider defenders, they're quick to return the compliment.

"The biggest thing about the Green Bay receivers is the very good timing they have with the quarterback," said Brown. "Starr seems to throw on the break. He seems to know when they're going to break."

How then, do the Raiders plan to defend against Starr's passes?

"At Oakland we play it man-to-man," said Brown.

"I think we're the only two in either league." he said of himself and McCloughan, "That play it strictly man-to-man without much help. Sometimes you feel pretty lonesome out there."

McCloughan is impressed by the size of Green Bay's primary receivers, Boyd Dowler and Carroll Dale.

"Both of them are bigger men than we are used to," he said. "I've never played against any that big. They have the size of tight ends, but they have better speed than tight end speed."

Dale is 6-foot-2, 200 pounds and Dowler 6-foot-5, 225.

Dale, who often switches sides when he lines up, will be running patterns on both sides of the field and facing both Brown and McCloughan.

"They certainly are not patsies," he said. "Both of them have made the All-League team in the past and it looks to me like they are mighty quick. Oakland seems to mix things pretty well on defense. Sometimes man-for-man, sometimes combination, sometimes tight, sometimes loose."

Dale's observations of the Raiders like McCloughan's and Brown's reactions to the Packers, are based on films of the last three games which the teams exchanged. It was a swap that left Packer Coach Vince Lombardi less than delighted.

"Since Oakland had it clinched early," said Lombardi, "that is not what I wanted. Why did I agree then? If I hadn't agreed, I guess I'd be what they accuse me of being."

That, of course, is pro football's most difficult man to please. Lombardi wasn't awfully pleased after the Packers' Tuesday workout.

"We had a hard contact drill . . .looked a little sluggish," the Packer coach said. "They tried hard but were just a little sluggish, particularly the offense. But that will be corrected."

From the way he said it, you get the impression it will.

Kansas City Franchise To Be Given

KANSAS CITY (AP) — Kansas City's new baseball owner will be chosen here Thursday by American League owners, who have awarded the city a 1969 expansion franchise to replace Charles O. Finley's Oakland Athletics.

The 50 officials and owners here for the first full league meeting ever held in Kansas City also will discuss the expansion player draft, but league president Joe Cronin expects no final decision on the draft until this summer.

A four-man screening committee will submit its choice to the owners, who are expected to approve. The league normally favors one-man ownership. This is the reason speculation centers on Ewing Kauffman, president of Marion Laboratories. Kauffman is the only applicant offering sole ownership.

The other three applicants are groups headed by John Latshaw, vice president of E. F. Hutton & Co.; Alex Barket, president of Civic Plaza National Bank; and Richard Stern, president of Stern Brothers & Co., investment bankers, together with Crosby Kemper Sr., retired chairman of City National Bank. Stern and Kemper propose to resell up to 75 per cent of the stock to the public.

Brisker MAC Cage Top Player

COLUMBUS, Ohio (AP) — John Brisker, Toledo's high scoring junior forward, is the Mid-American Conference basketball player of the week.

The 6-foot-5 product of Hamtramck, Mich., was a key factor in two Toledo victories last week. The Rockets nipped Bowling Green in overtime 73-69, and also needed an overtime session to topple Miami 97-89.

Against the Falcons, Brisker scored 26 points and grabbed 13 rebounds. In the Miami game he had 29 tallies and was credited with 10 rebounds.

Others nominated included Bowling Green's Walt Piatkowski; Kent State's Doug Grayson; Bob Reed of Marshall; Miami's Fred Foster; John Canine of Ohio University and Reggie Lacefield of Western Michigan.

Rick Barry Appearing In Crosby

PEBBLE BEACH, Calif. (AP) — Two young champions making their first appearances in the Bing Crosby Pro-Am Golf Tournament will share the spotlight the next four days with such perennial stars as Jack Nicklaus, Bill Casper and Arnold Palmer.

They are Bob Dickson of Muskogee, Okla., only the third man ever to win the British and U.S. Amateur titles in the same year, and Rick Barry, scoring champion of the National Basketball Association last season.

Dickson is paired with Casper, who is seeking his third Crosby victory and is favored to win or finish high in both the pro and pro-am division. First money is $16,000 and $2,700, respectively.

Barry, who has been shooting in the 70s and low 80s while under a court order not to play with any team except the San Francisco Warriors before his option expires, will pair with young Ray Floyd, former International Jaycee Amateur champion.

The $104,500 tournament, the 27th in Bing's series, pairs 168 pros with 168 amateurs. They will rotate the first three days over three courses: Pebble Beach, Cypress Point and new Spyglass Hill, a Crosby site only a second year. Each is par 72.

Sunday, those who survive the cut will play the final 18 holes over exacting and often wind-swept Pebble Beach.

Nicklaus will defend the crown he won last year with 284. Casper was runner-up with 289 and Palmer third with 291.

Back to defend their pro-am laurels are the Souchak brothers, Mike and Frank, whose 259 was three shots better than three teams tied for second.

Linebacker John Brewer Retires

CLEVELAND (AP) — The Cleveland Browns may have to make an off-season trade for a linebacker, following the retirement of John Brewer.

Brewer, regular right side linebacker for two years, said Tuesday he is quitting to devote full time to his insurance business.

Also, rookie linebacker Bob Matheson leaves next month for two years in the Army. Another rookie, Bill Andrews, is committed to the Marine Corps until September.

The Browns now have two regular linebackers, Jim Houston on the left side and Dale Lindsey in the middle.

Brewer, 30, said he didn't want to retire and added "it will tear a part of my heart out. Come July, my feet are going to itch. I think I could play three, four or five more good years."

NCAA Studies Ways To Reduce Injuries

By RON RAPOPORT
Associated Press Sports Writer

NEW YORK (AP) — Proposals to study and try to eliminate head and neck injuries in college football have been approved at the annual convention of the National Collegiate Athletic Association.

Carl Blyth of the NCAA's joint commission on competitive safeguards and medical aspects of sports announced Tuesday that two studies would be made in the coming year.

The possibility of refining the football helmet to "insure the ultimate protection of football players" will be undertaken at the University of Michigan, Blyth said. Recommendations are also to be made of techniques to reduce head and spinal injuries.

A study at Maryville, Tenn., College will be undertaken to evaluate the neck collar currently in use in college football to see if it is doing the job it is supposed to, Blyth said. To date, he added, no research has been made in that area.

In other action taken at the convention, Abe Martin, former head coach and now athletic director at Texas Christian, was named winner of the Amos Alonzo Stagg award for service to football by the trustees of the American Football Coaches Association.

Also on the award front, former Massachusetts Senator Leverett Saltonstall was given the Theodore Roosevelt Award at the NCAA's annual honors award luncheon.

The award cited Saltonstall's "devotion to intercollegiate athletics as an undergraduate and his continuing dedication to higher athletics."

The finals of the 1970 NCAA basketball tournament were awarded to the University of Maryland and will be played March 19-21. The format for that year and 1969 will be changed to have the semifinal games played on Thursday night and the finals on Saturday afternoon.

And yet another voice was added to the chorus taking part in the controversy between the NCAA and the Amateur Athletic Union over the control of amateur track. This time it was Theodore Kheel, chairman of the federal panel trying to solve the problem.

Kheel promised that the long-awaited decision of the panel would be made soon and "we expect the principals to be morally bound to abide by the decision."

Kheel indicated the ruling would come before the meet of the U.S. Track and Field Federation, scheduled for Feb. 9 at Madison Square Garden.

The federation will not ask the AAU to sanction its meet and college athletes who compete in it against open athletes could lose their AAU-given eligibility to compete in international meets.

NFL Players Attempt To Fend Off Teamsters

HOLLYWOOD, Fla. (AP) — Teamster union organizers may have a few plays to go in efforts to bring professional football players onto their team, but representatives of players from both leagues dodged the teamster blitz by asking that their league associations be certified as unions.

The American Football League Players Association voted Tuesday to ask that the National Labor Relations Board declare the group is official spokesman for the players.

The National Football League Players Association took similar action Monday and followed up Tuesday with a wire to Art Modell, president of the NFL, asking for immediate negotiations.

But the early move by the teamsters may have stalled immediate recognition. A telegram to league officials, team owners and the NLRB from Harold J. Gibbons, vice president of the Teamsters International, said an affiliate union had an interest in representing the players in collective bargaining.

Gibbons said the notice by the affiliate, the American Federation of Professional Athletes, would legally block the teams and leagues from entering into agreements with associations.

"If the owners fail to recognize voluntarily that we represent a majority," Gibbons said, "We will then proceed to file for a representation election under the NLRB."

The new AFL president, Jack Kemp, quarterback for the Buffalo Bills, said the football business is based on individual and team competition which "precludes the type of traditional union organization which doesn't recognize these aspects of the business."

South Side Ends String Of 60 Losses

The South Side Beaver Junior High basketball team won yesterday, the first win since 1963.

The Little Rams edged Western Beaver 33-32, with Bruce Walker high with nine points. The losing streak for the team had reached 60, six this year. The last time the team won, the present seniors at South Side were in seventh grade.

Bud Steffen Re-Elected President

Bud Steffen was reelected president of the Blue and White Nonpareil club at its meeting last night at the YMCA.

Bob Laughlin was elected vice president, Tom Sullivan secretary, Dick Smith treasurer and John Douglas, Terry Fullerton, Tom Rodfong and Joe Anderson trustees.

A donation of $50 was made to the YMCA for the use of the meeting room. The first Tuesday of each month was designated as meeting night, with the next meeting set for 7:30 Feb. 6, with refreshments to follow.

A schedule was drawn up for the Nonpareil sponsored Little Potters Basketball League for boys in grades 6-8.

All games will be played at Westgate, with the first game of doubleheaders starting at 6:30. Play gets underway tomorrow night, with Glenmoor meeting downtown and Northside facing East End.

The remaining schedule:
Jan. 18 — Glenmoor vs. Northside, Downtown vs. East End
Jan. 25 — East End vs. Glenmoor, Northside vs. Downtown
Feb. 1 — Downtown vs. East End, Northside vs. Glenmoor

Bart Starr Respects Oakland's Secondary

MIAMI, Fla. (AP) — Lonely Willie Brown figures to have plenty of company in Oakland's defensive secondary once Green Bay quarterback Bart Starr goes to work in Sunday's Super Bowl game.

But Starr won't throw aimlessly with Brown and Kent McCloughan manning Oakland's cornerback slots.

"Their defensive films indicate great over-all quickness," said Starr Tuesday as the National Football League champion Packers settled down to serious work for Sundays big one against the Raiders, champions in the American Football League.

"They have quick tackles, linebackers and backs," Starr continued. "They seem to work very well as an 11-man unit."

If Starr admires the Raider defenders, they're quick to return the compliment.

"The biggest thing about the Green Bay receivers is the very good timing they have with the quarterback," said Brown. "Starr seems to throw on the break. He seems to know when they're going to break."

How then, do the Raiders plan to defend against Starr's passes?

"At Oakland we play it man-to-man," said Brown.

"I think we're the only two in either league." he said of himself and McCloughan, "That play it strictly man-to-man without much help. Sometimes you feel pretty lonesome out there."

McCloughan is impressed by the size of Green Bay's primary receivers, Boyd Dowler and Carroll Dale.

"Both of them are bigger men than we are used to," he said. "I've never played against any that big. They have the size of tight ends, but they have better speed than tight end speed."

Dale is 6-foot-2, 200 pounds and Dowler 6-foot-5, 225.

Dale, who often switches sides when he lines up, will be running patterns on both sides of the field and facing both Brown and McCloughan.

"They certainly are not patsies," he said. "Both of them have made the All-League team in the past and it looks to me like they are mighty quick. Oakland seems to mix things pretty well on defense. Sometimes man-for-man, sometimes combination, sometimes tight, sometimes loose."

Dale's observations of the Raiders like McCloughan's and Brown's reactions to the Packers, are based on films of the last three games which the teams exchanged. It was a swap that left Packer Coach Vince Lombardi less than delighted.

"Since Oakland had it clinched early," said Lombardi, "that is not what I wanted. Why did I agree then? If I hadn't agreed, I guess I'd be what they accuse me of being."

That, of course, is pro football's most difficult man to please. Lombardi wasn't awfully pleased after the Packers' Tuesday workout.

"We had a hard contact drill . . .looked a little sluggish," the Packer coach said. "They tried hard but were just a little sluggish, particularly the offense. But that will be corrected."

From the way he said it, you get the impression it will.

Kansas City Franchise To Be Given

KANSAS CITY (AP) — Kansas City's new baseball owner will be chosen here Thursday by American League owners, who have awarded the city a 1969 expansion franchise to replace Charles O. Finley's Oakland Athletics.

The 50 officials and owners here for the first full league meeting ever held in Kansas City also will discuss the expansion player draft, but league president Joe Cronin expects no final decision on the draft until this summer.

A four-man screening committee will submit its choice to the owners, who are expected to approve. The league normally favors one-man ownership. This is the reason speculation centers on Ewing Kauffman, president of Marion Laboratories. Kauffman is the only applicant offering sole ownership.

The other three applicants are gnoups headed by John Latshaw, vice president of E. F. Hutton & Co.; Alex Barket, president of Civic Plaza National Bank; and Richard Stern, president of Stern Brothers & Co., investment bankers, together with Crosby Kemper Sr., retired chairman of City National Bank. Stern and Kemper propose to resell up to 75 per cent of the stock to the public.

Brisker MAC Cage Top Player

COLUMBUS, Ohio (AP) — John Brisker, Toledo's high - scoring junior forward, is the Mid-American Conference basketball player of the week.

The 6-foot-5 product of Hamtramck, Mich., was a key factor in two Toledo victories last week. The Rockets nipped Bowling Green in overtime 73-69, and also needed an overtime session to topple Miami 97-89.

Against the Falcons, Brisker scored 26 points and grabbed 13 rebounds. In the Miami game he had 20 tallies and was credited with 10 rebounds.

Otheres nominated included Bowling Green's Walt Piatkowski; Kent State's Doug Grayson; Bob Reed of Marshall; Miami's Fred Foster; John Canine of Ohio University and Reggie Lacefield of Western Michigan.

Rick Barry Appearing In Crosby

PEBBLE BEACH, Calif. (AP) — Two young champions making their first appearances in the Bing Crosby Pro-Am Golf Tournament will share the spotlight the next four days with such perennial stars as Jack Nicklaus, Bill Casper and Arnold Palmer.

They are Bob Dickson of Muskogee, Okla., only the third man ever to win the British and U.S. Amateur titles in the same year, and Rick Barry, scoring champion of the National Basketball Association last season.

Dickson is paired with Casper, who is seeking his third Crosby victory and is favored to win or finish high in both the pro and pro-am division. First money is $16,000 and $2,700, respectively.

Barry, who has been shooting in the 70s and low 80s while under a court order not to play with any team except the San Francisco Warriors before his option expires, will pair with young Ray Floyd, former International Jaycee Amateur champion.

The $104,500 tournament, the 27th in Bing's series, pairs 168 pros with 168 amateurs. They will rotate the first three days over three courses: Pebble Beach, Cypress Point and new Spyglass Hill, a Crosby site only a second year. Each is par 72.

Sunday, those who survive the cut will play the final 18 holes over exacting and often windswept Pebble Beach.

Nicklaus will defend the crown he won last year with 284. Casper was runner-up with 289 and Palmer third with 291.

Back to defend their pro-am laurels are the Souchak brothers, Mike and Frank, whose 259 was three shots better than three teams tied for second.

Linebacker John Brewer Retires

CLEVELAND (AP) — The Cleveland Browns may have to make an off-season trade for a linebacker, following the retirement of John Brewer.

Brewer, regular right side linebacker for two years, said Tuesday he is quitting to devote full time to his insurance business.

Also, rookie linebacker Bob Matheson leaves next month for two years in the Army. Another rookie, Bill Andrews, is committed to the Marine Corps until September.

The Browns now have two regular linebackers, Jim Houston on the left side and Dale Lindsey in the middle.

Brewer, 30, said he didn't want to retire and added "it will tear a part of my heart out. Come July, my feet are going to itch. I think I could play three, four or five more good years."

NCAA Studies Ways To Reduce Injuries

By RON RAPOPORT
Associated Press Sports Writer

NEW YORK (AP) — Proposals to study and try to eliminate head and neck injuries in college football have been approved at the annual convention of the National Collegiate Athletic Association.

Carl Blyth of the NCAA's joint commission on competitive safeguards and medical aspects of sports announced Tuesday that two studies would be made in the coming year.

The possibility of refining the football helmet to "insure the ultimate protection of football players" will be undertaken at the University of Michigan, Blyth said. Recommendations are also to be made of techniques to reduce head and spinal injuries.

A study at Maryville, Tenn., College will be undertaken to evaluate the neck collar currently in use in college football to see if it is doing the job it is supposed to, Blyth said. To date, he added, no research has been made in that area.

In other action taken at the convention, Abe Martin, former head coach and now athletic director at Texas Christian, was named winner of the Amos Alonzo Stagg award for service to football by the trustees of the American Football Coaches Association.

Also on the award front, former Massachusetts Senator Leverett Saltonstall was given the Theodore Roosevelt Award at the NCAA's annual honors award luncheon.

The award cited Saltonstall's "devotion to intercollegiate athletics as an undergraduate and his continuing dedication to higher athletics."

The finals of the 1970 NCAA basketball tournament were awarded to the University of Maryland and will be played March 19-21. The format for that year and 1969 will be changed to have the semifinal games played on Thursday night and the finals on Saturday afternoon.

And yet another voice was added to the chorus taking part in the controversy between the NCAA and the Amateur Athletic Union over the control of amateur track. This time it was Theodore Kheel, chairman of the federal panel trying to solve the problem.

Kheel promised that the long-awaited decision of the panel would be made soon and "we expect the principals to be morally bound to abide by the decision."

Kheel indicated the ruling would come before the meet of the U.S. Track and Field Federation, scheduled for Feb. 9 at Madison Square Garden.

The federation will not ask the AAU to sanction its meet and college athletes who compete in it against open athletes could lose their AAU-given eligibility to compete in international meets.

NFL Players Attempt To Fend Off Teamsters

HOLLYWOOD, Fla. (AP) — Teamster union organizers may have a few plays to go in efforts to bring professional football players onto their team, but representatives of players from both leagues dodged the teamster blitz by asking that their league associations be certified as unions.

The American Football League Players Association voted Tuesday to ask that the National Labor Relations Board declare the group is official spokesman for the players.

The National Football League Players Association took similar action Monday and followed up Tuesday with a wire to Art Modell, president of the NFL, asking for immediate negotiations.

But the early move by the teamsters may have stalled immediate recognition. A telegram to league officials, team owners and the NLRB from Harold J. Gibbons, vice president of the Teamsters International, said an affiliate union had an interest in representing the players in collective bargaining.

Gibbons said the notice by the affiliate, the American Federation of Professional Athletes, would legally block the teams and leagues from entering into agreements with associations.

"If the owners fail to recognize voluntarily that we represent a majority," Gibbons said, "We will then proceed to file for a representation election under the NLRB."

The new AFL president, Jack Kemp, quarterback for the Buffalo Bills, said the football business is based on individual and eam competition which "precludes the type of traditional union organization which doesn't recognize these aspects of the business."

South Side Ends String Of 60 Losses

The South Side Beaver Junior High basketball team won yesterday, the first win since 1963.

The Little Rams edged Western Beaver 33-32, with Bruce Walker high with nine points. The losing streak for the team had reached 60, six this year. The last time the team won, the present seniors at South Side were in seventh grade.

Bud Steffen Re-Elected President

Bud Steffen was reelected president of the Blue and White Nonpareil club at its meeting last night at the YMCA.

Bob Laughlin was elected vice president, Tom Sullivan secretary, Dick Smith treasurer and John Douglas, Terry Fullerton, Tom Rodfong and Joe Anderson trustees.

A donation of $50 was made to the YMCA for the use of the meeting room. The first Tuesday of each month was designated as meeting night, with the next meeting set for 7:30 Feb. 6, with refreshments to follow.

A schedule was drawn up for the Nonpareil sponsored Little Potters Basketball League for boys in grades 6-8.

All games will be played at Westgate, with the first game of doubleheaders starting at 6:30. Play gets underway tomorrow night, with Glenmoor meeting downtown and Northside facing East End.

The remaining schedule:
Jan. 18 — Glenmoor vs. Northside, Downtown vs. East End
Jan. 25 — East End vs. Glenmoor, Northside vs. Downtown
Feb. 1 — Downtown vs. East End, Northside vs. Glenmoor

Up To Commission, President

Congress Eyes Possible Pay Hike Every 4 Years

WASHINGTON (AP) — Members of Congress have set themselves up for possible pay raises every four years without the public relations problems that could be involved if they actually voted themselves more money.

Formal recommendations on whether there should be an increase—and how much—will be primarily the responsibility of a special commission and the President.

While the President would forward final recommendations to Congress, members would not have to stand up and be counted on whether they should be put into effect.

Their salary level, now $30,000 a year, would go automatically to the recommended figure in 30 days if Congress did not vote to reject or reduce it.

The nine-member commission will be appointed this July by the President, vice president, House speaker and chief justice.

Its proposals must be in the President's hands by the end of 1969 and they will be submitted to Congress with the presidential budget message early in 1970. The procedure will be repeated every four years.

Along with recommendations for congressional salaries, the commission will propose pay scales for top-level members of the executive branch, including Cabinet officers, and for the federal judiciary.

The salary panel was created, after a sharp House-Senate conflict, in a catch-all bill that, among other things, raised postal rates, boosted federal salaries and barred nepotism in congressional and other federal offices.

The House was all for the salary commission. The Senate Post Office and Civil Service Committee was dead set against it.

Senators contended congressmen should be willing to justify and take full responsibility for raising their salaries. Turning the job over to outsiders, they said, was taking the easy way out.

The Senators finally yielded in a conference to resolve differences on the two bills.

Agreeing to the commission was the price they paid for acceptance of their proposal to raise third-class mail rates to higher levels than those approved by the House.

The Senate—a smaller body with a greater percentage of members with sizable private incomes— was not as concerned as the House over the salary issue.

Weirton Department Sets Safety Record

WEIRTON — The Construction Department at the Weirton Steel Division of the National Steel Corp. has attained an outstanding safety achievement by working one million man-hours without a lost-time accident.

J. G. Redline, president, said the more than 480 employes of the department began their accident - free record on Nov. 28, 1966, and reaached the million man-hour mark Monday.

Floyd Schmidt is superintendent of the department and Albert Yoklic is assistant superintendent. George Grysko is the safety engineer for the department.

Rulings Rejected 2 Proposals

ConCon Votes On Pleas Concerning School Aid

HARRISBURG (AP) — Delegates to Pennsylvania's Constitutional Convention were scheduled to vote today on appeals to rulings that rejected two proposals on state aid to higher education.

The proposals, submitted by delegate Peter T. Dumbauld of Somerset County, were turned down last week by Convention President Raymond J. Broderick on the ground they went beyond the Convention's limited scope.

Broderick's rulings could be upse' by a majority vote and the propoals would then be accepted and referred to committee for futher study.

Dumbauld's proposals would restrict state aid to community colleges and the three state - related universities—Pittsburgh, Temple and Pennsylvania State —and gear the amount of aid to the number of students at the institutions.

The vote would mark the first time a presidential ruling was put to a floor test. It was not likely to be the last, however, since appeals on two other proposals are pending.

At Tuesday's session, delegate J. Levin of Media appealed a decision that had ruled out a section of a proposal to revamp the judiciary system.

A second appeal was made by delegate Henry P. Otto of Pittsburgh, who earlier had submitted a proposal to abolish the State Milk Control Commission.

Votes on both appeals are expected Thursday after delegates have a chance to review the proposals and the legal opinions rejectng them.

To date, Broderick has rejected 16 proposals on the ground they went beyond the convention's jurisdiction to consider only four specific areas of constitutional reform.

In other developments Tuesday, 11 new proposals were introduced from the floor. That brought to 184 the total submitted since the Convention opened last Dec. 1.

The original deadline for the introduction of proposals was last Friday, but it was extended because of the large number of proposals that could not be printed in time.

Among Tuesday's proposals were ones that would:

— Retain the minor judiciary in less populated areas of the state under guidelines established by the State Supreme Court.

— Increase the terms of state senators from four to six years and the terms of House members from two to four years.

— Increase the number of county commissioners from three to five and require that the candidate receiving the most votes be named chairman of the commission.

— Eliminate the state's $1 million debt limit and prohibit the authority system of financing.

— Abolish authority financing, wih the exception of the state Public School Building Authority and other self-sustaining authorities now operating.

After the general session, the Legislative Apportionment Committee's Subcommittee on the Composition of the Legislature voted to recommend retention of the General Assembly's current makeup: 50 senators and 203 House members.

The subcommittee's recommendation now will be considered by the full committee.

A number of proposals, several calling for sharp reductions in the size of the House, were before the subcommittee.

Mrs. Esther DeTemple 424-5965

LISBON — Coterie met Monday night at the home of Miss Lucile Bennett of N. Market St., with 15 members present.

Mrs. Frank Adomitis, president, conducted business when a booth at the Johnny Appleseed fall festival was discussed.

For the program, Miss Nettie McPherson showed slides of her tour of several European countries last summer.

Lunch was served by the hostess.

The next meeting will be Jan. 22 at the home of Miss McPherson on Pritchard Ave. Miss Bennett will discuss "Etiquette of 1968."

The roll call will be "Strange Expressions."

Study of Japan Began

The study of Japan was launched Monday when Phala Moore Group of the First Christian Church met at the home of Mrs. Harold Adams of the Fairfield Rd.

The group leader, Mrs. Harold Mattix, presided.

The meeting date was changed to the first Thursday of the month.

It also was decided to purchase an Easter record in memory of Mrs. Moore for the church record library. Members were reminded that the service projects are still current and that used postage stamps are being collected as well as new or used blankets. The articles are to be at the church by Jan. 21 in order to get them to the East Liverpool church by Jan. 23.

The program, arranged by Mrs. Donald Carman, was taken from the study book "Shoes at the Threshold," with the first chapter featured. On display at the worship table were Japanese sandals. Mrs. Adams led devotions.

The group will attend the general CWF meeting at the church Jan. 17 when Mrs. Donald Hollinger will present a book review. Lunch was served by the hostess.

The next meeting will be Feb. 1 at the E. Pine St. home of Mrs. Gerald Carman. Mrs. Adams will present the program.

Slides Shown At Meeting

The Altar and Rosary Society met Monday night at the St. George Parish Hall.

Mrs. Hoyte Sexton, French teacher at David Anderson High School showed slides and discussed her tour of France last summer and the Rev. Fr. Bernard Fisher showed slides and described life in New Guinea, where he is a missionary. At present, Fr. Fisher is supply pastor at St. Ann's Church in East Liverpool during the absence of Fr. Hohman and will return soon to New Guinea for another seven years.

During the business session, Mrs. Rudy Hoffman resigned as membership chairman after serving some four years. She was presented a gift in appreciation of her work by Mrs. Earl Smith. Mrs. Larry Evans will assume the duties as the new chairman, with 1968 dues payable to her.

All women of the parish were invited to attend the Columbiana County deanery of the NCCW at St. George Church Jan. 20 at 2 p. m.

It was decided to hold a hat party later.

Prizes were awarded Mrs. Robert Tafini and Mrs. Steve Belaney.

Mrs. Mike Keating, Mrs. John Wargo and Mrs. Charles Smith will be hostesses Feb. 5.

Lunch was served by Mrs. Steve Belaney, Mrs. Joe Belaney and Mrs. Francis Gardner.

Victory Club Meets

Mrs. Victor Williams and Mrs. Jeannette Figley received honors for 500 Monday night when Mrs. John Chillik entertained the Victory Club.

Mrs. Nannie Meehan and Mrs. Ellen Hill were guests. Lunch was served.

Mrs. Florence Stacey will receive the group Jan. 22 at her home on N. Jefferson St.

Edison Board Again Names W. S. Banfield

Dr. W. S. Banfield was re-elected president of the Edison School District Monday night in Stanton Local High School.

He has served the last 20 years as president of the board in the former Stanton and Irondale School districts.

William Earley was named vice president and Mrs. Katherine Hoyman to a two-year term as clerk.

A partial appropriation resolution for $602,700 was adopted at the meeting, with $350,000 of the total for teachers salaries.

The board hired Donald Birney to teach sixth grade at the Irondale school and employed Judith Hitchcock as a bus driver.

A resolution was approved for the school district to participate in the Title III program for $3,916.

The board authorized the painting of the auditorium at Jefferson Union High School.

The next meeting will be Feb. 12.

Proceeding of the Courts

Common Pleas

DIVORCES ASKED

Constance S. Pucci vs. Frank C. Pucci, 1023½ Commerce St., Wellsville; gross neglect.

Joyce E. Funk vs. Donald E. Funk, Columbiana; same.

DIVORCES GRANTED

Mariana Reedy vs. William Reedy; to plaintiff, gross neglect; custody of four minor children awarded plaintiff; defendant ordered to pay $40 per week toward support.

NEW ENTRIES

Walter C. Felton vs. Myrtle I. Felton; plaintiff found $224 in arrears and is ordered to make regular support payments plus $10 additional per month to apply on arrearage.

Rhett B. Maze vs. Linda L. Maze; agreed entry on preliminary and temporary matters submitted and approved.

John E. Kellogg vs. Betty Jane Kellogg; same.

Lynda K. Baumgarner vs. Darrell Baumgarner; parties reconciled, case dismissed.

State of Ohio vs. James Ferrese; court dismissed defendant's appeal from conviction and judgment in county Southwest Court for dumping mine refuse closer to Route 30, west of Lisbon, than the law allows. Defendant was fined $100 on a complaint of John Kirkland, inspector for the Ohio Bureau of Mines.

Furniture Loss Set At $1,000 In Blaze

Mrs. Lois Hughes today estimated the loss of her furniture in a fire early Sunday on Moore St. at $1,000.

Flames virtually gutted the large frame home. Mrs. Hughes has been residing recently with a son-in-law and daughter, Mr. and Mrs. Leslie Diezman of Air Beacon Rd. Part of the furniture had been moved out Saturday.

Mrs. Hughes had resided on Moore St. with her son, Gary Hughes, and mother, Mrs. Cora Dailey.

5 Identify Accused As Bank Robber

PITTSBURGH (AP) — Five employes of a bank believed robbed by the "Commuter Bandit" have identified William E. Zeiler as the man who held them up.

They were the first witnesses called Tuesday as the government opened its case against Zeiler in U.S. District Court. He's charged with robbing 10 banks of more than $100,000.

"I didn't know what would happen if I looked at the gun," testified teller Marian Cunnings, "so I just looked at his face. . . I'll never forget his eyes."

Two other tellers, William Leonhard and Charles E. Bruder, and two other bank employes, Frank Perry and Mrs. Judith Ann Scully, also identified Zeiler.

They work at the Pittsburgh National Bank branch in the Bloomfield section, which was robbed of $19,454 on May 17, 1967.

"Mr. Leonhard, the teller working to my left, came around with a shopping bag, tapped me on the shoulder and said, "Fill this up,'" Bruder testified.

"I said, 'What's going on?' and he said 'There's a holdup.' Then, I looked up and saw a man with a gun! He told me to put my money in a bag."

Under cross-examination by defense attorney James P. McKenna Jr. all five testified they had seen a photograph of Zeiler between the time of his arrest and the time they saw him in a police lineup.

"We had been asked a number of times to try to identify pictures of the holdup man and were never able to do so," said Perry. "But after the arrest of Mr. Zeiler, we were shown about 15 pictures and after that I was able to identify Mr. Zeiler."

Newsman dubbed the elusive robber the "Commuter Bandit" because of a police theory that he lived in the suburbs and came to town to rob banks when he was low on cash.

Testing Center At High School Gives 37 Exams

Thirty - seven examinations have been given at the East Liverpool General Education Development Test Center, according to statistics compiled by Assistant School Supt. Carl Pelini.

The testing center is directed by Pelini at East Liverpool High School and provides a method for those who did not complete their secondary schooling to receive an equivalency certificate.

The average age of those taking the exams was 31. The average number of years of schooling actually completed was nine.

Ten indicated they took the test to qualify for additional education beyond the high school level.

Twenty achieved the minimum scores required for the issuance of a certificate, while four actually qualified for issuance of a high school diploma.

The tests are administered Monday through Friday from 8 a. m. to 5 p. m. Anyone interested in receiving a certificate can contact the assistant superintendent's office for information on the procedures, Pelini said.

The past year was the first full year the program has been in operation in East Liverpool. Previously, area residents were required to travel to Weirton or Youngstown for the exam.

Republican Elected State Representative

CINCINNATI (AP) — Republican Frank Mayfield Jr. beat out William Luttmer by more than 1,700 votes Tuesday to become the new state representative from Ohio's 67th District.

In a special election held to fill the position recently vacated by Ralph Kohnen, Mayfield, a Cincinnati insurance executive, downed Luttmer, a Democrat, 3,149 to 1,387 votes.

Kohnen vacated the seat after being elected to Cincinnati City Council in November.

Fire And Explosions Level Newark Plant

NEWARK, Ohio (AP)— Fire followed by several explosions destroyed the Pinnacle Products Tuesday, injuring one fireman and causing damage estimated at $75,000 to $100,000.

Firemen Gearald Baumgartner suffered minor injuries. Five persons inside the plant escaped. The cause of the fire was not known. Owner of the plant is Richard Baker, who made the damage estimated.

The typical American family in the United States spent close to 20 per cent of its income on food last year.

For Ninth Consecutive Term

Bacon Again Named Head Of Lisbon School Board

LISBON — Dr. Wade A. Bacon, Lisbon physician, was elected president of the board of education here Tuesday night for the ninth consecutive one - year term. He has been on the board 12 years.

Richard D. Kennedy, an attorney, was re-elected vice president.

Both were elected to the board in November. Richard Bowling, clerk, administered the oath of office last night and presided during the election.

—:—

THE BOARD decided to continue to meet at 7:30 p. m. the second Tuesday of each month in the administration building on E. Chestnut St.

Thomas Coontz of the Salem Rd., a senior at Kent State University, was employed to teach senior advanced math, chemistry and physics during the second semester for $2,150. Coontz was graduated from Lisbon High School in 1962.

He will succeed Saiyed A. Ahmad of Pakistan, who began teaching here in September after a year at Wellsville High School. Ahmad submitted his resignation last night, effective at the end of the semester Jan. 26.

Charles Powell, principal of Lincoln School, was appointed director of the local program under Title I of the Elementary and Secondary Education Act.

Local schools will receive $11,000 in federal money for a small-group instruction project for educationally - deprived students. Seven teacher aides will be employed — three at McKinley School, three at Lincoln and one at the high school for Grade 9.

—:—

THE PROGRAM will begin Feb. 1 and will help students in Grades 1 through 9. Powell was director of the Title I program held last summer at Lincoln.

Supt. Joe W. Driscoll reviewed the curriculum for a new course — "Family Life and the Human Story" — which will be initiated next semester on the seventh-grade level.

The school board last spring authorized the superintendent to set up a course on sex education. He said a questionnaire survey of parents indicates over 95 per cent of the students will take the six-week course, although it is not compulsory.

Mrs. Carolyn Hammitt will be the instructor, with Mrs. Virginia Kessler, school nurse, and Mrs. Charles Powell as assistants. Barry James, Powell and Driscoll will be in charge of boys' classes when separate sessions are required by the textbook material.

Plans are to expand the course eventually to reach all grades, kindergarten through 12. Driscoll suggested that the board consider hiring a specialist to supervise and develop the sex education program.

—:—

A TEMPORARY appropriation of $204,000 was adopted to meet expenses for the first three months of the year.

Driscoll said a mailing list is being prepared for a school district newsletter. He reported ordering a new mimeograph at the request of the high school Commercial Department. The board authorized the purchase last month.

The superintendent and clerk attended a workshop for clerks and public officials of schools and libraries this afternoon at Canfield Junior High School. Miss Pauline Church, state examiner, was in charge.

Trustee Resigns, Replacement Set

Robert Simms resigned as vice chairman of the St. Clair Township trustees during Monday night's meeting. He was replaced by Lorain Foulks.

Simms said his action was necessitated because of his working schedule at the Midland Division of the Crucible Steel Co.

Trustees were to check details at Lisbon today into the offer of a plat on Stagecoach Rd. made by Lee Adkins.

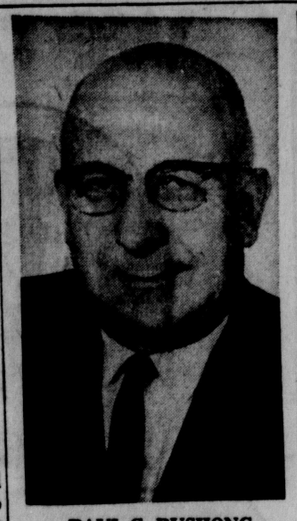

Two tires were purchased for the cruiser. A road marker, missing at the corner of Glenn St. and the Cannons Mills Rd., will be replaced.

It was decided to place a mailbox at the Township Hall in Calcutta.

The trustees will meet again Monday.

Reorganization Set

GEORGETOWN — Council will reorganize tonight at 7:30. The meeting was scheduled for Monday, but was postponed because of the inclement weather, Mrs. Myrtle Alger, secretary, said.

Promotion Made By Gas Company In Eastern Ohio

Paul G. Bushong, Zanesville Division business promotion representative for Columbia Gas of Ohio, Inc., has been promoted to commercial representative of the eastern district of Columbia Gas and the northern division of the Ohio Valley Gas Co., it was announced today by H. R. Sneddon, East Liverpool manager for Ohio Valley Gas.

Both companies are part of the Columbia system.

Sneddon said that in his new position, Bushong will assist and advise restaurants, schools, hospitals, institutions, etc., on the selection and use of natural gas equipment throughout a 14-county eastern Ohio area, including East Liverpool. He can be contacted through the gas company office here.

Bushong has been with the gas company since 1940, starting as a retail salesman in Zanesville. During World War II he left the company to enter defense plant work, then to serve with the Army Signal Corps in Italy.

He returned to the gas company in 1946 as retail salesman in Barnesville, was promoted to Zanesville District sales supervisor in 1949, to district gas adviser three years later and to district dealer sales manager in 1954. He became Zanesville Division business promotion representative in January 1958.

Bushong, 57, and his wife Mary reside in Zanesville. They have a son and two daughters.

Dispositions Rise In 3 Categories

2 Common Pleas Courts Dispose Of 1,072 Cases

LISBON — Columbiana County's two Courts of Common Pleas disposed of 1,072 cases in 1967, compared with 932 the year before, Clerk of Courts Carl L. Stacey reports in his annual summary.

Dispositions last year exceeded those for 1966 in all three categories: Civil, 561 (472 in 1966); domestic relations, 427 (382), and criminal, 84 (78).

There were 815 civil cases pending at the end of November, compared with 757 at the corresponding time in 1966.

Other statistics follow, with 1966 figures in parentheses:

Civil cases filed, 1,060 (915); criminal cases, 114 (87); notary commissions recorded, 189 (58); number of persons granted citizenship, 12 (11); petitions of naturalization, 8 (12); passport applications, 302 (247); executions filed, 34 (38), and certificates of judgment issued, 338 (351).

Stacey said $4,121 was paid for investigations in divorce cases last year, compared with $4,958 the year before.

The car title division of the clerk's office titled 5,668 new vehicles last year, compared with 6,550 in 1966 and 6,717 in 1965.

Altogether, car title clerks issued 45,091 certificates of title, compared with 56,891 in 1966.

The county received $53,669 last year for title fees for motor vehicles and watercraft — $438 less than in 1966.

Stacey said his department holds $253,966 in bank balance and assets, compared with $109,933 at the end of 1966. His office paid out $1,005,373 last year, with $95,864 of it going into the county treasury. The state received $887,776 on sales, use and dealer's tax, $17,003 for title fees on cars, boats and motors and $11,044 on motor vehicle physical inspection fees.

The clerk said his cashbook balance at the end of 1967 was $129,945, compared with $88,863 at the end of 1966. Outstanding checks total $124,021.

Rotary Hears Educator

Proper Uses Of 'Profit' Emphasized By Speaker

Dr. Paul C. Hayes of Akron State University warned against seeking money only for money's sake when he addressed the Rotary Club Tuesday noon at the Travelers Hotel.

The educator said he believes "in the profit motive," but cautioned "that it should be used to obtain not only materials," but also should be directed toward clean, wholesome cities.

He said a world in which profit, mysticism and concern for all were combined would assure a comfortable place in which to live.

The speaker termed unions "the greatest profit motive groups in the world today."

Dr. Hayes predicted Aldous Huxley's "Brave New World" is not far off. "As long as we can make a profit," he declared, "we do not worry about the loss of liberty."

"We must be our brother's keeper if America is to survive". Hayes cited China as an example. He said the Chinese lost their cause when the Communists took over because they worry only about their family. They were content as long as the family was not disturbed, he added, and the result is evident.

Hayes, himself an educator, claims educators are too conservative. "We won't do anything in the battle for people's bodies, minds and souls," he said.

Turning to the question of Communism, Dr. Hayes remarked that it cannot succeed without its application by force. "yet, in its pure form, it is the closest thing to Christianity."

"When we knock the hippies, let's look at what caused them to drop out," Hayes said. "We did!"

"Black power has reached its Rubicon," he declared, and added that hunger, poverty and pollution are common.

"We have the answers, but people ignore the findings of learned people and refuse to apply the answers.

"We have the technology for an advanced, mechanized world," he said.

"We have easy access to the total world through instant communication, and computer time soon will be available to people in their homes."

Dr. Hayes is immediate past president of the Ohio Education Association and has been superintendent of schools at Leetonia, Dover and Southwestern near Columbus.

Robert F. Beatty was program chairman. Forty - two attended.

Promotion Made By Gas Company In Eastern Ohio

Paul G. Bushong, Zanesville Division business promotion representative for Columbia Gas of Ohio, Inc., has been promoted to commercial representative of the eastern district of Columbia Gas and the northern division of the Ohio Valley Gas Co., it was announced today by H. R. Sneddon, East Liverpool manager for Ohio Valley Gas.

Both companies are part of the Columbia system.

Sneddon said that in his new position, Bushong will assist and advise restaurants, schools, hospitals, institutions, etc., on the selection and use of natural gas equipment throughout a 14-county eastern Ohio area, including East Liverpool. He can be contacted through the gas company office here.

Bushong has been with the gas company since 1940, starting as a retail salesman in Zanesville. During World War II he left the company to enter defense plant work, then to serve with the Army Signal Corps in Italy.

He returned to the gas company in 1946 as retail salesman in Barnesville, was promoted to Zanesville District sales supervisor in 1949, to district gas adviser three years later and to district dealer sales manager in 1954. He became Zanesville Division business promotion representative in January 1958.

Bushong, 57, and his wife Mary reside in Zanesville. They have a son and two daughters.

Dispositions Rise In 3 Categories

2 Common Pleas Courts Dispose Of 1,072 Cases

LISBON — Columbiana County's two Courts of Common Pleas disposed of 1,072 cases in 1967, compared with 932 the year before, Clerk of Courts Carl L. Stacey reports in his annual summary.

Dispositions last year exceeded those for 1966 in all three categories: Civil, 561 (472 in 1966); domestic relations, 427 (382), and criminal, 84 (78).

There were 815 civil cases pending at the end of November, compared with 757 at the corresponding time in 1966.

Other statistics follow, with 1966 figures in parentheses:

Civil cases filed, 1,060 (915); criminal cases, 114 (87); notary commissions recorded, 189 (58); number of persons granted citizenship, 12 (11); petitions of naturalization, 8 (12); passport applications, 302 (247); executions filed, 34 (38), and certificates of judgment issued, 338 (351).

Stacey said $4,121 was paid for investigations in divorce cases last year, compared with $4,958 the year before.

The car title division of the clerk's office titled 5,668 new vehicles last year, compared with 6,550 in 1966 and 6,717 in 1965.

Altogether, car title clerks issued 45,091 certificates of title, compared with 56,891 in 1966.

The county received $53,669 last year for title fees for motor vehicles and watercraft — $438 less than in 1966.

Stacey said his department holds $253,966 in bank balance and assets, compared with $109,933 at the end of 1966. His office paid out $1,005,373 last year, with $95,864 of it going into the county treasury. The state received $887,776 on sales, use and dealer's tax, $17,003 for title fees on cars, boats and motors and $11,044 on motor vehicle physical inspection fees.

The clerk said his cashbook balance at the end of 1967 was $129,945, compared with $83,863 at the end of 1966. Outstanding checks total $124,021.

Rotary Hears Educator

Proper Uses Of 'Profit' Emphasized By Speaker

Dr. Paul C. Hayes of Akron State University warned against seeking money only for money's sake when he addressed the Rotary Club Tuesday noon at the Travelers Hotel.

The educator said he believes "in the profit motive," but cautioned "that it should be used to obtain not only materials," but also should be directed toward clean, wholesome cities.

He said a world in which profit, mysticism and concern for all were combined would assure a comfortable place in which to live.

The speaker termed unions "the greatest profit motive groups in the world today."

Dr. Hayes predicted Aldous Huxley's "Brave New World" is not far off. "As long as we can make a profit," he declared, "we do not worry about the loss of liberty."

"We must be our brother's keeper if America is to survive". Hayes cited China as an example. He said the Chinese lost their cause when the Communists took over because they worry only about their family. They were content as long as the family was not disturbed, he added, and the result is evident.

Hayes, himself an educator, claims educators are too conservative. "We won't do anything in the battle for people's bodies, minds and souls," he said.

Turning to the question of Communsm, Dr. Hayes remarked that it cannot succeed without its application by force. "yet, in its pure form, it is the closest thing to Christianity."

"When we knock the hippies, let's look at what caused them to drop out," Hayes said. "We did!"

"Black power has reached its Rubicon," he declared, and added that hunger, poverty and pollution are common.

"We have the answers, but people ignore the findings of learned people and refuse to apply the answers.

"We have the technology for an advanced, mechanized world," he said.

"We have easy access to the total world through instant communication, and computer time soon will be available to people in their homes."

Dr. Hayes is immediate past president of the Ohio Education Association and has been superintendent of schools at Leetonia, Dover and Southwestern near Columbus.

Robert F. Beatty was program chairman. Forty - two attended.

Killed Accidentally

ZANESVILLE, Ohio (AP) — State Rep. David L. Wessert of New Concord has received word that his son, Sgt. David L. Weissert Jr., 27, was shot fatally Sunday during target practice at an Army base, Ft. Huachuca, near Tombstone, Ariz. Authorities said the shooting was accidental.

Hints from Heloise

— By Heloise Cruse —

DEAR HELOISE: I am a saleswoman.

The other day I sold a lady six pairs of men's nylon replacement pockets. I remarked that she was going to do a lot of repair work.

Much to my surprise she said they were for her own dresses and slacks that didn't have pockets!

By opening the side seams, she sews in the pockets. Since these pockets are thin they do not alter the appearance of the dress or slacks.

I tried it on a pair of old slacks and it really worked. So nice to have a pocket in which to keep cigarettes, lighter, or what have you.

ANNE DAVIS.

DEAR HELOISE: A potato ricer is certainly a handy gadget to have around when making ham.

I also use it as a lemon squeezer, strainer, pulper, etc.

G. CLAYBURG.

DEAR HELOISE: The price of new shades for my 40" wide windows was too much for the budget right now.

However, since the rollers and sticks on the old shades were still good and my windows not real long, I bought plastic upholstery material — the 54" width — and cut it crosswise to fit the rollers.

Now I have new blinds all over the house for half the price of ready-made ones and in colors I like. I just put hems in the bottom to accommodate the lower stick (lengthen the stitch on the sewing machine and it stitches in beautifully) and I stapled the top to the roller.

VELMA BLUME.

-:-

They will be a breeze to keep clean, too. You should have been an interior decorator, Velma.

HELOISE.

DEAR HELOISE: Why buy the fancy racks for hanging men's ties? A towel rod on the back of a door will do beautifully.

READER.

DEAR HELOISE: I asked my 12-year-old son to roll some cracker crumbs for me today.

Since I was busy, I didn't notice until he was done that he had used a water glass for the task — one of my heavy, everyday ones with a cut glass design — and it did a very thorough job in a short time. Children are nice to have around!

MRS. JOHN CHAPMAN.

DEAR HELOISE: Just had to pass this on in case others haven't thought of it.

Our poor old arm chair had started showing signs of its constant use and there was no place in our budget for a new chair or a re-covering job right now.

So I mended it with iron-on patches. My chair is brown and black tweed, so luckily the black tape (which is all I had on hand) blends quite well. Now the chair should last until we can properly recover it or replace it.

Some chairs could possibly be mended with contrasting colors and with a little imagination made to look very attractive.

JANET MERKLINGER.

DEAR HELOISE: When addressing envelopes, place a lined index card inside so the lines can be seen. By using this as a guide, you'll have much neater addresses.

S.D.

-:-

If the lines on the card are too light or too close together, draw heavier lines with a felt marker and a ruler, spacing them as you wish.

Medicare And Security—No. 7

Widows, Orphans Eligible

By BRUCE BIOSSAT

WASHINGTON (NEA)—Some five million survivors of deceased workers are drawing Social Security payments in this country.

The face value of the survivorship insurance program is said to range upwards of $700 billion. About 95 per cent of mothers and children in the nation have protection under it.

There was a time when the whole government burden for caring for dependent children fell upon out-and-out welfare programs. But this has changed.

—:—

IN MID-1940, only 18,000 orphans under age 18 were drawing Social Security survivors' benefits. The total now is in the range of two million.

Meantime, the number of orphans getting strictly welfare payments under the aid-to-dependent-children program has been slashed in half. (For other reasons, this latter program has grown, over-all.)

Social Security officials stress that maintaining Americans' incomes in old age is not just a matter of retirement benefits but is, crucially, a question of survivors' insurance for widows. They can get little other help than that provided by Social Security.

If these women have worked, they tend usually to have been "secondary earners" who have left the labor market at a fairly early stage.

—:—

UNDER present law, widows who are not disabled can begin drawing Social Security survivors' benefits as early as age 60. But if they apply for this payment before age 62, their benefits are somewhat reduced.

At 62, the widow of a worker who was properly insured under Social Security is entitled to 82½ per cent of her husband's "primary benefit" — what he would have received if he had lived to retire at age 65.

If she decides to start collecting at 60, she gets only 71½ per cent of her late husband's primary benefit. If she chooses age 61, she gets 77 per cent.

Of course, if the widow has an unmarried child under 18 or a disabled child who suffered the disability before age 18, she can begin getting survivors' benefits even earlier than age 60.

Social Security has another name for these, however—mothers' benefits. They amount to 75 per cent of her deceased husband's primary benefit. And, unless she has in her care a disabled child who qualifies under the law, the mother's benefits stop when her youngest child reaches 18.

—:—

THEREAFTER she cannot resume collecting Social Security checks until she herself becomes 60 — provided also that she is not married at the time.

A widow aged 60 or older does not lose all survivors' benefits if she remarries. But, again, her payments may drop. Ordinarily entitled to 82 and one-half per cent of her husband's basic benefit if she waits until she is 62 to collect, she will find this percentage cut to 50 if she is remarried.

On the other hand, if she rates more on the basis of her new husband's Social Security record, she will get the higher amount.

When a worker dies, his parents can also collect survivors' benefits. To qualify, a parent has to be at least 62 and must have received at least half of his financial support from the deceased worker.

The payment to one such dependent parent is 82½ per cent of the worker's primary benefit. If there are two surviving parents, each gets 75 per cent.

Occasionally, too, a widower qualifies, but he likewise must be at least 62 and must show that he depended on his late wife for at least half his financial support. The widower gets 82½ per cent of her basic benefit.

Since retirement benefits all go up under the 1967 law, survivors' payments are correspondingly lifted to higher levels.

Gov. Agnew Sets Drive To Draft Rockefeller

WASHINGTON (AP) — Gov. Spiro T. Agnew of Maryland, saying he's responding to a groundswell of public opinion, has launched a drive in his state to draft Nelson A. Rockefeller for the Republican presidential nomination.

Agnew is the first Republican governor to get publicly involved iin a campaign to draft the New York governor.

"The movement, I am sure, will probably catch fire in other states, and I hope it does," Agnew said Tuesday. He added that "at this point it is strictly a Maryland effort."

There was no direct comment from Rockefeller, who maintains he isn't a candidate and doesn't intend to become one.

Rockefeller did tell newsmen he would support Richard M. Nixon if the former vice president won the nomination. But he showed little enthusiasm for the prospect.

After saying he would support Nixon, he added: "I think that, in New York State, that as far as the state is concerned, there isn't the enthusiasm that perhaps there is in other parts of the country for Nixon's candidacy.

The Maryland drive for Rockefeller was the second such development in two days. On Monday, a group of Oregon Republicans launched a campaign to put his name on the state's presidential primary ballot by petition.

In other political developments:

—House Republican Leader Gerald R. Ford said there's more support for Nixon than Rockefeller among Republicans in Congress.

—Romney criticized President Johnson's new program to improve the balance of payments.

—Sen. Mark Hatfield, R-Ore., said racial warfare, if it develops this summer, could equal Vietnam as a presidential campaign issue.

Meanwhile the three major radio-television networks—ABC, CBS and NBC—told the Federal Communiations Commission they rejected a request by Sen. Eugene J. McCarthy, D-Minn., for equal air time to respond to remarks by Johnson because, among other reasons, Johnson isn't officially a candidate for re-election. Thus, they said, the FCC's equal time regulations do not apply.

The President suggested in a three-network interview Dec. 19 that McCarthy, an antiwar candidate for the Democratic nomination, and Sen. Robert F. Kennedy, D-N.Y., were working together politically. Both have denied it.

Ex-Cleveland Officer Elected To Ohio House

CLEVELAND (AP)— Making his first bid for political office, Philip M. DeLaine, a former Cleveland policeman, was elected to the Ohio House of Representatives Tuesday in House District 44 on Cleveland's East Side.

Just over six per cent of the 47,162 registered voters in the district turned out for the special election to fill the House seat vacated by Carl B. Stokes after he was elected mayor of Cleveland last November.

DeLaine, a Democrat, received 2,030 votes to 911 for Republican Paul T. Haggard, a deputy county auditor.

The motor-fatality rate per mile driven on ordinary roads is considerably higher than that on express highways.

ANNOUNCEMENTS

2 IN MEMORIAM

In loving memory of our Dear Husband, father and Grandfather, Jess Monroe who left us 2 years ago today the 9th of Jan. Gone is the face we loved so dear, Silent is the voice we loved to hear, Too far away for sight or speech, But not too far for thoughts to reach. Sweet to remember him who once was here and though absent is just as dear. Missed by his wife Emma, children and grandchildren.

IN loving memory of our beloved and only son, Morris "Sandy" Martin, whom God called to His heavenly home one year ago, Jan. 4, 1967. Peaceful be thy sleep, dear son, It is sweet to breathe thy name; In life we loved you dearly, in death we do the same. Sadly missed by his mother, Mrs. Olivia Hayes, and the Gomez Family.

3 CARD OF THANKS

I wish to thank everyone for their kind expressions of sympathy in the death of WM. H. ROBINSON, the father of my children. Also Doctors J. Keith Rugh and J. Fraser Jackson and the nurses and attendants at City Hospital.

Hints *from* Heloise

— By Heloise Cruse —

DEAR HELOISE: I am a saleswoman.

The other day I sold a lady six pairs of men's nylon replacement pockets. I remarked that she was going to do a lot of repair work.

Much to my surprise she said they were for her own dresses and slacks that didn't have pockets!

By opening the side seams, she sews in the pockets. Since these pockets are thin they do not alter the appearance of the dress or slacks.

I tried it on a pair of old slacks and it really worked. So nice to have a pocket in which to keep cigarettes, lighter, or what have you.

ANNE DAVIS.

DEAR HELOISE: A potato ricer is certainly a handy gadget to have around when making ham.

I also use it as a lemon squeezer, strainer, pulper, etc.

G. CLAYBURG.

DEAR HELOISE: The price of new shades for my 40" wide windows was too much for the budget right now.

However, since the rollers and sticks on the old shades were still good and my windows not real long, I bought plastic upholstery material — the 54" width — and cut it crosswise to fit the rollers.

Now I have new blinds all over the house for half the price of ready-made ones and in colors I like. I just put hems in the bottom to accommodate the lower stick (lengthen the stitch on the sewing machine and it stitches in beautifully) and I stapled the top to the roller.

VELMA BLUME.

-:-

They will be a breeze to keep clean, too. You should have been an interior decorator, Velma.

HELOISE.

DEAR HELOISE: Why buy the fancy racks for hanging men's ties? A towel rod on the back of a door will do beautifully.

READER.

DEAR HELOISE: I asked my 12-year-old son to roll some cracker crumbs for me today.

Since I was busy, I didn't notice until he was done that he had used a water glass for the task — one of my heavy, everyday ones with a cut glass design — and it did a very thorough job in a short time. Children are nice to have around!

MRS. JOHN CHAPMAN.

DEAR HELOISE: Just had to pass this on in case others haven't thought of it.

Our poor old arm chair had started showing signs of its constant use and there was no place in our budget for a new chair or a re-covering job right now.

So I mended it with iron-on patches. My chair is brown and black tweed, so luckily the black tape (which is all I had on hand) blends quite well. Now the chair should last until we can properly recover it or replace it.

Some chairs could possibly be mended with contrasting colors and with a little imagination made to look very attractive.

JANET MERKLINGER.

DEAR HELOISE: When addressing envelopes, place a lined index card inside so the lines can be seen. By using this as a guide, you'll have much neater addresses.

S.D.

-:-

If the lines on the card are too light or too close together, draw heavier lines with a felt marker and a ruler, spacing them as you wish.

HELOISE.

Medicare And Security—No. 7

Widows, Orphans Eligible

By BRUCE BIOSSAT

WASHINGTON (NEA)—Some five million survivors of deceased workers are drawing Social Security payments in this country.

The face value of the survivorship insurance program is said to range upwards of $700 billion. About 95 per cent of mothers and children in the nation have protection under it.

There was a time when the whole government burden for caring for dependent children fell upon out-and-out welfare programs. But this has changed.

—:—

IN MID-1940, only 18,000 orphans under age 18 were drawing Social Security survivors' benefits. The total now is in the range of two million.

Meantime, the number of orphans getting strictly welfare payments under the aid-to-dependent-children program has been slashed in half. (For other reasons, this latter program has grown, over-all.)

Social Security officials stress that maintaining Americans' incomes in old age is not just a matter of retirement benefits but is, crucially, a question of survivors' insurance for widows. They can get little other help than that provided by Social Security.

If these women have worked, they tend usually to have been "secondary earners" who have left the labor market at a fairly early stage.

—:—

UNDER present law, widows who are not disabled can begin drawing Social Security survivors' benefits as early as age 60. But if they apply for this payment before age 62, their benefits are somewhat reduced.

At 62, the widow of a worker who was properly insured under Social Security is entitled to 82½ per cent of her husband's "primary benefit" — what he would have received if he had lived to retire at age 65.

If she decides to start collecting at 60, she gets only 71½ per cent of her late husband's primary benefit. If she chooses age 61, she gets 77 per cent.

Of course, if the widow has an unmarried child under 18 or a disabled child who suffered the disability before age 18, she can begin getting survivors' benefits even earlier than age 60.

Social Security has another name for these, however—mothers' benefits. They amount to 75 per cent of her deceased husband's primary benefit. And, unless she has in her care a disabled child who qualifies under the law, the mother's benefits stop when her youngest child reaches 18.

—:—

THEREAFTER she cannot resume collecting Social Security checks until she herself becomes 60 — provided also that she is not married at the time.

A widow aged 60 or older does not lose all survivors' benefits if she remarries. But, again, her payments may drop. Ordinarily entitled to 82 and one-half per cent of her husband's basic benefit if she waits until she is 62 to collect, she will find this percentage cut to 50 if she is remarried.

On the other hand, if she rates more on the basis of her new husband's Social Security record, she will get the higher amount.

When a worker dies, his parents can also collect survivors' benefits. To qualify, a parent has to be at least 62 and must have received at least half of his financial support from the deceased worker.

The payment to one such dependent parent is 82½ per cent of the worker's primary benefit. If there are two surviving parents, each gets 75 per cent.

Occasionally, too, a widower qualifies, but he likewise must be at least 62 and must show that he depended on his late wife for at least half his financial support. The widower gets 82½ per cent of her basic benefit.

Since retirement benefits all go up under the 1967 law, survivors' payments are correspondingly lifted to higher levels.

Gov. Agnew Sets Drive To Draft Rockefeller

WASHINGTON (AP) — Gov. Spiro T. Agnew of Maryland, saying he's responding to a groundswell of public opinion, has launched a drive in his state to draft Nelson A. Rockefeller for the Republican presidential nomination.

Agnew is the first Republican governor to get publicly involved iin a campaign to draft the New York governor.

"The movement, I am sure, will probably catch fire in other states, and I hope it does," Agnew said Tuesday. He added that "at this point it is strictly a Maryland effort."

There was no direct comment from Rockefeller, who maintains he isn't a candidate and doesn't intend to become one.

Rockefeller did tell newsmen he would support Richard M. Nixon if the former vice president won the nomination. But he showed little enthusiasm for the prospect.

After saying he would support Nixon, he added: "I think that, in New York State, that as far as the state is concerned, there isn't the enthusiasm that perhaps there is in other parts of the country for Nixon's candidacy.

The Maryland drive for Rockefeller was the second such development in two days. On Monday, a group of Oregon Republicans launched a campaign to put his name on the state's presidential primary ballot by petition.

In other political developments:

—House Republican Leader Gerald R. Ford said there's more support for Nixon than Rockefeller among Republicans in Congress.

—Romney criticized President Johnson's new program to improve the balance of payments.

—Sen. Mark Hatfield, R-Ore., said racial warfare, if it develops this summer, could equal Vietnam as a presidential campaign issue.

Meanwhile the three major radio-television networks—ABC, CBS and NBC—told the Federal Communiations Commission they rejected a request by Sen. Eugene J. McCarthy, D-Minn., for equal air time to respond to remarks by Johnson because, among other reasons, Johnson isn't officially a candidate for re-election. Thus, they said, the FCC's equal time regulations do not apply.

The President suggested in a three-network interview Dec. 19 that McCarthy, an antiwar candidate for the Democratic nomination, and Sen. Robert F. Kennedy, D-N.Y., were working together politically. Both have denied it.

Ex-Cleveland Officer Elected To Ohio House

CLEVELAND (AP)— Making his first bid for political office, Philip M. DeLaine, a former Cleveland policeman, was elected to the Ohio House of Representatives Tuesday in House District 44 on Cleveland's East Side.

Just over six per cent of the 47,162 registered voters in the district turned out for the special election to fill the House seat vacated by Carl B. Stokes after he was elected mayor of Cleveland last November.

DeLaine, a Democrat, received 2,030 votes to 911 for Republican Paul T. Haggard, a deputy county auditor.

The motor-fatality rate per mile driven on ordinary roads is considerably higher than that on express highways.

ANNOUNCEMENTS

2 IN MEMORIAM

In loving memory of our Dear Husband, father and Grandfather, Jess Monroe who left us 2 years ago today the 9th of Jan. Gone is the face we loved so dear, Silent is the voice we loved to hear, Too far away for sight or speech, But not too far for thoughts to reach. Sweet to remember him who once was here and though absent is just as dear. Missed by his wife Emma, children and grandchildren.

IN loving memory of our beloved and only son, Morris "Sandy" Martin, whom God called to His heavenly home one year ago, Jan. 4, 1967. Peaceful be thy sleep, dear son, It is sweet to breathe thy name; In life we loved you dearly, in death we do the same. Sadly missed by his mother, Mrs. Olivia Hayes, and the Gomez Family.

3 CARD OF THANKS

I wish to thank everyone for their kind expressions of sympathy in the death of WM. H. ROBINSON, the father of my children. Also Doctors J. Keith Rugh and J. Fraser Jackson and the nurses and attendants at City Hospital.

Junior Editors Quiz on COMPOSERS

QUESTION: How do composers make their music?

★ ★ ★

ANSWER: Music probably originated in simple melodies and rhythms such as we find in folk music. As more and more of it was written down in notes, individual composers began to stand out. The greatest composers have been those whose musical writings express a wide range of human feeling—sadness, longing and hope as well as joy and gaiety. There were many composers who wrote music in the accepted style of their times, such as Palestrina, Bach, Mozart and Brahms. Other composers had newer ideas. These men, who changed the course of music, included Hayden. Beethoven, Wagner, and in later times, Stravinsky and Schonberg. Composers write their music in different ways according to their individual temperaments. With the brilliant Mozart, great music seemed to appear without effort. He might write it down while chatting gaily with companions. Beethoven was entirely different. He often got his greatest musical ideas while walking alone in the country, as if he were listening to nature. He would then go to the piano and struggle fiercely to work out in notes what he had heard in his mind. Very modern composers are beginning to work with electronic equipment and even with computers.
